Founded in 1979, Baden Sports (pronounced BAH-den) is a 3rd generation family-owned sporting goods company located in Renton, WA, just 10 miles southeast of Seattle.

THE HISTORY

Passionate sports players and fans, founder E.C. Schindler and his son, Michael Schindler, were unsatisfied with the quality of balls available on the market; players deserved a better experience. By learning every detail about how a ball is made and through rigorous testing, they started producing sports balls that were like nothing the market had seen; balls of high quality and great value.

PASSION FOR A BETTER GAME

With innovation as its driving factor, Baden asked, “How do we make the game better for the player?” Baden’s first major innovation in sports was creating the women’s sized basketball, becoming the first athletic ball manufacturer to produce the women’s ball, adopted by the NCAA in 1984. Since this achievement, Baden has innovated countless technologies for basketball, volleyball, soccer, football, baseball, and softball, including Axe baseball and softball bats, a line of ergonomic bats, which are changing the face of the game.

That same question and approach is how Baden views the start of any new product. Baden doesn’t create “me too” products, but carefully analyzes each component of a ball or sports accessory, looking to optimize it for as close to perfect a user experience as possible for the player.

WHAT WE STAND FOR

Baden’s goal is to give our customers an authentic experience, whether they are using one of our products in play, or interacting with one of our team members directly. Baden’s vision statement, mission statement, and core values represent what Baden stands for and what is central to everything we do.

VISION

The sporting goods brand most trusted for world class quality and innovation.

MISSION

To anticipate and satisfy what our customers want and to respond with speed, quality, innovation, and authenticity.

PERFECTION

You can only achieve Perfection by designing for athletes, using the best raw materials and paying attention to every detail. We're proud to have the Elite Game Basketball as part of our Perfection Series.

MAXIMUM PLAYABILITY

The advanced microfiber cover has the perfect balance of tack and softness for maximum playability. It doesn't absorb moisture so you can maintain your grip on the ball.

TRUER BOUNCE

Cushion Control Technology creates a layer of cushioning that gives Baden basketballs a softer feel, a truer bounce, and a longer life.

CONSISTENT FEEL

Our unique symmetrical panel construction spaces out the panels so you'll get a more even feel anywhere on the ball and a more consistent bounce.

PERFECTION

It doesn't get better than perfect. The Perfection Leather Volleyball is our top-of-the-line volleyball. Designed from the inside out with the athlete in mind, we've refined every detail to create a ball worthy of being the Official Court Volleyball of the AVCA.

HAND-PICKED LEATHER

Top-grade, full-grain leather creates a more durable cover while our innovative leather tanning process softens the leather to reduce sting.

REINFORCED STRENGTH

We use the lightest bladder possible, providing optimum weight and performance with a blended cotton wrap ensuring maximum shape retention.

CONSISTENT FEEL

Hit any part of the Perfection and you're guaranteed the same, soft feel every time. By minimizing and softening the valve system, it's completely undetectable during play.

PERFECTION

We believe the balls we produce are tools that allow athletes to play their best. We pay attention to every detail that goes into making a ball, from the inside out.

PERFECT TOUCH

The Perfection Thermo has an ultra cushioned and textured cover providing superior touch control for striking, dribbling and passing, and giving the ball the truest flight through the air.

DURABILITY THAT DOMINATES

Say goodbye to tearing seams, ragged covers and balls going out-of-round. The seamless thermal bonded construction ensures a highly durable ball with long-lasting shape and air retention.

WEATHERPROOF

A seamless thermal bonded surface repels water and mud to create consistency in any weather condition.
