III. GENERAL BID INSTRUCTIONS

This section outlines the information that must be included in your Bid. Vendors should review this list to ensure that their bids include all requested information prior to submission.

Vendors are strongly encouraged to carefully read this entire Invitation For Bids.

Notice is hereby given that the following School Food Authority (SFA): St. Charles Parish Public Schools will receive sealed bids at St. Charles Parish School Board Office, Child Nutrition Department, 13855 River Road, Luling, Louisiana 70070 until **9am on Friday, April 7, 2017** for Cafeteria Janitorial & Paper Supplies.

The Bid Period for Cafeteria Janitorial & Paper Supplies is **July 1, 2017 to June 30, 2018.**

1. All bids are required to be submitted by either certified or registered mail with a return receipt requested or hand-delivered at which time a receipt will be issued. UPS and Federal Express are acceptable. All bids shall be typed and submitted in a sealed envelope clearly labeled on the outside:

CAFETERIA JANITORIAL & PAPER SUPPLIES BIDS, April 7, 2017.

Bids are to be mailed to:

**Office of Child Nutrition
St. Charles Parish School Board
13855 River Road
Luling, LA 70070**

2. Additionally, bids may be submitted on-line at www.centralauctionhouse.com.

3. Bids will be opened and publicly acknowledged at the hour of **9am on Friday, April 7, 2017** in the Office of Child Nutrition, St. Charles Parish Public Schools, 13855 River Road, Luling, Louisiana.

No bid will be accepted after the time of opening under any circumstances whatsoever. It is the responsibility of the bidder to see that the bid is in the Office of Child Nutrition before the time of opening.

4. Detailed specifications are provided on bid forms. The intent of the detailed specifications is to request bids for Cafeteria Janitorial & Paper Supplies that will provide a high quality, cost-effective merchandise that will meet the needs of the Child Nutrition Department and the school district from a vendor that can provide high quality product and support in a timely manner.

5. The bid must be signed and dated by a representative of the vendor's company who is authorized to negotiate contracts.

6. Vendors submitting bids should allow for normal mail or delivery time to ensure timely receipt of their Bid.

7. No negotiations, decisions, or actions shall be executed by the vendor as a result of any discussions with any St. Charles Parish Schools official, employee and/or consultant. Only those

April 5, 2017

Special Meeting of the Board of Directors of
Economical Janitorial & Paper Supplies LLC

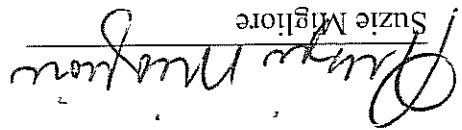

A special meeting of the Board of Directors was called on Wednesday, April 5, 2017 at
the offices of Economical Janitorial & Paper Supplies, LLC located at:

1420 Sams Avenue
Suite F
Harahan, LA 70123

Suzie Migliore was appointed chairperson of the meeting and a waiver of notice and of
the reading of the previous meeting minutes was approved by all present which included
all directors.

The purpose of this meeting was to authorize Suzie Migliore, President of Economical
Janitorial & Paper Supplies, LLC to bid on Sealed Invitation for Bid 2017-2018 Cafeteria
Janitorial and Paper Supplies.

All present voted to authorize the above and being no further business the chairperson
adjourned the meeting.

Suzie Migliore

9. Successful bidders must provide required certificates of insurance within 5 days of bid award.
 8. St. Charles Parish Schools shall not be liable for any pre-contract costs incurred by interested vendors participating in the selection process.
- Also, the Parish will honor only written and signed transactions from vendors.
- transactions provided in written form from St. Charles Parish Schools may be considered binding.

IV. BID TERMS AND CONDITIONS

INVITATION FOR BID FORMAT

Bids must be made in strict accordance with the Invitation For Bid format provided herein.

GENERAL BID TERMS

- This bid is an "All or None" bid. Award shall be made based on entirety to the overall lowest bidder whose quotation conforms to the specifications with consideration given to the quantities of the article, the purpose for which the articles are required, and the time required for delivery.
- St. Charles Parish Public Schools may accept all brands equal to those mentioned only after a sample has been submitted and approved by the Director of Child Nutrition.
- There are no minimum delivery amounts required.
- There are no estimated quantities listed for this product class. Vendor shall submit his bid on all items listed in the Invitation for Bid packet.

- Products under this class shall be delivered in a timely manner as per each individual school order.

- Back orders will not be accepted. Any product not delivered at the specified time will automatically be considered CANCELLED.

- Contract prices will be guaranteed for the bid period specified on the Invitation for Bid packet. In the event additional purchases are needed with an option of an additional bid period extension as agreed upon by both parties for the same unit price.

- SPECIFICATIONS: Failure to state brands, furnish samples, and/or specifications when requested may result in disqualification of non-consideration of such quotation.
- BID UNITS: All bids must be submitted for the requested bid unit. Failure to bid the specific unit requested may cause a bid to be rejected.

- ERRORS: Errors in quoted prices or in preparation of the quotation form will not relieve the vendor. Corrections in quotations must be initialed by the vendor in ink. The use of liquid paper will not be accepted on any quote.

- NET PRICES: Quotation prices, unless otherwise specified, will be assumed to be net, including delivery and handling charges to respective schools fully prepaid by vendor and subject only to cash discount.

- TAX: All quotation shall be submitted exclusive of taxes. A tax exempt certificate can be supplied to the vendor upon request.

AUTHORIZED SIGNATURES

Every bid must be signed by the person or persons legally authorized to bind the Bidder to a contract for the execution of the work. Upon request of St. Charles Parish Public Schools, any agent submitting a bid on behalf of a Bidder shall provide a current power of attorney certifying the agent's authority to bind the Bidder. If an individual makes the bid, his or her name, signature, and post office address must be shown. If a firm or partnership makes the bid, the name and post office address of the firm or partnership and the signature of at least one of the general partners must be shown. If a corporation makes the bid, the bid shall show the name of the state under the laws of which the corporation is chartered, the name and post office address of the corporation and the title of the person signing on behalf of the corporation. Upon request of St. Charles Parish Public Schools, the corporation shall provide a certified copy of the bylaws or resolution of the board of directors showing the authority of the officer signing the bid to execute contracts on behalf of the corporation.

BULLETINS AND ADDENDA

Any bulletins or addenda to the Bid specifications issued during the period between issuance of the IFB and receipt of bids are to be considered covered in the Bid and in awarding a contract they will become a part thereof. Receipt of bulletins or addenda shall be acknowledged by vendors in their bid cover letter.

FALSE OR MISLEADING STATEMENTS

If, in our opinion, a bid contains false or misleading statements or references that do not support a function, attribute, capability, or condition as contended by the vendor, the entire bid shall be rejected.

CLARIFICATION OF BID

We reserve the right to obtain clarification of any point in a vendor's bid or to obtain additional information necessary to properly evaluate a particular bid. Failure of a vendor to respond to such a request for additional information or clarification may result in rejection of the vendor's bid.

RESPONSIVENESS

Bids should respond to all requirements of this IFB to the maximum extent possible. Vendors are asked to clearly identify any limitations or exceptions to the requirements inherent in the proposed system. Alternative approaches will be given consideration, if the approach clearly offers us increased benefits.

REJECTION OF BID

St. Charles Parish Public Schools reserves the right to reject any/or all bids and waive any informalities.

St. Charles Parish Public Schools shall have the option to refuse bids submitted by vendors who

have failed to honor their bid awards. Said vendor may be required to pay the difference if St. Charles Parish Public Schools has to purchase those items at a higher price.

Bids that are not prepared in accordance with these instructions to vendors may be rejected and/or disqualified. If not rejected, St. Charles Parish Public Schools may demand correction of any deficiency and accept the corrected bid upon compliance with these instructions to proposing vendors.

Any one or more of the following causes, among others, may be considered sufficient for the disqualification of and the rejection of any bid:

- 1) Evidence of collusion among Bidders.
- 2) Lack of competency as revealed by financial statements, experience, or other factors.
- 3) Lack of responsibility as shown by past work, judged from the standpoint of workmanship as submitted.
- 4) Default on a previous Contract for failure to perform.
- 5) Any other cause which St. Charles Parish Public Schools may, in its sole discretion, deem appropriate.

BID MODIFICATIONS

Any vendor may modify their bid by written or fax communications up to 2 days prior to the closing time. The written or fax communication should not reveal the bid price as this will not be known until the sealed bid is opened.

NEGOTIATIONS

St. Charles Parish Public Schools reserves the right to negotiate with any and all bidders.

POSTPONEMENT OF DATE FOR RECEIPT AND OPENING OF BIDS

- 1) St. Charles Parish Public Schools reserves the right to postpone the date for receipt and opening of bids and will give written notice of any such postponement to all persons or other legal entities to which solicitation documents have been issued at any time prior to the previously scheduled closing time for receipt and opening of bids.

- 2) Bids will be received only at the place and only until the scheduled closing time for receipt and opening of bids designated in the solicitation. It is the sole responsibility of the Bidder to see that the bid is received at the designated place and by the designated time. Any bid received after the scheduled closing time for receipt and opening of bids will be returned unopened to the Bidder at the Bidder's expense or destroyed if requested in writing.

- 3) At the place and time set for the receipt and opening of bids, each and every bid, except those which have been withdrawn in accordance with this solicitation, received prior to the scheduled closing time for receipt and opening of bids will be publicly opened and the name of the Bidder read aloud, irrespective of any technicalities or informalities in such bids.

ACCEPTANCE OF BIDS

- 1) The contents of the bid of the successful bidder will become, at our option, a contractual

obligation if a contract ensues. Failure of the successful bidder to accept this obligation may result in cancellation of the award.

2) Bids submitted are offers only and the decision to accept or reject is a function of quality, reliability, capability, reputation, and expertise of the proposing vendors. The St. Charles Parish Public Schools reserves the right to terminate the selection process at any time and to reject any or all bids.

3) The St. Charles Parish Public Schools reserves the right to accept the bid that is, in its judgment, the best and most favorable to the interests of the St. Charles Parish Public Schools and to the public; to reject the low price bid; to accept any item of any bid; to reject in whole or in part any and all Bids; and to waive any and all technicalities, irregularities, and informalities in any Bid submitted or in the Invitation for Bid process; provided, however, the waiver of any prior defect or informality shall not be considered a waiver of any future or similar defect or informality. Proposing vendors should not rely upon, or anticipate, such waivers in submitting their Bid.

ACCEPTANCE PERIOD

Unless otherwise specified herein, bids are firm for a period of one hundred twenty (120) days.

CANCELLATION OF SOLICITATION

The St. Charles Parish Public Schools may cancel this solicitation at any time.

COMPLIANCE WITH LAWS

All bids shall comply with current federal, state, and other laws relative thereto.

DEBARMENT AND SUSPENSION

By submission of a response to this solicitation, the respondent certifies that neither it nor any of its principals are presently debarred, suspended, proposed for debarment, or declared ineligible from participation in any transaction by any Federal department or agency.

SPECIAL CIRCUMSTANCES

If a bidder/contractor receives a bid award and the bidder/contractor is unable to meet the delivery requirements, meet service requirements, meet product needs as outlined in this IFB, honor bid price, provide product or service within a reasonable period of time, AND/OR provide product complying with bid specifications, as determined by the SFA, the SFA reserves the right to go to the next lowest bid price of equal quality which meets bid specifications.

If the bid item delivered does not meet specifications or is received in an unsatisfactory condition or is damaged or is in an unusable condition or if service is unsatisfactory, the bidder/contractor must pick up item immediately and replace to each SFA member district's satisfaction at no additional charge or issue full credit.

In the event of a tie bid, Title 34, Chapter 5, Section 529 of the Louisiana Administrative Code shall prevail.

NATURAL DISASTER CLAUSE

Bid prices as approved by the school board are firm and cannot be changed during the contract period. However, in case of unforeseen natural disaster events (hurricanes, tornadoes, and other weather related disasters) prices may be adjusted so that the vendor does not have to incur losses. Vendor must request in writing a price adjustment, which includes documentation of their current costs of their products. The final adjusted prices must be approved by the Director of Child Nutrition.

BUY AMERICAN CLAUSE

The District participates in the National School Lunch Program and School Breakfast Program and is required to use the nonprofit food service funds, to the maximum extent practical, to buy domestic commodities or products for Program meals. A "domestic commodity or product" is defined as one that is either produced in the U.S. or is processed in the U. S. substantially using agricultural commodities that are produced in the U. S. as provided in the NSLP: 7 CFR Part 210.21(d) and the SBP: 7 CFR Part 220.16(d). Definition of Domestic food products are products being grown in America or, in the case of processing or packaging in America, products that contain at least 51 percent of domestic product.

CERTIFICATION REGARDING LOBBYING

CERTIFICATION FOR CONTRACTS, GRANTS, LOANS, AND COOPERATIVE AGREEMENTS EXCEEDING \$100,000 IN FEDERAL FUNDS

The undersigned certifies, to the best of his or her knowledge and belief, that:

- (1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of the Congress, a Member of Congress, an officer or employee of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form - LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.

- (3) The undersigned shall require that the language of this certification be included in the award documents for all subawards (exceeding \$100,000 in Federal funds) at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.
2. Identify the status of the covered Federal action.
3. Identify the appropriate classification of this report. If this is a followup report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.

4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.
5. If the organization filing the report in item 4 checks "Subawardee," then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.
6. Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.

7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.
8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitations for Bid (IFB) number; grant announcement number; contract, grant, or loan award number; application/proposal control number assigned by the Federal agency). Include prefixes, e.g., "RFP-DE-90-001."
9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.
10. (a) Enter the full name, address, city, state and zip code of the lobbying entity engaged by the reporting entity identified in item 4 to influence the covered Federal action. (b) Enter the full names of the individual(s) performing services, and include full address if different from 10(a). Enter Last Name, First Name, and Middle Initial (MI).

11. Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (item 4) to the lobbying entity (item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.
12. Check the appropriate box(es). Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.
13. Check the appropriate box(es). Check all boxes that apply. If other, specify nature.

14. Provide a specific and detailed description of the services that the lobbyist has performed, or will be expected to perform, and the date(s) of any services rendered. Include all preparatory and related activity, not just time spent in actual contact with Federal officials. Identify the Federal official(s) or employee(s) contacted or the officer(s), employee(s), or Member(s) of Congress that were contacted.
15. Check whether or not a SF-LLL-A Continuation Sheet(s) is attached.

16. The certifying official shall sign and date the form, print his/her name, title, and telephone number. *Stacie M. Miller, Director, Office of Management and Budget, 4/5/2017*
Public reporting burden for this collection of information is estimated to average 30 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, DC 20503

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 7 CFR Part 3017, Section 3017, subpart c- Responsibilities of Participants. The regulations were published in the November 26, 2003, Federal Register (pages 66534-66566). Copies of the regulations may be obtained by contacting the Department of Agriculture.

(BEFORE COMPLETING CERTIFICATION, READ ATTACHED INSTRUCTIONS)

- (1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
- (2) Where the prospective lower tier participant is unable to certify any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Organization Name Papa Supplies & Co
 Name and Title of Authorized Representative Suzie Migliore President
 Signature Suzie Migliore
 Date 4/5/2017
 PR/Award Number or Project Name _____

INSTRUCTIONS TO BIDDERS FOR COMPLETING CERTIFICATION FORM

NOTE: Each responsive bidder must include this certification statement with its bid on each contract equaling or exceeding \$25,000 or any contract for audit services regardless of amount.

1. By signing and submitting this form, the prospective lower tier participant is providing the certification set out on the reverse side in accordance with these instructions.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. *The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the U. S. Department of Agriculture regulations 7 CFR 3017 implementing Executive Order 12549. (Contact the person to whom this proposal is submitted for assistance in obtaining a copy of those regulations.)*
5. The prospective lower tier participant agrees by submitting this form that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this form that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction" without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification that a prospective participant in a lower tier covered transaction has not been debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless the participant knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under Paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certificate of Independent Price Determination

Both the school food authority and the Vendor (offeror) shall execute this Certificate of Independent Price

Determination.

Paper supplies and
Janitorial and

Name of Vendor

St. Charles Parish Public Schools
 Name of School Food Authority

(A) By submission of this offer, the offeror certifies and in the case of a joint offer, each party thereto certifies as to its own organization, that in connection with this procurement:

- (1) The prices in this offer have been arrived at independently, without consultation, communication or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other offeror or with any competitor;
- (2) Unless otherwise required by law, the prices which have been quoted in this offer have not been knowingly disclosed by the offeror and will not knowingly be disclosed by the offeror prior to opening in the case of an advertised procurement, or prior to award in the case of a negotiated procurement, directly or indirectly to any other offeror or to any competitor; and
- (3) No attempt has been made or will be made by the offeror to induce any person or firm to submit or not to submit, an offer for the purpose of restricting competition.

(B) Each person signing this offer on behalf of the Vendor certifies that:

- (1) He or she is the person in the offeror's organization responsible within the organization for the decision as to the prices being offered herein and has not participated, and will not participate, in any action contrary to (A)(1) through (A)(3) above; or
- (2) He or she is not the person in the offeror's organization responsible within the organization for the decision as to the prices being offered herein, but that he or she has been authorized in writing to act as agent for the persons responsible for such decision in certifying that such persons have not participated and will not participate, in any action contrary to (A)(1) through (A)(3) above, and as their agent does hereby so certify; and he or she has not participated, and will not participate, in any action contrary to (A)(1) through (A)(3) above.

To be best of my knowledge, this Vendor, its affiliates, subsidiaries, officers, directors and employees are not currently under investigation by any governmental agency and have not in the past three years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to bidding on any public contract, except as follows:

Note: Accepting a bidder's offer does not constitute award of the contract.

NON-COLLUSION STATEMENT

The Antitrust Division of the United States Department of Justice seeks to prevent collusion, expose monopolies, and preserve competition in public purchasing. Collusion occurs when providers of the same goods or services get together and agree to fix or set prices. In procurement, it is the most commonly known as "price-fixing" or "bid-rigging."

Vendors, by submitting this signed bid, certify that the accompanying bid is not the result of, or affected by, any unlawful act of collusion with any other person or company engaged in the same line of business or commerce, or any other fraudulent act punishable under Louisiana or United States law.

We certify that we have not, either directly or indirectly, entered into any agreement or participated in any unlawful act of collusion, no attempt has been made to induce any other person or vendor to submit or not to submit a bid; that this bid has been independently arrived at without collusion with any other bidder, competitor or potential competitor; that this bid has not been knowingly disclosed prior to the opening of bids to any other bidder or competitor; that the above stated statement is accurate under penalty of perjury.

DATE: 4/5/2017

March 30, 2017

To: Vendors

From: St. Charles Parish Public Schools
Office of Child Nutrition Department

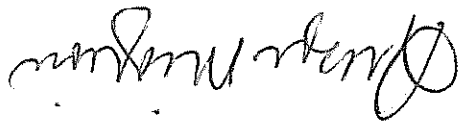

Re: Addendum 2017-2018 (All Bids and Proposal)
Processed Food Products, Frozen Food Products, Bread & Bread Products,
Milk & Milk Products, Cafeteria Janitorial & Paper Supplies, Large Cafeteria Equipment,
Small Cafeteria Equipment and Pizza Program Proposal

Required Contract Provisions from Appendix II of 2 CFR Part 200

1. **Equal Employment Opportunity.** Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor" (Appendix II of 2 CFR Part 200E).

2. The vendor shall comply with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subcontractant must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency (Appendix II of 2 CFR Part 200 (D)).

3. Contracts for more than the simplified acquisition threshold currently set at \$150,000 for the federal threshold, or \$30,000 for the state threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where

Debra M. Mays

- contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate (Appendix II of 2 CFR Part 200(A)).
4. **Termination of Contracts:** All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement (Appendix II of 2 CFR Part 200(B)).
5. **Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—**Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA) (Appendix II of 2 CFR Part 200(G)).
6. **Debarment and Suspension (Executive Orders 12549 and 12689)—**A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549 (Appendix II of 2 CFR Part 200(H)).
7. **Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—**Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award (Appendix II of 2 CFR Part 200(I)).

Required Contract Provisions from 2 CFR Part 200

1. Procurement of recovered materials- A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired by the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines (2 CFR Part 200.322)

Required Contract Provisions from 7 CFR Part 210

1. The vendor shall comply with the Buy American Provision for contracts that involve the purchase of food, USDA Regulation (7 CFR Part 250 and 7 CFR Part 210). The vendor is required to utilize, to the maximum extent practicable, domestic commodities and products.

The District participates in the National School Lunch Program and School Breakfast Program and is required to use the nonprofit food service funds, to the maximum extent practical, to buy domestic commodities or products for Program meals. A "domestic commodity or product" is defined as one that is either produced in the U.S. or is processed in the U.S. substantially using agricultural commodities that are produced in the U.S. as provided in 7 CFR Part 210.21(d).

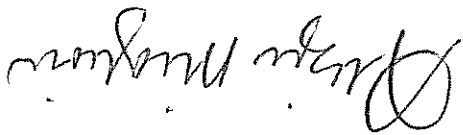

Exceptions to the Buy American provision should be used as a last resort; however, an alternative or exception may be approved upon request. To be considered for the alternative or exception, the request must be submitted in writing to a designated official, a minimum of day 14 days in advance of delivery. The request must include the:

A. Alternative substitute (s) that are domestic and meet the required specifications:

- a. Price of the domestic food alternative substitute (s); and
- b. Availability of the domestic alternative substitute (s) in relation to the quantity ordered.

B. Reason for exception: limited/lack of availability or price (include price):

- c. Price of the domestic food product; and
- d. Price of the non-domestic product that meets the required specification of the domestic product.

Other Contract Provisions

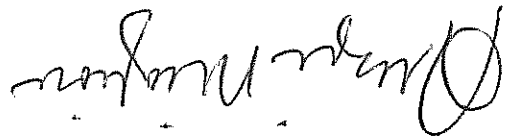

1. The vendor shall comply with the following civil rights laws, as amended: Title VI of the Civil Rights Act of 1964; Title IX of the Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973; the Age Discrimination Act of 1975; Title 7 CFR Parts 15, 15a, and 15b; the Americans with Disabilities Act; and FNS Instruction 113-1, Civil Rights Compliance and Enforcement in School Nutrition Programs.

- Provision requiring contractor to maintain all required records for three years after final payment and all other pending matters (audits) are closed for all negotiated contracts.

Piggybacking Provision

St. Charles Parish Public Schools will allow up to 15 School Food Authority's within in the State of Louisiana to piggyback on all bids and proposals as long as it does not cause a material change per federal code.

- The School Food Authority shall request in writing the items and estimated quantity they intend to purchase.
- St. Charles Parish Public Schools will inform vendor affected by the piggybacking to seek approval
- St. Charles Parish Public Schools will send approval of request to the School Food Authority and maintain records per federal and state code and regulations.

SUSPENSION AND DEBARMENT CERTIFICATION
UNITED STATES DEPARTMENT OF AGRICULTURE (USDA)

Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion -
Lower-Tier Transaction

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, Title 2 CFR Part 200.212 and Appendix II of 2 CFR Part 200). The regulations were published as Part IV of the January 30, 1989, Federal Register (pages 4722-4733). Copies of the regulations may be obtained by contacting the USDA agency with which this transaction originated.

(Before completing certification, read instructions on next page.)

1. The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
2. Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Date

INSTRUCTIONS FOR SUSPENSION DEBARMENT CERTIFICATION

By signing and submitting this form, the prospective lower-tier participant is providing the certification set out on the previous page in accordance with these instructions.

The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower-tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

The prospective lower-tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower-tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

The terms covered transaction, debarred, suspended, ineligible, lower-tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

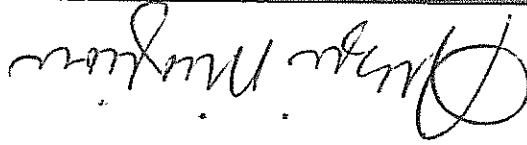

The prospective lower-tier participant agrees by submitting this form that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower-tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

The prospective lower-tier participant further agrees by submitting this form that he or she will include this clause titled Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion - Lower-Tier Covered Transactions, without modification, in all lower-tier covered transactions and in all solicitations for lower-tier covered transactions.

A participant in a covered transaction may rely upon a certification of a prospective participant in a lower-tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principles. Each participant may, but is not required to, check the Nonprocurement List.

Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant are not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower-tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

STANDARDS OF CONDUCT AND CERTIFICATION FOR PROCUREMENT

In accordance with 2 CFR Part 5200.318, the following standards of conduct must be followed by all officers, employees, or agents of the non-Federal entity herein named, (SPONSOR) St. Charles Parish Public Schools that are engaged in the selection, award and administration of contracts:

- No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
- The officers, employees, and agents may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts.
- Disciplinary actions shall be applied for violations of above standards by officers, employees, or agents, up to and including termination from the program
- Officers, employees, and agents shall avoid acquisition of unnecessary or duplicative items. Consideration shall be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.
- To foster greater economy and efficiency, and in accordance with efforts to promote cost-effective use of shared services across the Federal Government, officers, employees, and agents shall make every effort to enter into state and local intergovernmental agreements or inter-entity agreements where appropriate for procurement or use of common or shared goods and services.

- Officers, employees, and agents shall make every effort to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.
- Officers, employees, and agents shall make every effort to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.
- Officers, employees, and agents shall award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources. (See also 5200.212 Suspension and debarment)

- Officers, employees, and agents shall maintain records sufficient to detail the history of procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

- Officers, employees, and agents shall use a time and materials type contract* only after a determination that no other contract is suitable and if the contract includes a ceiling price that the contractor exceeds at its own risk.

*Time and materials type contract means a contract whose cost to a non-Federal entity is the sum of:
 (i) The actual cost of materials; and
 (ii) Direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit. (See 5200.319(j2) for further detail)

Charles M. Mays

- Officers, employees, and agents of St. Charles Jewish Public Schools (Sponsor), shall do the following:

- o Accept full responsibility, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims.
- o Make available, upon request of the Federal awarding agency or pass-through entity, technical specifications on proposed procurements where the Federal awarding agency or pass-through entity believes such review is needed to ensure that the item or service specified is the one being proposed for acquisition, including procurement documents, such as requests for proposals or invitations for bids, or independent cost estimates, in accordance with §200.324

These standards do not relieve the non-Federal entity of any contractual responsibilities under its contracts. The Federal awarding agency will not substitute its judgment for that of the non-Federal entity unless the matter is primarily a Federal concern. Violations of law will be referred to the local, state, or Federal authority having proper jurisdiction.

George Mayhew

PROCUREMENT STANDARDS OF CONDUCT CERTIFICATION STATEMENT

I, Terese Brown (Authorized Representative) for St. Charles Parish Public Schools (Sponsor) hereby certifies the following:

- Officers, employees, and agents shall conduct all procurement transactions in a manner providing full and open competition consistent with the standards of §200.319, (inclusive of written procedures for procurement transactions that:
 - Ensure clear and accurate description of technical requirements for the material, product, or service to be procured
 - Identify all requirements which must be fulfilled by offerors and all factors to be used in the evaluation of bids and proposals
 - Ensure that all all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition
 - Ensure that potential bidders are not precluded from qualifying during the solicitation period

- Officers, employees, and agents shall conduct all procurement transaction, using one of the methods of procurement noted in §200.320 (micro-purchases, small purchase, sealed bids, competitive proposals, non-competitive proposals)
 - *"See §200.320(f) for listing of criteria that must be established in order to utilize non-competitive proposals"*

- Officers, employees, and agents shall take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible, in accordance with §200.321.

- Officers, employees, and agents shall comply with the procurement of recovered materials, as specified in §200.322.

- Officers, employees, and agents shall perform a cost or price analysis in connection with every procurement action in excess of the Simplified Acquisition Threshold, including contract modifications, in accordance with §200.323.

- Officers, employees, and agents shall ensure that the bonding requirements are followed, in accordance with §200.325

- Officers, employees, and agents shall ensure that the all contracts contain the applicable provisions described in Appendix II to Part 200, in accordance with §200.326

- Officers, employees, and agents shall comply with the retention requirements for records, in accordance with §200.333

- Officers, employees, and agents shall provide access to records, in accordance with §200.336

- Officers, employees, and agents shall adhere to the Cost Principles contained in Subpart E §200.403 - §200.475

Pactiv Translucent 2 oz. Cups

Item # PT-YS200

4089 alt

Low-maintenance disposables are great for parties, with minimal clean up. High-quality plastic. Perfect for serving snacks at parties and for sampling in foodservice applications.

Capacity: 2 oz.
Material: OPS - HIPS
Color: Translucent
Sold By: the Case of 2,400

Color: Silver
Material: Aluminum
Size: 9" X 10¾"
Packaged: 500 Sheets Per Box
Sold By: the Case of 6 Boxes

For use in cooking, serving, and freezing. These interfolded aluminum foil sheets come with a self-dispensing box. These foil sheets pop-up to dispense one at a time.

Reynolds® Plain Interfolded Foil Sheets

SAFETY DATA SHEET

1. Identification		Product number	1000010919
Product identifier		EJ-826 HI-TECH OVEN BUSTER GRILL/OVEN	1-15-2016
Revision date		Economical Janitorial & Paper Supplies, Inc.	1420 Sams Ave.
Company information		Harahan, LA 70123 United States	General Assistance 1-800-735-6745
Company phone		1-866-836-8855	1-952-852-4546
Emergency telephone US		US	
Emergency telephone outside		Version #	03
Supersedes date		03-17-2016	CLEANER
Recommended use		None known.	
Recommended restrictions			
2. Hazard(s) identification		Flammable aerosols	Category 1
Physical hazards		Skin corrosion/irritation	Category 1A
Health hazards		Serious eye damage/eye irritation	Category 1
OSHA defined hazards		Not classified.	
Label elements			
Signal word		Danger	
Hazard statement		Extremely flammable aerosol. Causes severe skin burns and eye damage. Causes serious eye damage.	
Precautionary statement		Keep away from heat/sparks/open flames/hot surfaces. - No smoking. Do not spray on an open flame or other ignition source. Pressurized container. Do not pierce or burn, even after use. Wash thoroughly after handling. Wear eye protection/face protection. If swallowed: Rinse mouth. Do NOT induce vomiting. If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. If inhaled: Remove person to fresh air and keep comfortable for breathing. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center/doctor.	
Response		Store locked up. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. Dispose of contents/container in accordance with local/regional/national/international regulations.	
Disposal		None known.	
Hazard(s) not otherwise classified (HNOC)		None.	
Supplemental information			
3. Composition/information on ingredients			
Chemical name	Common name and synonyms	CAS number	%
Diethylene Glycol Monobutyl Ether		112-34-5	2.5 - 10

Product name: 18 OZ HI-TECH GRILL & OVEN CLNR LB 12PK

Product #: 1000010919 Version #: 03 Revision date: 11-15-2016 Issue date: 03-17-2016

*Designates that a specific chemical identity and/or percentage of composition has been withheld as a trade secret.	
4. First-aid measures	
Inhalation	Move to fresh air. Call a physician if symptoms develop or persist.
Skin contact	Take off immediately all contaminated clothing. Rinse skin with water/shower. Call a physician or poison control center immediately. Chemical burns must be treated by a physician. Wash contaminated clothing before reuse.
Eye contact	Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a physician or poison control center immediately.
ingestion	Call a physician or poison control center immediately. Do not induce vomiting. If vomiting occurs, keep head low so that stomach content doesn't get into the lungs.
Most important symptoms/effects, acute and delayed	Burning pain and severe corrosive skin damage. Causes serious eye damage. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Permanent eye damage including blindness could result.
Indication of immediate medical attention and special treatment needed	Provide general supportive measures and treat symptomatically. Chemical burns: Flush with water immediately. While flushing, remove clothes which do not adhere to affected area. Call an ambulance. Continue flushing during transport to hospital. Keep victim under observation. Symptoms may be delayed.
General information	Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.
5. Fire-fighting measures	
Suitable extinguishing media	Not available.
Unsuitable extinguishing media	Do not use water jet as an extinguisher, as this will spread the fire.
Specific hazards arising from the chemical	Contents under pressure. Pressurized container may explode when exposed to heat or flame. During fire, gases hazardous to health may be formed.
Special protective equipment and precautions for firefighters	Firefighters must use standard protective equipment including flame retardant coat, helmet with face shield, gloves, rubber boots, and in enclosed spaces, SCBA.
Fire fighting equipment/instructions	Move containers from fire area if you can do so without risk. Containers should be cooled with water to prevent vapor pressure build up. For massive fire in cargo area, use unmanned hose holder or monitor nozzles, if possible. If not, withdraw and let fire burn out.
Specific methods	Use standard fire fighting procedures and consider the hazards of other involved materials. Move containers from fire area if you can do so without risk. In the event of fire and/or explosion do not breathe fumes.
General fire hazards	Extremely flammable aerosol.
6. Accidental release measures	
Personal precautions, protective equipment and emergency procedures	Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear appropriate protective equipment and clothing during clean-up. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ventilate closed spaces before entering them. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS.
Methods and materials for containment and cleaning up	Refer to attached safety data sheets and/or instructions for use. Stop leak if you can do so without risk. Move the cylinder to a safe and open area if the leak is irreparable. Isolate area until gas has dispersed. Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Keep combustibles (wood, paper, oil, etc.) away from spilled material. Cover with plastic sheet to prevent spreading. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.
Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination. For waste disposal, see section 13 of the SDS.	

7. Handling and storage

Precautions for safe handling

Pressurized container. Do not pierce or burn, even after use. Do not use if spray button is missing or defective. Do not spray on a naked flame or any other incandescent material. Do not smoke while using or until sprayed surface is thoroughly dry. Do not cut, weld, solder, drill, grind, or expose containers to heat, flame, sparks, or other sources of ignition. All equipment used when handling the product must be grounded. Do not re-use empty containers. Do not get in eyes, on skin, or on clothing. Use only in well-ventilated areas. Wear appropriate personal protective equipment. Observe good industrial hygiene practices.

Conditions for safe storage, including any incompatibilities

Level 1 Aerosol.

Store locked up. Pressurized container. Protect from sunlight and do not expose to temperatures exceeding 50°C/122°F. Do not puncture, incinerate or crush. Do not handle or store near an open flame, heat or other sources of ignition. This material can accumulate static charge which may cause spark and become an ignition source. Store away from incompatible materials (see Section 10 of the SDS).

8. Exposure controls/personal protection

Occupational exposure limits

US, OSHA Table Z-1 Limits for Air Contaminants (29 CFR 1910.1000)

Components	Type	Value
Propane (CAS 74-98-6)	PEL	1800 mg/m3
	PEL	1000 ppm
Sodium Hydroxide (CAS 1310-73-2)		

US, ACGIH Threshold Limit Values

Components	Type	Value	Form
Butane (CAS 106-97-8)	STEL	1000 ppm	Inhalable fraction and vapor.
	TWA	10 ppm	
Diethylene Glycol Monobutyl Ether (CAS 112-34-5)			
Sodium Hydroxide (CAS 1310-73-2)			

US, NIOSH: Pocket Guide to Chemical Hazards

Components	Type	Value
Butane (CAS 106-97-8)	TWA	1900 mg/m3
	TWA	800 ppm
Propane (CAS 74-98-6)	TWA	1800 mg/m3
	TWA	1000 ppm
Sodium Hydroxide (CAS 1310-73-2)		

Biological limit values

Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. Eye wash facilities and emergency shower must be available when handling this product.

Individual protection measures, such as personal protective equipment

Eye/face protection

Wear safety glasses with side shields (or goggles) and a face shield.

Skin protection

Wear appropriate chemical resistant gloves. Suitable gloves can be recommended by the glove supplier.

Other

Wear appropriate chemical resistant clothing.

Respiratory protection

If permissible levels are exceeded use NIOSH mechanical filter / organic vapor cartridge or an air-supplied respirator.

Thermal hazards

Wear appropriate thermal protective clothing, when necessary.

General hygiene considerations

When using do not smoke. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

9. Physical and chemical properties

Appearance	Gas.
Physical state	Aerosol.
Form	Not available.
Color	Not available.
Odor	Not available.
Odor threshold	Not available.
pH	Not available.
Melting point/freezing point	Not available.
Initial boiling point and boiling range	238.96 °F (114.98 °C) estimated
Flash point	-156.0 °F (-104.4 °C) PROPELLANT estimated
Evaporation rate	Not available.
Flammability (solid, gas)	Not available.
Upper/lower flammability or explosive limits	Flammability limit - lower 1.9 % estimated
	Flammability limit - upper 9.5 % estimated
	(%)
	Explosive limit - lower (%)
	Explosive limit - upper (%)
Vapor pressure	70 - 90 psig @70F estimated
Vapor density	Not available.
Relative density	Not available.
Solubility(ies)	Not available.
Solubility (water)	Not available.
Partition coefficient (n-octanol/water)	Not available.
Auto-ignition temperature	Not available.
Decomposition temperature	Not available.
Viscosity	Not available.
Other information	Not available.
Explosive properties	Not explosive.
Oxidizing properties	Not oxidizing.
Specific gravity	1.02 estimated

10. Stability and reactivity

Reactivity	The product is stable and non-reactive under normal conditions of use, storage and transport.
Chemical stability	Material is stable under normal conditions.
Possibility of hazardous reactions	Hazardous polymerization does not occur.
Conditions to avoid	Avoid temperatures exceeding the flash point. Contact with incompatible materials.
Incompatible materials	Strong acids.
Hazardous decomposition	No hazardous decomposition products are known.
products	

11. Toxicological information

Information on likely routes of exposure	Inhalation
	May cause irritation to the respiratory system.
	Skin contact
	Causes severe skin burns.
	Eye contact
	Causes serious eye damage.
	Ingestion
	Causes digestive tract burns.

Symptoms related to the physical, chemical and toxicological characteristics
 Information on toxicological effects
 Burning pain and severe corrosive skin damage. Causes serious eye damage. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Permanent eye damage including blindness could result.

Crustacea EC50 Water flea (Ceriodaphnia dubia) 34.59 - 47.13 mg/L, 48 hours

Fish LC50 Fish 45, 96 Hours

* Estimates for product may be based on additional component data not shown.
Persistence and degradability No data is available on the degradability of this product.

Bioaccumulative potential

Partition coefficient n-octanol / water (log Kow)

Butane 2.89

Diethylene Glycol Monobutyl Ether 0.56

Propane 2.36

Mobility in soil

No data available.

Other adverse effects

No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.

13. Disposal considerations

Disposal instructions

Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Contents under pressure. Do not puncture, incinerate or crush. Dispose of contents/container in accordance with local/regional/national/international regulations.

Local disposal regulations

Dispose in accordance with all applicable regulations.

Hazardous waste code

The waste code should be assigned in discussion between the user, the producer and the waste disposal company.

Waste from residues / unused products

Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).

Contaminated packaging

Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal. Do not re-use empty containers.

2. HAZARD IDENTIFICATION

This product is classified under 29CFR 1910.1200(d) and the Canadian Hazardous Products Regulation as follows:.

Hazard Category

Acute toxicity - Oral

Skin corrosion/irritation

Eye Damage / Irritation

Signal Word DANGER

Hazard Statements Causes severe skin burns and eye damage

Harmful if swallowed

Hazard pictograms

Precautionary Statements -	Prevention	Do not breathe mist Wash hands thoroughly after handling Wear protective gloves and eye protection Use with ventilation. Do not eat, drink or smoke when using this product
	Response	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing Immediately call a POISON CENTER or doctor/physician IF SWALLOWED: Rinse with plenty of water Drink 1 or 2 glasses of water Call a POISON CENTER or doctor/physician if you feel unwell IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing
Precautionary Statements -	Storage	None
	Precautionary Statements -	Disposal
Hazards not otherwise classified		None
(HNOC)		

3. COMPOSITION/INFORMATION ON INGREDIENTS

Ingredients are listed according to 29CFR 1910.1200 Appendix D and the Canadian Hazardous Products Regulation

Chemical Name	Synonyms	Trade Secret	CAS-No	Weight %
Quaternary ammonium compounds, benzyl-C12-16-alkyldimethyl, chlorides	-	No	68424-85-1	5 - 10
1-Decanaminium, N,N-dimethyl-N-octyl-, chloride (1:1)	-	No	32426-11-2	1 - 5
Didecyldimethylammonium chloride	-	No	7173-51-5	1 - 5
Ethanol	-	No	64-17-5	1 - 5
1-Octanaminium, N,N-dimethyl-N-octyl-, chloride (1:1)	-	No	5538-94-3	1 - 5

4. FIRST AID MEASURES

First aid measures for different exposure routes

Eye contact	Rinse with plenty of water. Call a physician immediately.
Skin contact	Rinse with plenty of water. Get medical attention if irritation develops and persists.
Ingestion	Rinse mouth. Drink 1 or 2 glasses of water. Do NOT induce vomiting. Get medical attention immediately if symptoms occur.
Inhalation	IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. Call a physician or poison control center immediately.
Most important symptoms/effects, None under normal use conditions.	
acute and delayed	

Indication of immediate medical attention and special treatment needed, if necessary
Notes to Physician
Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Suitable extinguishing media

Dry chemical, CO₂, alcohol-resistant foam or water spray.

Unsuitable Extinguishing Media

None.

Special hazard

None known.

Special protective equipment for

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

fire-fighters

Specific hazards arising from the

chemical

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal precautions Use personal protective equipment. Do not get in eyes, on skin, or on clothing.

Advice for emergency responders Use personal protective equipment as required.

Methods and materials for containment and cleaning up

Methods for containment

Absorb with earth, sand or other non-combustible material and transfer to containers for later disposal.

Methods for cleaning up

Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13).

7. HANDLING AND STORAGE

Precautions for safe handling

Advice on safe handling

Use personal protective equipment as required. Keep container closed when not in use. Never return spills in original containers for re-use. Keep out of the reach of children.

Conditions for safe storage, including any incompatibilities

Storage Conditions

Keep containers tightly closed in a dry, cool and well-ventilated place.

Incompatible products

None known.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

15. REGULATORY INFORMATION

SARA 313
Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

CERCLA
This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs) (see 40 CFR 61)
This product does not contain any substances regulated as hazardous air pollutants (HAPs) under Section 112 of the Clean Air Act Amendments of 1990.

Clean Water Act
This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

California Proposition 65
This product is not subject to warning labeling under California Proposition 65.
Ethanol is only a considered a Proposition 65 developmental hazard when it is ingested as an alcoholic beverage.

International Inventories

United States
All intentionally-added components of this product(s) are listed on the US TSCA Inventory.

Canada
This product is in compliance with CEPA for import by P&G.

Legend
TSCA - United States Toxic Substances Control Act Section 8(b) Inventory
CEPA - Canadian Environmental Protection Act

FIFRA
This chemical is a pesticide product registered by the United States Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets (SDS), and for workplace labels of non-pesticide chemicals. The hazard information required on the pesticide label is reproduced below. The pesticide label also includes other important information, including directions for use.

EPA Registration number: 6836-278-3573
DANGER
Corrosive
Causes irreversible eye damage and skin burns
Harmful if swallowed, inhaled, or absorbed through skin

2. HAZARD IDENTIFICATION

This product is classified under 29CFR 1910.1200(d) and the Canadian Hazardous Products Regulation as follows:
Not Classified.

Hazard Statements

None

Hazard pictograms

None

Precautionary Statements - Prevention

None

Precautionary Statements - Response

None

Precautionary Statements - Storage

None

Precautionary Statements - Disposal

None

Hazards not otherwise classified None (HNOG)

3. COMPOSITION/INFORMATION ON INGREDIENTS
Ingredients are listed according to 29CFR 1910.1200 Appendix D and the Canadian Hazardous Products Regulation

4. FIRST AID MEASURES
First aid measures for different exposure routes

Eye contact Rinse with plenty of water. Get medical attention immediately if irritation persists.
Skin contact Rinse with plenty of water. Get medical attention if irritation develops and persists.
Ingestion Drink 1 or 2 glasses of water. Do NOT induce vomiting. Get medical attention immediately if symptoms occur.
Inhalation Move to fresh air. If symptoms persist, call a physician.
Most important symptoms/effects, acute and delayed None under normal use conditions.
Indication of immediate medical attention and special treatment needed, if necessary Treat symptomatically.
Notes to Physician

5. FIRE-FIGHTING MEASURES

Suitable extinguishing media Dry chemical, CO₂, alcohol-resistant foam or water spray. Dry chemical. Alcohol-resistant foam.
Unsuitable Extinguishing Media None.
Special hazard None known.
Special protective equipment for fire-fighters As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.
Specific hazards arising from the chemical None.

6. ACCIDENTAL RELEASE MEASURES
Personal precautions, protective equipment and emergency procedures

Personal precautions Use personal protective equipment. Do not get in eyes, on skin, or on clothing.
Advice for emergency responders Use personal protective equipment as required.
Environmental precautions Keep out of waterways. Do not discharge product into natural waters without pre-treatment or adequate dilution.

Methods and materials for containment and cleaning up

Methods for containment

Absorb with earth, sand or other non-combustible material and transfer to containers for later disposal. Prevent product from entering drains. Prevent further leakage or spillage if safe to do so.
Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13).

Methods for cleaning up

7. HANDLING AND STORAGE

Precautions for safe handling

Advice on safe handling

Use personal protective equipment as required. Keep container closed when not in use. Never return spills in original containers for re-use. Keep out of the reach of children.

Conditions for safe storage, including any incompatibilities

Storage Conditions
Keep containers tightly closed in a dry, cool and well-ventilated place.

Incompatible products
None known.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control parameters

Exposure Guidelines
No exposure limits noted for ingredient(s).

Exposure controls

Engineering Measures

Distribution, Workplace and Household Settings:
Ensure adequate ventilation

Product Manufacturing Plant (needed at Product-Producing Plant ONLY):
Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction

Personal Protective Equipment

Eye Protection

Distribution, Workplace and Household Settings:
No special protective equipment required

Product Manufacturing Plant (needed at Product-Producing Plant ONLY):
Use appropriate eye protection

Hand Protection

Distribution, Workplace and Household Settings:
No special protective equipment required

Product Manufacturing Plant (needed at Product-Producing Plant ONLY):
Protective gloves

Skin and Body Protection

Distribution, Workplace and Household Settings:
No special protective equipment required

Product Manufacturing Plant (needed at Product-Producing Plant ONLY):

Respiratory Protection
Distribution, Workplace and Household Settings:
Wear suitable protective clothing
No special protective equipment required
Product Manufacturing Plant (needed at Product-Producing Plant ONLY):
In case of insufficient ventilation wear suitable respiratory equipment

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical State @20°C	liquid
Appearance	colorless
Odor	citrus
Odor threshold	No information available
Property	Values
pH value	12.39
Melting/freezing point	No information available
Boiling point/boiling range	100 °C / 212 °F
Flash point	> 93.3 °C / > 200 °F
Evaporation rate	No information available
Flammability (solid, gas)	No information available
Flammability Limits in Air	No information available
Upper flammability limit	No information available
Lower flammability Limit	No information available
Vapor pressure	No information available
Vapor density	No information available
Relative density	1.01
Water solubility	100%
Solubility in other solvents	No information available
Partition coefficient: n-octanol/water	No information available
Autoignition temperature	No information available
Decomposition temperature	No information available
Viscosity of Product	< 10 cps
Oxidizing properties	These substances will accelerate burning when involved in a fire.
VOC Content (%)	Products comply with US state and federal regulations for VOC content in consumer products.

10. STABILITY AND REACTIVITY

Reactivity	None under normal use conditions.
Stability	Stable under normal conditions.
Hazardous polymerization	Hazardous polymerization does not occur.
Hazardous Reactions	None under normal processing.
Conditions to Avoid	None under normal processing.
Materials to avoid	None in particular.
Hazardous Decomposition Products	None under normal use.

11. TOXICOLOGICAL INFORMATION

Product Information
Information on likely routes of exposure
Inhalation
No known effect.

Skin contact
No known effect.
Ingestion
No known effect.
Eye contact
No known effect.

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Acute toxicity
No known effect.
Skin corrosion/irritation
No known effect.
Serious eye damage/eye irritation
No known effect.
Skin sensitization
No known effect.
Respiratory sensitization
No known effect.
Germ cell mutagenicity
No known effect.
Neurological Effects
No known effect.

This product is classified under 29CFR 1910.120(d) and the Canadian Hazardous Products Regulation as follows:.

Hazard Category

Skin corrosion/irritation
Eye Damage / Irritation

Flammable Liquids

Signal Word

DANGER

Hazard Statements

Causes severe skin burns and eye damage
Combustible liquid

Hazard pictograms

Precautionary Statements -	Prevention	Do not breathe mist Wash hands thoroughly after handling Wear protective gloves and eye protection Use with ventilation. Keep away from heat/sparks/open flames/hot surfaces. — No smoking Keep container tightly closed
	Response	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing Immediately call a POISON CENTER or doctor/physician IF SWALLOWED: Rinse mouth. DO NOT induce vomiting. Drink 1 or 2 glasses of water IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing In case of fire: Use water, CO2, dry chemical, or foam for extinction
Precautionary Statements -	Storage	Store in a well-ventilated place. Keep cool
	Disposal	Dispose of contents/container in accordance with local regulation
Hazards not otherwise classified		
None		
(HNO3)		

3. COMPOSITION/INFORMATION ON INGREDIENTS

Ingredients are listed according to 29CFR 1910.1200 Appendix D and the Canadian Hazardous Products Regulation

Chemical Name	Synonyms	Trade Secret	CAS-No	Weight %
2-(2-Butoxyethoxy ethanol) Diethylene glycol monobutyl ether	-	No	112-34-5	10 - 15
2-Hexyloxyethanol	-	No	112-25-4	5 - 10
1-Aminopropan-2-ol	-	No	78-96-6	5 - 10
D-Glucopyranose, oligomeric, decyl octyl glycosides	-	No	68515-73-1	1 - 5

4. FIRST AID MEASURES

First aid measures for different exposure routes

Eye contact	Rinse with plenty of water. Call a physician immediately.
Skin contact	Rinse with plenty of water. Get medical attention if irritation develops and persists.
Ingestion	Drink 1 or 2 glasses of water. Do NOT induce vomiting. Get medical attention immediately if symptoms occur.
Inhalation	IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. Call a physician or poison control center immediately.
Most important symptoms/effects, None under normal use conditions. acute and delayed	
Indication of immediate medical attention and special treatment needed, if necessary	

Notes to Physician
 Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Suitable extinguishing media
 In case of fire: Use water, CO₂, dry chemical, or foam for extinction.

Unsuitable Extinguishing Media
 Do not use a solid water stream as it may scatter and spread fire.

Special hazard
 Fumes may catch fire.

Special protective equipment for fire-fighters
 As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

Specific hazards arising from the chemical
 None.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions
 Use personal protective equipment. Do not get in eyes, on skin, or on clothing.

Advice for emergency responders
 Use personal protective equipment as required.

Methods and materials for containment and cleaning up

Methods for containment
 Absorb with earth, sand or other non-combustible material and transfer to containers for later disposal.

Methods for cleaning up

Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13).

Precautions for safe handling

Advice on safe handling
 Keep away from open flames, hot surfaces and sources of ignition. Use personal protective equipment as required. Keep container closed when not in use. Never return spills in original containers for re-use. Keep out of the reach of children.

Conditions for safe storage, including any incompatibilities

Storage Conditions
 Keep containers tightly closed in a dry, cool and well-ventilated place. Store in a cool/low-temperature, well-ventilated, dry place away from heat and ignition sources.

Incompatible products
 None known.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control parameters

Exposure Guidelines

15. REGULATORY INFORMATION

U.S. Federal Regulations

SARA 313
 Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product contains a chemical or chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372:

Chemical Name	CAS-No	SARA 313 - Threshold Values %
2-(2-Butoxyethoxy ethanol) Diethylene glycol monobutyl ether	112-34-5	1.0
2-Hexyloxyethanol	112-25-4	1.0

CERCLA
 This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs) (see 40 CFR 61)
 This product contains the following substance(s) which are either listed as hazardous air pollutants (HAPs) or VOC's per the Clean Air Act:

Chemical Name	CAS-No	CAA (Clean Air Act) - 1990 Hazardous Air Pollutants
2-(2-Butoxyethoxy ethanol) Diethylene glycol monobutyl ether	112-34-5	X
2-Hexyloxyethanol	112-25-4	X

Clean Water Act
 This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

California Proposition 65
 This product is not subject to warning labeling under California Proposition 65.
 Ethanol is only a considered a Proposition 65 developmental hazard when it is ingested as an alcoholic beverage.

Chemical Name	CAS-No	New Jersey
2-(2-Butoxyethoxy ethanol) Diethylene glycol monobutyl ether	112-34-5	X
2-Hexyloxyethanol	112-25-4	X
1-Aminopropan-2-ol	78-96-6	X

Chemical Name	CAS-No	Massachusetts
1-Aminopropan-2-ol	78-96-6	X

Chemical Name	CAS-No	Pennsylvania
2-(2-Butoxyethoxy ethanol) Diethylene glycol monobutyl ether	112-34-5	X
2-Hexyloxyethanol	112-25-4	X

Ethanol	64-17-5	X

International Inventories

United States
All intentionally-added components of this product(s) are listed on the US TSCA Inventory.

Canada
This product is in compliance with CEPA for import by P&G.

Legend
TSCA - United States Toxic Substances Control Act Section 8(b) Inventory
CEPA - Canadian Environmental Protection Act

FIFRA
This chemical is a pesticide product registered by the United States Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets (SDS), and for workplace labels of non-pesticide chemicals. The hazard information required on the pesticide label is reproduced below. The pesticide label also includes other important information, including directions for use.
EPA Registration number: 3573-96
DANGER
Corrosive
Causes irreversible eye damage and skin burns
HARMFUL IF ABSORBED THROUGH SKIN
Harmful if inhaled

2. HAZARD IDENTIFICATION

This product is classified under 29CFR 1910.1200(d) and the Canadian Hazardous Products Regulation as follows:.

Hazard Category Eye Damage / Irritation

Signal Word WARNING

Hazard Statements Causes eye irritation

Hazard pictograms None

Precautinary Statements - Wash hands thoroughly after handling

Precautinary Statements - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing

If eye irritation persists: Get medical advice/attention
IF SWALLOWED:
Drink 1 or 2 glasses of water

Precautionary Statements - Storage
None

Precautionary Statements - Disposal
None

Hazards not otherwise classified
None

(HNO₃)

3. COMPOSITION/INFORMATION ON INGREDIENTS

Ingredients are listed according to 29CFR 1910.1200 Appendix D and the Canadian Hazardous Products Regulation

Chemical Name	Synonyms	Trade Secret	CAS-No	Weight %
Sulfuric acid, mono-C10-16-alkyl esters, sodium salts	-	No	68585-47-7	10 - 15
Amine oxides, C10-16-alkyldimethyl Poly(oxy-1,2-ethanediyl), alpha-sulfo-omega-hydroxy-, C10-16-alkyl ethers, sodium salts	-	No	70592-80-2	1 - 5
Ethanol	-	No	64-17-5	1 - 5

4. FIRST AID MEASURES

First aid measures for different exposure routes

Eye contact
Rinse with plenty of water. Get medical attention immediately if irritation persists.

Skin contact
Rinse with plenty of water. Get medical attention if irritation develops and persists.

Ingestion
Drink 1 or 2 glasses of water. Do NOT induce vomiting. Get medical attention immediately if symptoms occur.

Inhalation
Move to fresh air. If symptoms persist, call a physician.

Most important symptoms/effects, acute and delayed
None under normal use conditions.

Indication of immediate medical attention and special treatment needed, if necessary

Notes to Physician
Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Suitable extinguishing media
Dry chemical, CO₂, alcohol-resistant foam or water spray.

Unsuitable Extinguishing Media
None.

Special hazard
None known.

Special protective equipment for fire-fighters
As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

Specific hazards arising from the chemical
None.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal precautions Use personal protective equipment. Do not get in eyes, on skin, or on clothing.

Advice for emergency responders Use personal protective equipment as required.

Methods and materials for containment and cleaning up

Methods for containment Absorb with earth, sand or other non-combustible material and transfer to containers for later disposal.

Methods for cleaning up Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13).

7. HANDLING AND STORAGE

Precautions for safe handling

Advice on safe handling Use personal protective equipment as required. Keep container closed when not in use. Never return spills in original containers for re-use. Keep out of the reach of children.

Conditions for safe storage, including any incompatibilities

Storage Conditions Keep containers tightly closed in a dry, cool and well-ventilated place.

Incompatible products None known.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control parameters

Exposure Guidelines

Chemical Name	CAS-No	ACGIH TLV	OSHA PEL	Mexico PEL
Ethanol	64-17-5	STEL: 1000 ppm	TWA: 1000 ppm (vacated) TWA: 1900 ppm (vacated) TWA: 1900 mg/m ³	Mexico: TWA 1000 ppm Mexico: TWA 1900 mg/m ³

Chemical Name	CAS-No	Alberta	Quebec	Ontario TWAEL	British Columbia
Ethanol	64-17-5	TWA: 1000 ppm TWA: 1880 mg/m ³	TWA: 1000 ppm TWA: 1880 mg/m ³	STEL: 1000 ppm	STEL: 1000 ppm

No relevant exposure guidelines for other ingredients

Exposure controls

Engineering Measures

Distribution, Workplace and Household Settings:
Ensure adequate ventilation

Product Manufacturing Plant (needed at Product-Producing Plant ONLY):
Where reasonably practicable this should be achieved by the use of local exhaust

Personal Protective Equipment

Eye Protection

Distribution, Workplace and Household Settings:
No special protective equipment required

Product Manufacturing Plant (needed at Product-Producing Plant ONLY):
Use appropriate eye protection

Hand Protection

Distribution, Workplace and Household Settings:
No special protective equipment required

Product Manufacturing Plant (needed at Product-Producing Plant ONLY):
Protective gloves

Skin and Body Protection

Distribution, Workplace and Household Settings:
No special protective equipment required

Product Manufacturing Plant (needed at Product-Producing Plant ONLY):
Wear suitable protective clothing

Respiratory Protection

Distribution, Workplace and Household Settings:
No special protective equipment required

Product Manufacturing Plant (needed at Product-Producing Plant ONLY):
In case of insufficient ventilation wear suitable respiratory equipment

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical State @20°C	liquid
Appearance	blue
Odor	Scented
Odor threshold	No information available
Property	Values
pH value	8.7 - 9.3
Melting/freezing point	No information available
Boiling point/boiling range	No information available
Flash point	46.1 - 57 °C / 115 - 135 °F
Evaporation rate	No information available
Flammability (solid, gas)	No information available
Flammability Limits in Air	No information available
Upper flammability limit	No information available
Lower flammability limit	No information available
Vapor pressure	No information available
Vapor density	No information available
Relative density	1.00
Water solubility	100%
Solubility in other solvents	No information available
Partition coefficient: n-octanol/water	No information available
Autoignition temperature	No information available
Decomposition temperature	No information available
Viscosity of Product	No information available
VOC Content (%)	Products comply with US state and federal regulations for VOC content in consumer products.

Note

Product is an aqueous solution containing <= 24% alcohol and >50% water

10. STABILITY AND REACTIVITY

Reactivity

None under normal use conditions.

Stability

Stable under normal conditions.

Hazardous polymerization

Hazardous polymerization does not occur.

Hazardous Reactions

None under normal processing.

Conditions to Avoid

None under normal processing.

Materials to avoid

None in particular.

Hazardous Decomposition Products

None under normal use.

(HNOC) None

3. COMPOSITION/INFORMATION ON INGREDIENTS

Ingredients are listed according to 29CFR 1910.1200 Appendix D and the Canadian Hazardous Products Regulation

Hazardous ingredients None.

4. FIRST AID MEASURES

First aid measures for different exposure routes

Eye contact Rinse with plenty of water. Get medical attention immediately if irritation persists.

Skin contact Rinse with plenty of water. Get medical attention if irritation develops and persists.

Ingestion Drink 1 or 2 glasses of water. Do NOT induce vomiting. Get medical attention immediately if symptoms occur.

Inhalation Move to fresh air. If symptoms persist, call a physician.

Most important symptoms/effects, acute and delayed None under normal use conditions.

Indication of immediate medical attention and special treatment needed, if necessary

Notes to Physician

Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Suitable extinguishing media Dry chemical, CO₂, alcohol-resistant foam or water spray. Dry chemical. Alcohol-resistant foam.

Unsuitable Extinguishing Media None.

Special hazard None known.

Special protective equipment for fire-fighters As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

Specific hazards arising from the chemical None.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal precautions Use personal protective equipment. Do not get in eyes, on skin, or on clothing.

Advice for emergency responders Use personal protective equipment as required.

Environmental precautions

Keep out of waterways. Do not discharge product into natural waters without pre-treatment

7. HANDLING AND STORAGE

Methods and materials for containment and cleaning up
Absorb with earth, sand or other non-combustible material and transfer to containers for later disposal. Prevent product from entering drains. Prevent further leakage or spillage if safe to do so.
Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13).

Precautions for safe handling
Use personal protective equipment as required. Keep container closed when not in use. Never return spills in original containers for re-use. Keep out of the reach of children.
Conditions for safe storage, including any incompatibilities
Keep containers tightly closed in a dry, cool and well-ventilated place.

Ensure adequate ventilation
Product Manufacturing Plant (needed at Product-Producing Plant ONLY):
Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction

Personal Protective Equipment
Eye Protection
Distribution, Workplace and Household Settings:
No special protective equipment required
Product Manufacturing Plant (needed at Product-Producing Plant ONLY):
Use appropriate eye protection
Hand Protection
Distribution, Workplace and Household Settings:
No special protective equipment required
Product Manufacturing Plant (needed at Product-Producing Plant ONLY):
Protective gloves
Skin and Body Protection
Distribution, Workplace and Household Settings:
No special protective equipment required

Product Manufacturing Plant (needed at Product-Producing Plant ONLY):
 Wear suitable protective clothing

Distribution, Workplace and Household Settings:
 No special protective equipment required

Product Manufacturing Plant (needed at Product-Producing Plant ONLY):
 In case of insufficient ventilation wear suitable respiratory equipment

13. DISPOSAL CONSIDERATIONS

Waste treatment

Waste from Residues / Unused
Products

Disposal should be in accordance with applicable regional, national and local laws and regulations.

Contaminated packaging

Disposal should be in accordance with applicable regional, national and local laws and regulations.

California Hazardous Waste Codes 331
(non-household setting)

14. TRANSPORT INFORMATION

DOT

Not applicable - diluted product is not intended to be shipped

IMDG

Not applicable - diluted product is not intended to be shipped

IATA

Not applicable - diluted product is not intended to be shipped

15. REGULATORY INFORMATION

U.S. Federal Regulations

SARA 313
Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs) (see 40 CFR 61)
This product does not contain any substances regulated as hazardous air pollutants (HAPs) under Section 112 of the Clean Air Act Amendments of 1990.

Clean Water Act

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

California Proposition 65

This product is not subject to warning labeling under California Proposition 65.

U.S. State Regulations (RTK)

This product does not contain any substances regulated by state right-to-know regulations

International Inventories

United States
All intentionally-added components of this product(s) are listed on the US TSCA Inventory.

Canada
This product is in compliance with CEPA for import by P&G.

Legend

TSCA - United States Toxic Substances Control Act Section 8(b) Inventory
CEPA - Canadian Environmental Protection Act

Disclaimer
The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text

Item # 5093

DCT Bio-Drain XL Natural Drain Cleaner

Diversified Chemical Technologies, Inc.

SAFETY DATA SHEET

Preparation Date: Apr 21, 2015
Supersedes Date: Sep 14, 2012

Version Number: 01

SECTION 1 PRODUCT AND COMPANY IDENTIFICATION

PRODUCT IDENTIFIER
Product Name DCT Bio-Drain XL Natural Drain Cleaner
Product Form Liquid Ready-to-Use
Product ID Number DCT130790
PGP Number 9-56

RECOMMENDED USE AND RESTRICTIONS ON USE

Bio-active drain maintenance solution

COMPANY IDENTIFICATION

Supplier Diversified Chemical Technologies, Inc.
15477 Woodrow Wilson, Detroit, MI 48238
(313) 867-5444

EMERGENCY TELEPHONE NUMBER

24 Hour Emergency Phone Number (Health & Safety; Transportation) CHEMTREC - (800) 424-9300

SECTION 2 HAZARDS IDENTIFICATION

GHS CLASSIFICATION

Product has not been tested as a whole to determine its GHS classification. Hazard categories are based on individual ingredient hazard categories. Refer Section 16 for additional GHS Phrases.

Health Hazard Class	
Serious Eye Damage/Eye Irritation	2
Skin Corrosion/Irritation	2

GHS LABEL ELEMENTS

GHS Signal Word
WARNING

GHS Hazard Phrases

Causes skin irritation.

Causes serious eye irritation.

GHS Precaution Phrases

Wash hands thoroughly after handling.

Wear protective gloves/protective clothing/eye protection/face protection.

GHS Response Phrases

IF ON SKIN: Wash with plenty of soap and water.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If skin irritation occurs, get medical advice/attention.

If eye irritation persists, get medical advice/attention.

Take off contaminated clothing and wash before re-use.

GHS Storage and Disposal Phrases

None

POTENTIAL HEALTH EFFECTS (Acute and Chronic)

Chronic: Prolonged or repeated exposure can cause drying, defatting and dermatitis.
Acute- Inhalation (headache, dizziness).
Excessive intentional inhalation may cause respiratory tract irritation and central nervous system effects.
Acute-Skin Contact May cause irritation.
Acute-Eye Contact Causes irritation, redness and tearing.
Acute-Ingestion May cause stomach distress, nausea or vomiting.

SECTION 3 COMPOSITION / INFORMATION ON INGREDIENTS

CAS Number	Ingredients*	Percentage Range
25155-30-0	Sodium dodecylbenzene sulfonate	5 – 15

*Identity of other chemicals and/or exact percentage (concentration) has been withheld as a trade secret.

SECTION 4 FIRST AID MEASURES

IN CASE OF INHALATION

Remove from exposure and move to fresh air immediately. If breathing is difficult, give oxygen. Get medical aid. Do not use mouth-to-mouth resuscitation if victim ingested or inhaled the substance; induce artificial respiration with the aid of a pocket mask equipped with a one-way valve or other proper respiratory medical device.

IN CASE OF SKIN CONTACT

Flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Get medical aid if irritation develops or persists. Wash clothing before reuse.

IN CASE OF EYE CONTACT

Flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Assure adequate flushing by separating the eyelids with fingers. Get medical aid.

IN CASE OF INGESTION

Do NOT induce vomiting. If victim is conscious and alert, rinse mouth and drink 2-4 cupfuls of milk or water. Never give anything by mouth to an unconscious person. If swallowed, wash out mouth with water provided person is conscious. Get medical aid.

SIGNS AND SYMPTOMS OF EXPOSURE

The chemical, physical, and toxicological properties of the product are not investigated. To the best of our knowledge, based on ingredients, the most important known symptoms and effects are described in section 2.

NOTE TO PHYSICIAN

Treat symptomatically and supportively. It is advisable not to induce vomiting due to the risk of aspiration and it is not usually necessary unless a large amount has been ingested or it has been contaminated with another product.

SECTION 5 FIRE FIGHTING MEASURES

Flash Point	N/A
Flash Point Method	PMCC
Explosive Limits	LEL: N/D UEL: N/D
Auto Ignition Point	N/D

SUITABLE EXTINGUISHING MEDIA

Use dry sand or earth to smother fire. Use extinguishing media appropriate to surrounding fire conditions. For small (incipient) fires, use media such as "alcohol" foam, dry chemical, or carbon dioxide. For large fires, apply water from as far as possible. Use very large quantities (flooding) of water applied as a mist or spray; solid streams of water may be ineffective. Cool all affected containers with flooding quantities of water.

FIRE FIGHTING INSTRUCTIONS

As in any fire, wear a self-contained breathing apparatus in pressure-demand, MSHA/NIOSH (approved or equivalent), and full protective gear. During a fire, irritating and highly toxic gases may be generated by thermal decomposition or combustion. Wear appropriate protective clothing to prevent contact with skin and eyes. Use water with caution and in flooding amounts. Contact with moisture or water may generate sufficient heat to ignite nearby combustible materials. Vapors may be heavier than air. They can spread along the ground and collect in low or confined areas. Containers may explode when heated.

FLAMMABLE PROPERTIES AND HAZARDS No data available.

SECTION 6 ACCIDENTAL RELEASE MEASURES

NOTIFICATION PROCEDURES

In the event of a spill or accidental release, notify relevant authorities in accordance with all applicable regulations.
National Response Center (24-HR Reporting): (800) 424-8802.

SAFETY PRECAUTIONS

Use personal protective equipment. Avoid breathing vapors, mist or gas. Ensure adequate ventilation. Vapors can accumulate in low areas. For industrial use only. Keep out of reach of children.

CONTAINMENT AND CLEANUP

Avoid runoff into storm sewers and ditches which lead to waterways. Clean up spills immediately, observing precautions. Absorb spill with inert material and place in closed containers for disposal. Ventilate area and wash spill site after material pickup is complete.

SECTION 7 HANDLING AND STORAGE

PRECAUTIONS TO BE TAKEN IN HANDLING

Wash thoroughly after handling. Do not breathe dust, mist, or vapor. Do not get in eyes, on skin, or on clothing. Keep container tightly closed. Do not ingest or inhale. Use with adequate ventilation. Unvented containers may develop pressure – use with caution.

PRECAUTIONS TO BE TAKEN IN STORAGE

Keep container closed when not in use. Store in a tightly closed container. Store in a cool, dry, well-ventilated area away from incompatible substances. Protect from freeze and high temperatures (>140 °F). Keep away from sparks, heat and flame.

SECTION 8 EXPOSURE CONTROLS / PERSONAL PROTECTION

ENGINEERING CONTROLS

The level of ventilation necessary will vary depending upon potential exposure conditions. Adequate ventilation should be provided so that exposure limits are not exceeded. If heavy misting is present, local exhaust ventilation should be considered in addition to general mechanical ventilation.

WORK/HYGIENIC/MAINTENANCE PRACTICES

Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing separate from home laundry and protective equipment to remove contaminants. Discard contaminated clothing and footwear that cannot be cleaned. Practice good housekeeping. Do not store work clothing and protective equipment in the same locker as personal clothing.

PERSONAL PROTECTIVE EQUIPMENT

Personal protective equipment selections vary based on potential exposure conditions such as applications, handling practices, concentration and ventilation. Information on the selection of protective equipment for use with this material, as provided below, is based upon intended, normal use.

SAFETY DATA SHEET

Respiratory Protection None required under normal intended conditions of product use. However, if vapors or mists are present and if engineering controls do not maintain airborne contaminant concentrations at a level which is adequate to protect worker health, a NIOSH/MSHA approved respirator may be appropriate.

Hand Protection Wear appropriate protective gloves to prevent skin exposure. Glove suitability and breakthrough time will differ depending on the specific use conditions. Contact the glove manufacturer for specific advice on glove selection and breakthrough times for your use conditions. Inspect and replace worn or damaged gloves. The types of gloves to be considered for this material include: Nitrile/Latex.

Eye Protection Safety glasses are recommended. If splashing is likely, safety goggles or safety glasses with splash shield are recommended. Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 29 CFR 1910.133 or European Standard EN166.

Skin and Body Protection The types of clothing to be considered for this material include: Long-sleeved shirt and pants, at a minimum. If prolonged or repeated contact is likely, chemical-resistant clothing is recommended.

OTHER PROTECTIVE EQUIPMENT Provide suitable facilities for quick drenching or flushing of the eyes and body in case of contact or splash.

SECTION 9 PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Dark Green	Specific Gravity (water = 1)	N/A
Physical State	Liquid	Vapor Pressure	N/D
Odor	None	Density (calculated), lb/gal	N/A/V
pH	N/A	Evaporation Rate (water = 1)	N/D
Melting Point	N/A	Volatile Organic Compounds (%)	N/D
Boiling Point	213.80 °F	Solubility in Water	N/A

SECTION 10 STABILITY / REACTIVITY

Chemical Stability *Unstable* [] *Stable* [X]
Conditions to Avoid Do not mix with other chemicals. Strong acids or bases may inactivate bacterial mixture.
Reactivity / Incompatibility Acids, strong oxidizing agents, caustics
Hazardous Decomposition Material does not decompose at ambient temperature. Thermal decomposition can produce a variety of compounds, the nature of which will largely depend on the conditions bringing about decomposition. Incomplete combustion or thermal decomposition may be expected to generate such materials as: particulate matter and unburned, hydrocarbons; oxides of carbon, sulfur, and other unidentified organic and inorganic compounds.
Hazardous Reactions *Will occur* [] *Will not occur* [X]

SECTION 11 TOXICOLOGICAL INFORMATION

CARCINOGENICITY Product is not tested for carcinogenicity. No components of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen, except as identified below;
IARC: Not Listed
ACGIH: Not Listed
NTP: Not Listed

PRODUCT TOXICOLOGICAL DATA

Product is not tested for classification under the following categories:

LD50 (Oral), LC50 (Inhalation), Dermal Toxicity (Skin), Skin Corrosion/Irritation, Serious Eye Damage/Irritation, Respiratory/ Skin Sensitization, Germ Cell Mutagenicity, Reproductive Toxicity, STOT-single exposure, STOR-repeated exposure, Aspiration Hazard

Product Name: DCT Bio-Drain XL Natural Drain Cleaner

Issue Date: Apr 21, 2015

INGREDIENT TOXICOLOGICAL DATA

No ingredients present at levels greater than or equal to 0.1% trigger the hazard rating or classify under the following categories, unless indicated below:

LD50 (Oral), LC50 (Inhalation), Dermal Toxicity (Skin), Skin Corrosion/Irritation, Serious Eye Damage/Irritation, Respiratory/ Skin Sensitization, Germ Cell Mutagenicity, Carcinogenicity, Reproductive Toxicity, STOT-single exposure, STOR-repeated exposure, Aspiration Hazard

SECTION 12
ECOLOGICAL INFORMATION

General Ecological Information	N/A.	Persistence and Degradability	N/A.
Bioaccumulative Potential	N/A.	Mobility in Soil	N/A.

SECTION 13 DISPOSAL CONSIDERATIONS

Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. US EPA guidelines for the classification determination are listed in 40 CFR Parts 261. Additionally, waste generators must consult state and local hazardous waste regulations to ensure complete and accurate classification.

Contact a licensed professional waste disposal service to dispose of this material. Preferred method of disposal is to dissolve or mix the material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber. Observe all federal, state, and local environmental regulations.

Contaminated Packaging
Dispose of as unused product.

Empty Containers
Clean empty containers of any residue per 40CFR261.7 guidelines and either recycle containers or dispose of in normal trash.

SECTION 14
TRANSPORT INFORMATION

Proper Shipping Name	Hazard Class	ID Number	Packaging Group
N/A	N/A	N/A	N/A
LAND (US DOT)			
MARINE (IMDG)			
AIR (IATA)			

Additional Information
DOT Quantity Limitation: N/A
DOT Label for Limited Quantities: N/A

SECTION 15 REGULATORY INFORMATION

EPA SARA (SUPERFUND AMENDMENTS AND REAUTHORIZATION ACT OF 1986) LISTS [302 (EHS) TPQ, 304 CERCLA RC, 304 EHS RC, 313 (TRI)]

None of the ingredients above 1% concentration and 0.1% for carcinogens are identified in the lists, except: 25155-30-0; Sodium dodecylbenzene sulfonate – 304 (RC); 1000 lb

SARA TITLE III SECTION 311/312 CATEGORIZATION (40 CFR 370)	Yes	No
Acute (immediate) Health Hazard	X	
Chronic (delayed) Health Hazard		X
Fire Hazard		X
Sudden Release of Pressure Hazard		X
Reactive Hazard		X

SAFETY DATA SHEET

STATE AND OTHER US EPA REGULATIONS

California Prop. 65 - N/A

WHMIS CLASSIFICATION (1988) D2B (stylized T)

This product has been classified in accordance with hazard criteria of the Controlled Products Regulations and the MSDS contains all the information required by the Controlled Products Regulations.

NATIONAL INVENTORIES

TSCA	Yes	AICS	N/D
CAA HAP, ODC	No	IECSC	N/D
CWA NPDES	No	EINECS	N/D
CEPA (DSL/NDSL)	Yes	ENCS	N/D
KECI	N/D	PICCS	N/D

ADDITIONAL GHS PHRASES

GHS phrases provided below are in addition to the phrases available in Section 2. GHS phrases are identified in accordance with GHS regulations and are triggered for each hazard category.

Specific treatment see ... on this label.

NFPA RATING	Health (Blue): 2	Flammability (Red): 0	Reactivity (Yellow): 0	Specific Hazard(s) (White): None
HMIS RATING	Health (Blue): 2	Flammability (Red): 0	Reactivity (Yellow): 0	Personal Protective Equipment: A or B

THIS SAFETY DATA SHEET CONTAINS THE FOLLOWING REVISIONS

EU format MSDS to GHS format SDS; Ingredient/percentage

USER RESPONSIBILITY

It is the user's responsibility to determine the suitability and adopt precautions as may be advisable for the protection of property and persons against any hazards that may be involved in the handling and use of this product.

PREPARED BY

Corporate Environment/Health and Safety Department of Diversified Chemical Technologies, Inc. and Subsidiaries
