1.2 **REQUIRED BID SUBMITTALS:** The section titled **BID PROPOSAL FORM** and the following supplemental information must be submitted within the time frames specified below.

a. **Special Provisions**, Paragraph 5.2, requires descriptive literature to be provided with the bid if an item is offered as an equal to the brand name specified.

2. PERIOD OF CONTRACT:

2.1 The period of this contract shall be from date of award through the end of school fiscal year, June 30, 2018.

3. PRICES AND PRICE ADJUSTMENT:

3.1 All prices/discounts shall be F.O.B. Destination, LPSS warehouse or LPSS school, center or agency, and shall include all charges that may be imposed in fulfilling the terms of this contract. Prices/discounts shall remain firm for the duration of the contract. Discounts for prompt payment will not be considered in the evaluation of the Bids.

3.2 Whenever there is a reduction in price which is lower than the contract price, offered to similarly situated customers contracting for the same period and under the same terms and conditions, said reduction must be presented directly to the Purchasing Department of the Lafayette Parish School System.

Prices may not exceed the national advertised and available General Services Administration (GSA) governmental price list.

The Lafayette Parish School System does not intend to award or to maintain any item in any group that is offered at a price equal or above the manufacturer's list price.

- 3.3 Each bidder shall be responsible for including all applicable taxes in the bid price. LPSS is exempt from all State and local sales and use taxes.

4. QUANTITIES:

- 4.1 The quantities specified on the Bid form are estimates only, for the information of the bidders. They do not indicate the actual quantity that will be ordered, since such volume will depend upon requirements that develop during the contract period. The selected bidder(s) will be required to fill all orders placed regardless of the original quantities shown.

5. SPECIFICATIONS AND LITERATURE:

- 5.1 Brand name(s) and/or catalog number(s) are given for purposes of identification and to denote the standard of quality desired, and do not, in any way, restrict bidders to a specific make and manufacturer. **If there is any deviation in the pack, source, quality, etc., of an item bid from that prescribed in the specification, the appropriate line in the specifications is to be ruled out and the substitution clearly indicated on the Alternate Bid Items Form.**
- 5.2 Each bidder is required to furnish, with his bid, catalog cuts and/or descriptive literature properly labeled with the Invitation for Bid number, bid item number and bidder's name, with full illustrations and detailed specifications for each item offered "as equal" to the brand name specified. In addition, all differences in specifications from brand name must be so marked. Descriptive literature is required for the purpose of bid evaluation and award, details of the product(s) the bidder proposes to furnish as to design, materials, method of manufacture, construction, assembly or operation, as appropriate. **FAILURE TO SUBMIT THE DESCRIPTIVE LITERATURE SHALL BE CAUSE FOR REJECTION OF THAT ITEM.**
- 5.3 Unless specifically called for in the Specifications, all products for purchases must be new, never previously used, and the current model or packaging. No remanufactured, demonstrated, used or irregular product will be considered for purchase unless otherwise specified in the bid solicitation. The manufacturer's standard warranty will apply unless otherwise specified in the solicitation.

6. QUOTATION LIMITATION:

- 6.1 For each individual item for which bidder submits a bid, bidder shall offer only a unit cost for one item. Prices are to be bid in the unit of measure requested (per roll, per reel, per carton, etc.) No alternatives will be accepted, unless requested by the LPSS. If an "or approved equal" item is to be bid, the bidder must select the brand and model that meets or exceeds the specified item and submit his bid for that item. A discount price offered for a quantity purchase of the same

manufacturer and model would not be considered a limitation; however, only the unit price requested will be considered in award.

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 13 CFR Part 145. The regulations were published as Part VII of the May 26, 1988 Federal Register (pages 19160-19211).

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. 7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transactions," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the ineligibility of its principals. Each participant may, but is not required to, check the non-procurement List.
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
