Covid 19 Global Pandemic, when health care systems experienced an increase in needed employees across all disciplines. During this time, base-loaded Employee Health staff was re-deployed to a Covid Call Center. Initially, OEC (Ochsner

Employer Connect) staff provided Employee Health services until a new team could be staffed. Initial training was completed on the existing work process to transition Employee Health Services to OEC, however over the course of this time, continuous improvement opportunities were identified for the Employee Health service line that improved compliance and work processes to minimize clinical error rates, increase workflow efficiencies, and increased the team's ability to process higher onboarding volumes across the Ochsner Health System.

- Initially, OEC staff established an Employee Health clinic utilizing the closed Occupational Health clinic in the Hancock Whitney Building
- Secondly, Employee Health services were relocated from the Hancock Whitney Building and established in satellite OH clinics (Mid-City, Metairie, Westbank, Covington, and Houma)
- Finally, Employee Health services were relocated from satellite OH clinics to Ochsner Elmwood Building B
- Managed all Employee Health clinic setups, transitions, moves, and day-to-day operations and staff

### **Manager of Clinic Operations, Ochsner Occupational Health Elmwood (October 2021 - Current)**

In addition to Manager of Occupational Health responsibilities, serve as Manager of Clinic Operations, for Ochsner Occupational Health Elmwood clinic. This clinic is a fast-paced environment providing Occupational Health services, including pre-employment physicals, pre-employment and post-accident drug testing, injury treatment, and Workers Compensation case management.

- Clinic supported by 12 staff (3 Providers, 1 Manager, 8 OH Team Members)
- October 2021, assumed Manager responsibilities of Metairie OH clinic, Metairie OH clinic relocated to Elmwood in March 2022
- Ability to perform and mentor all Occupational Health clinical work processes and clinical positions
- Licensed Radiologic Technologist (since 1993) - ARRT, LSRT
- Certified DOT Breath Alcohol Tech & Trainer
- Certified DOT Drug Screen Collector & Trainer

Elmwood Industrial Medicine Center

2006 - 2018

### **Office Manager, Radiologic Technologist - ARRT - LSRT**

Oversaw daily medical office operations managing a staff up to 10 employees.

Responsibilities included Administrative, Accounts Payable, Payroll, Recruitment and Training of Personnel, Human Resource Duties, Policies & Procedures, and Quarterly Tax preparation and submittals.
