## NON-COLLUSION STATEMENT

The Antitrust Division of the United States Department of Justice seeks to prevent collusion, expose monopolies, and preserve competition in public purchasing. Collusion occurs when providers of the same goods or services get together and agree to fix or set prices. In procurement, it is the most commonly known as "price-fixing" or "bid-rigging."

Vendors, by submitting this signed bid, certify that the accompanying bid is not the result of, or affected by, any unlawful act of collusion with any other person or company engaged in the same line of business or commerce, or any other fraudulent act punishable under Louisiana or United States law.

We certify that we have not, either directly or indirectly, entered into any agreement or participated in any unlawful act of collusion, no attempt has been made to induce any other person or vendor to submit or not to submit a bid; that this bid has been independently arrived at without collusion with any other bidder, competitor or potential competitor; that this bid has not been knowingly disclosed prior to the opening of bids to any other bidder or competitor; that the above stated statement is accurate under penalty of perjury.
