**Public Works Bid**

**AFFIDAVIT**

STATE OF Alabama

PARISH/COUNTY OF Shelby

BEFORE ME, the undersigned authority, personally came and appeared: Blake Struthers  
\_\_\_\_\_, (Affiant) who after being by me duly sworn, deposed and said that  
he/she is the fully authorized Construction Manager of Struthers Recreation (Entity),  
the party who submitted a bid in response to Bid Number 50-0014702, to the Parish of  
Jefferson.

Affiant further said:

Campaign Contribution Disclosures

**(Choose A or B, if option A is indicated please include the required attachment):**

**Choice A** \_\_\_\_\_ Attached hereto is a list of all campaign contributions, including the date and amount of each contribution, made to current or former elected officials of the Parish of Jefferson by Entity, Affiant, and/or officers, directors and owners, including employees, owning 25% or more of the Entity during the two-year period immediately preceding the date of this affidavit or the current term of the elected official, whichever is greater. Further, Entity, Affiant, and/or Entity Owners have not made any contributions to or in support of current or former members of the Jefferson Parish Council or the Jefferson Parish President through or in the name of another person or legal entity, either directly or indirectly.

**Choice B** ✓ there are **NO** campaign contributions made which would require disclosure under Choice A of this section.

Affiant further said:

Debt Disclosures

**(Choose A or B, if option A is indicated please include the required attachment):**

**Choice A** \_\_\_\_\_ Attached hereto is a list of all debts owed by the affiant to any elected or appointed official of the Parish of Jefferson, and any and all debts owed by any elected or appointed official of the parish to the Affiant.

**Choice B** ✓ \_\_\_\_\_ There are **NO** debts which would require disclosure under Choice A of this section.

Affiant further said:

That Affiant has employed no person, corporation, firm, association, or other organization, either directly or indirectly, to secure the public contract under which he received payment, other than persons regularly employed by the Affiant whose services in connection with the construction, alteration or demolition of the public building or project or in securing the public contract were in the regular course of their duties for Affiant; and

That no part of the contract price received by Affiant was paid or will be paid to any person, corporation, firm, association, or other organization for soliciting the contract, other than the payment of their normal compensation to persons regularly employed by the Affiant whose services in connection with the construction, alteration or demolition of the public building or project were in the regular course of their duties for Affiant.

Affiant further said:

Affiant personally has not been convicted of, nor has he/she entered into a plea of guilty or nolo contendere to any of the crimes or equivalent federal crimes listed below. No individual partner, incorporator, director, manager, officer, organizer, or member, who has a minimum of a ten percent ownership in the Bidding Entity, has been convicted of, or has entered a plea of guilty or nolo contendere to any of the crimes or equivalent federal crimes listed below. A conviction of or plea of guilty or nolo contendere to the following state crimes or equivalent federal crimes shall permanently bar any person or the bidding entity from bidding on public projects:

- (a) Public bribery (R.S. 14:118)
- (b) Corrupt influencing (R.S. 14:120)
- (c) Extortion (R.S. 14:66)
- (d) Money laundering (R.S. 14:230)

A conviction of or plea of guilty or nolo contendere to the following state crimes or equivalent federal crimes shall bar any person or the bidding entity from bidding on public projects for a period of five years from the date of conviction or from the date of the entrance of the plea of guilty or nolo contendere:

- (a) Theft (R.S. 14:67)
- (b) Identity Theft (R.S. 14:67, 16)
- (c) Theft of a business record (R.S. 14:67.20)
- (d) False accounting (R.S. 14:70)
- (e) Issuing worthless checks (R.S. 14:71)
- (f) Bank fraud (R.S. 14:71.1)
- (g) Forgery (R.S. 14:72)
- (h) Contractors; misapplication of payments (R.S. 14:202)
- (i) Malfeasance in office (R.S. 14:134)

The five-year prohibition provided for in this section shall apply only if the crime was committed during the solicitation or execution of a contract or bid awarded pursuant to these provisions. If evidence is submitted substantiating that a false attestation has been made and the project must be readvertised or the contract cancelled, the awarded entity making the false attestation shall be responsible to the public entity for the costs of rebidding, additional costs due to increased costs of bids and any and all delay costs due to the rebid or cancellation of this project.

*[The remainder of this page is intentionally left blank.]*

Affiant further said:

- (1) Entity is registered and participates in a status verification system to verify that all employees in the State of Louisiana are legal citizens of the United States or are legal aliens.
- (2) Entity shall continue, during the term of the contract, to utilize a status verification system to verify the legal status of all new employees in the State of Louisiana.
- (3) Entity shall require all subcontractors to submit to the Entity a sworn affidavit verifying compliance with statements (1) and (2).

**OPERATING AGREEMENT  
OF  
STRUTHERS RECREATION LLC**

**An Alabama Limited Liability Company**

This Operating Agreement, dated the 4th day of MAY, 2020, of **STRUTHERS RECREATION LLC** (the Company) is hereby adopted and agreed to by all the Members.

**ARTICLE I  
DEFINITIONS**

1.01 As used in this Operating Agreement, the following terms mean:

"ABCA" means the Alabama Business Corporation Act, being Title 10, Chapter 2A of the Code of Alabama (1987 & Supp. 1993), and any successor statute, as amended from time to time.

"Act" means the Alabama Limited Liability Company Act, being Title 10, Chapter 12 of the Code of Alabama (Supp. 1993), and any successor statute, as amended from time to time.

"Articles" means the Articles of Organization, the proper filing of which brought the Company into existence.

"Bankrupt Member" means any Member (a) that (i) makes a general assignment for the benefit of creditors; (ii) files a voluntary bankruptcy petition; (iii) is adjudicated bankrupt or insolvent; (iv) files a petition or answer seeking for the Member a reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under any law; (v) files an answer or other pleading admitting or failing to contest the material allegations of a petition filed against the Member in a proceeding of the type described in subclause (iv) of this clause; or (vi) seeks, consents to, or acquiesces in the appointment of a trustee, receiver, or liquidator of the Member's or of all or any substantial part of the Member's properties; or (b) (i) against which, a proceeding seeking reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under any law has been commenced and 120 days have expired without dismissal thereof, or (ii) with respect to which, without the Member's consent or acquiescence, a trustee, receiver, or liquidator of the Member or of all or any substantial part of the Member's properties has been appointed and ninety days have expired without the appointment's having been vacated or stayed, or (iii) ninety days have expired after the date of expiration of a stay, if the appointment has not previously been vacated.

"Capital Contribution" means any contribution by a Member to the capital of the Company.

"Code" means the Internal Revenue Code of 1986 and any successor statute, as amended from time to time.

"Company Minimum Gain" means the amount determined by computing for each Company Nonrecourse Liability any gain the Company would realize if it disposed of the property subject to that liability for no consideration other than the full satisfaction of the liability and aggregating all such gains. The amount of Company Minimum Gain also includes minimum gain arising from a conversion, refinancing, or other change in a debt instrument, but only to the extent a Member or Holder of Financial Rights is allocated a share of such minimum gain. A Member's or Holder's share of Company Minimum Gain at the end of any taxable year equals the sum of the Nonrecourse Deductions allocated to that Member or Holder of Financial Rights (and the Member's or Holder's predecessors in interest) up to that time of proceeds of a nonrecourse liability allocable to an increase in Company Minimum Gain minus the sum of that Member's or Holder's (and that Member's or Holder's predecessors in interest) aggregate share of decreases resulting from revaluations of Company property subject to one or more Company Nonrecourse Liabilities.

"Company Nonrecourse Liability" means a liability of the Company to the extent that no Member or Holder or related person bears the economic risk of loss (as defined in Treasury Regulation section 1.752-2) with respect to the liability.

"Dispose," "Disposing" or "Disposition" means a sale, assignment, transfer, exchange, mortgage, pledge, grant of a security interest, or other disposition or encumbrance (including, without limitation, any of the foregoing occurring by operation of law), and "Disposing" means engaging in any of the foregoing.

"Financial Rights" means rights to share in profits and losses as provided in Section 5.01, to receive distributions as provided in Section 5.02, and to receive terminating distributions as provided in Section 11.03.

"General Interest Rate" means a rate per annum equal to the lesser of (a) a varying rate per annum that is equal to the interest rate publicly quoted by First Montgomery Bank from time to time as its prime commercial or similar reference interest rate, with adjustments in that varying rate to be made on the same date as any change in that rate, and (b) the maximum rate permitted by applicable law.

"Governance Rights" means all a Member's rights as a member of the Company except Financial Rights, including without limitation, the rights to participate in the management of the Company, to participate in the election of officers, and to bind the Company.

"Holder of Financial Rights" and "Holder" mean a Person who owns Financial Rights and no Governance Rights.

"Member" means any Person who owns Governance Rights in the Company and does not include any Person who owns only Financial Rights in the Company.

"Member or Holder Minimum Gain" means an amount determined by computing for each Member or Holder Nonrecourse Liability any gain the Company would realize if it disposed of the property subject to that liability for no consideration other than full satisfaction of the liability aggregating the separately computed gains. The amount of Member or Holder Minimum Gain includes minimum gain arising from a conversion, refinancing, or other change to a debt instrument, but only to the extent a Member or Holder is allocated a share of that minimum gain. For any taxable year, the net increase or decrease in the Member or Holder Minimum Gain is determined by comparing the Member or Holder Minimum Gain on the last day of the immediately preceding taxable year with the Minimum Gain on the last day of the current taxable year.

"Member or Holder Nonrecourse Liability" means any liability of the Company to the extent the liability is nonrecourse under state law and on which the Member or Holder or a Related Person bears the economic risk or loss (as defined by Treasury Regulation section 1.752-2).

"Member Interest" means the interest of a Member in the Company, being the total of the Member's Financial Rights and Governance Rights. For purposes of voting, the amount of a Membership Interest shall be determined by dividing the Member's rights to share in distributions in liquidation by the total rights of all Members (but not Holders of Financial Interests) to share in distributions in liquidation.

"Person" means natural persons and organizations (whether created by the laws of Alabama or another state or country), including, without limitation, general partnerships, limited partnerships, limited liability companies, corporations, professional corporations, professional associations, trustees, personal representatives, fiduciaries or persons performing in any similar capacity, trusts, business trusts, estates, custodianships, and other associations.

"Proceeding" means any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative, arbitrative, or investigative, any appeal in such a Proceeding, or any inquiry or investigation that could lead to such a Proceeding.

"Related Person" means a Person that bears a relationship to the Member that is described in Treasury Regulation section 1.752-4.

"Sharing Ratio" with respect to any Member or Holder of Financial Rights means the Member's or Holder's share of income, deduction, gain, loss, credit, distribution, or liquidating distribution.

1.02 Construction. Whenever the context requires, the gender of all words used in this Operating Agreement includes the masculine, feminine, and neuter. All references to Articles and Sections refer to

articles and sections of this Operating Agreement, and all references to Exhibits are to Exhibits attached hereto, each of which is made a part hereof for all purposes.

## **ARTICLE II ORGANIZATION**

2.01 Formation. The Company is an Alabama Limited Liability Company. This Operating Agreement shall become effective upon its execution by the Members, or, if later, the beginning of the existence of the Company as determined under Section 10-12-14 of the Code of Alabama.

2.02 Name. The name of the Company is "**STRUTHERS RECREATION LLC**", and all Company business must be conducted in that name or other names that comply with applicable law selected by the Managers from time to time.

2.03 Registered Office; Registered Agent; Principal Office in the United States; Other Office. The registered office of the Company required by the Act to be maintained in the State of Alabama shall be the office of the initial registered agent named in the Articles or another office (which need not be a place of business of the company) designated by the Members from time to time in the manner provided by law. The registered agent of the Company in the State of Alabama shall be the initial registered agent named in the Articles or another Person or Persons designated by the Members from time to time in the manner provided by law. The Members shall designate the principal office of the Company in the United States, which need not be in the State of Alabama, and the Company shall maintain records there as required by the Act, section 10-12-16 of the Code of Alabama, and shall keep the street address of such principal office at the registered office of the Company in the State of Alabama. The Company may have other offices designated by the Members from time to time.

2.04 Purposes. The purposes of the Company are to engage in those businesses or activities as provided for in the Articles of Organization and to engage in any other business or activity that now or hereafter may be necessary, incidental, proper, advisable, or convenient to accomplish the foregoing purposes (including, without limitation, obtaining financing therefor) and that is not forbidden by the law of the jurisdiction in which the Company engages in that business.

2.05 Foreign Qualification. Prior to the Company's conducting business in any jurisdiction other than Alabama, the Members shall cause the Company to comply, to the extent procedures are available and those matters are reasonably within the control of the Members, with all requirements necessary to qualify the Company as a foreign limited liability company in that jurisdiction. Each Member shall execute, acknowledge, swear to, and deliver all certificates and other instruments conforming with this Operating Agreement that are necessary or appropriate to qualify, continue, and terminate the Company as a foreign

limited liability company in all such jurisdictions in which the Company may conduct business.

2.06 Term. The Company shall continue in existence until dissolved in accordance with Section 11.01.

2.07 Mergers and Exchange. The Company may be a party to (a) a merger, or (b) an exchange or acquisition of the type described in articles 6 and 6A of the ABCA, sections 10-2A-160 to -171 of the Alabama Code (1987), subject to the requirements of Section 6.01(b)(ii).

2.08 No State-Law Partnership. The Members intend that the company not be a partnership (including, without limitation, a limited partnership), or joint venture, and that no Member be a partner or joint venturer of any other Member for any purposes other than federal and state tax purposes, and this Operating Agreement may not be construed to suggest otherwise.

### **ARTICLE III MEMBERSHIP; DISPOSITIONS OF INTERESTS**

3.01 Initial Members. The initial Member(s) of the Company are the Person(s) executing this Operating Agreement as of the date of this Operating Agreement as Members. The membership of each initial Member is effective upon the execution of this Operating Agreement, or, if later, the beginning of the existence of the Company as determined under Section 10-12-14 of the Code of Alabama.

3.02 Representations and Warranties. Each Member hereby represents and warrants to the Company and each other Member that (a) if that Member is a corporation, it is duly organized, validly existing, and in good standing under the laws of the state of its organization and is duly qualified and (if applicable) in good standing as a foreign corporation in the jurisdiction of its principal place of business (if not incorporated therein); (b) if that Member is a limited liability company, it is duly organized, validly existing, and (if applicable) in good standing under the law of the state of its organization and is duly qualified and (if applicable) in good standing as a foreign limited liability company in the jurisdiction of its principal place of business (if not organized therein); (c) if that Member is a partnership, trust, or other entity, it is duly formed, validly existing, and (if applicable) in good standing under the law of the state of its formation, and if required by law is duly qualified to do business and (if applicable) in good standing in the jurisdiction of its principal place of business (if not formed therein), and the representations and warranties in clause (a), (b) or (c), as applicable, are true and correct with respect to each partner (other than limited partners), trustee, or other member thereof; (d) that each Member has full corporate, limited liability company, partnership, trust and other applicable power and authority to execute and agree to this Operating Agreement and to perform its obligations hereunder and all necessary actions by the board of directors, shareholders, managers, members, partners, trustees,

beneficiaries, officers or other Persons necessary for the due authorization, execution, delivery, and performance of this Operating Agreement by that Member have been duly taken; (e) that each Member has duly executed and delivered this Operating Agreement; and (f) that each Member's authorization, execution, delivery, and performance of this Operating Agreement do not conflict with any other agreement or arrangement to which that Member is a party or by which it is bound.

### 3.03 Restriction on the Disposition of an Interest.

(a) Except as specifically provided in this Section 3.03, a disposition of an interest in the Company is effective only to transfer the Member's Financial Rights to the transferee and the transferee shall not become a Member.

(b) Upon receiving the consent of all of the Members (excluding the Membership Interest of the Member who is making such disposition), the transfer shall be given effect and the transferee shall become a Member possessing all the Financial and Governance Rights transferred.

(c) The Company shall not recognize for any purpose any purported disposition of all or part of a Membership Interest unless and until the other applicable provisions of this Section have been satisfied and the Members have received, on behalf of the Company, a document (i) executed by both the Member effecting the disposition (or if the transfer is on account of the death, incapacity, or liquidation of the transferor, its representative) and the Person to which the Membership Interest or part thereof is disposed, (ii) including the notice address of any Person to be admitted to the Company as a Member and its agreement to be bound by this Operating Agreement in respect of the Membership Interest or part thereof being obtained, (iii) setting forth the Sharing Ratios after the disposition of the Member effecting the disposition and the Person to which the Membership Interest or part thereof is disposed (which together must total the Sharing Ratio of the Member effecting the disposition before the disposition), and (iv) containing a representation and warranty that the disposition was made in accordance with all applicable laws and regulations (including securities laws) and, if the Person to which the Membership Interest or part thereof is disposed is to be admitted to the Company, its representation and warranty that the representations and warranties in Section 3.02 are true and correct with respect to that Person. Each disposition and, if applicable, admission complying with the provisions of this Section is effective as of the first day of the calendar month immediately succeeding the month in which the Members receive the notification of disposition and the other requirements of this Section have been met.

(d) No Member shall have the power to dispose of a Membership Interest or any part thereof and no Person shall be admitted to the Company unless, (i) either (A) the Membership Interest or part thereof subject to the disposition or admission has been registered under the Securities Act of 1933, as amended, and any applicable state securities laws or (B) the Company has received a favorable opinion of the Company's

legal counsel or of other legal counsel acceptable to the Members to the effect that the disposition or admission is exempt from registration under those laws. The Members, however, may waive the requirements of this Section.

(e) The Member effecting a disposition and any Person admitted to the Company in connection therewith shall pay, or reimburse the Company for all costs incurred by the Company in connection with the disposition or admission (including, without limitation, the legal fees incurred in connection with the legal opinions referred to in Section 3.03(d)) on or before the tenth day after the receipt by that Person of the Company's invoice for the amount due. If payment is not made by the date due, the Person owing that amount shall pay interest on the unpaid amount from the date due until paid at the General Interest Rate.

3.04 Additional Members. Additional Persons may be admitted to the Company as Members and Membership Interests may be created and issued to those Persons and to existing Members on such terms and conditions as the Members may determine at the time of admission. The terms of admission or issuance must specify the Sharing Ratios and the Capital Contributions applicable thereto and may provide for the creation of different classes or groups of Members and having different rights, powers, and duties. The Members shall reflect the creation of any new class or group in an amendment to this Operating Agreement indicating the different rights, powers, and duties. Each new Member must comply with the provisions of Section 3.03 and is effective only after the new Member has executed and delivered to the Company a document including the new Member's notice address, its agreement to be bound by this Operating Agreement, and its representation and warranty that the representation and warranties in Section 3.02 are true and correct with respect to the new Member. The provisions of this Section shall not apply to dispositions of Membership Interests.

3.05 Interests in a Member. A Member that is not a natural person may not, without the consent of all other Members, cause or permit an interest, direct or indirect, in itself to be disposed of such that, that Member shall cease to be controlled by substantially the same Persons who control it as of the date of its admission to the Company. If any Member breaches the provisions of the immediately preceding sentence, the Company shall proceed to value and pay for the Membership Interest of the breaching Member, all in accordance with Section 10.01.

#### 3.06 Information.

(a) In addition to the other rights specifically set forth in this Operating Agreement, each Member is entitled to all information to which that Member is entitled to have access pursuant to the Act, section 10-12-16 of the Code of Alabama, under the circumstances and subject to the conditions therein stated. The Members agree, however, that the Members from time to time may determine, due to contractual obligations, business concerns, or other considerations, that certain information regarding the business, affairs, properties, and financial

condition of the Company should be kept confidential and not provided to some or all other Members and that it is not just or reasonable for those Members or assignees or representatives thereof to examine or copy that information.

(b) The Members acknowledge that, from time to time, they may receive information from or regarding the Company in the nature of trade secrets or that otherwise is confidential, the release of which may be damaging to the Company or Persons with which it does business. Each Member shall hold in strict confidence any information it receives regarding the Company that is identified as being confidential (and if that information is provided in writing, that is so marked) and may not disclose it to any Person other than another Member, except for disclosures (i) compelled by law (but the Member must notify the Company promptly of any request for that information, before disclosing it, if practicable), (ii) to advisers or representatives of the Member or Persons to which that Member's Membership Interest may be Disposed as permitted by this Operating Agreement, but only if the recipients have agreed to be bound by the provisions of this Section, or (iii) of information that Member also has received from a source independent of the Company that the Member reasonably believes obtained that information without breach of any obligation of confidentiality. The Members acknowledge that breach of the provisions of this Section may cause irreparable injury to the Company for which monetary damages are inadequate, difficult to compute, or both. Accordingly, the Members agree that the provisions of this Section may be enforced by specific performance.

3.07 Liability to Third Parties. No Member, or Holder of Financial Rights shall be liable for the debts, obligations, or liabilities of the Company, including under a judgment, decree or order of a court.

#### 3.08 Officers.

(a) The Members may, from time to time, designate one or more Persons who are Members, to be officers of the Company. Any officers so designated shall have such authority and perform such duties as the Members may, from time to time, delegate to them. The Members may assign titles to particular officers. Each officer shall hold office until the successor in the office has been designated or until death or resignation or has been removed in the manner hereinafter provided. Any number of offices may be held by the same Person. The salaries or other compensation, if any, of the officers of the Company appointed pursuant to this Section shall be fixed from time to time by the Members.

(b) Any officer may resign as such at any time. Such resignation shall be made in writing and shall take effect at the time specified therein, or if no time be specified, at the time of its receipt by the Members. The acceptance of a resignation shall not be necessary to make it effective, unless expressly so provided in the resignation. Any officer may be removed as such, either with or without cause, by the Members whenever in their judgment the best interests of the Company

will be served thereby; provided, however, that such removal shall be without prejudice to the contract rights, if any, of the Person so removed. Designation of an officer shall not of itself create contract rights. Any vacancy occurring in any office of the Company may be filled by the Members.

#### **ARTICLE IV CAPITAL CONTRIBUTIONS**

4.01 Initial Contributions and Sharing Ratios. Each Member shall make the Capital Contributions at the time the Member executes this Agreement, or, if later, at the time the Company begins its existence. The amounts of the initial contributions and the initial sharing ratios are listed below:

<u>Name and Initial Capital Contribution of Each Member</u>	<u>Initial Sharing Ratios</u>
<b>JILL H. STRUTHERS</b> INITIAL CAPITAL CONTRIBUTION:	<b>51%</b>
<b>CRAIG R. STRUTHERS</b> INITIAL CAPITAL CONTRIBUTION:	<b>48%</b>
<b>BLAKE R. STRUTHERS</b> INITIAL CAPITAL CONTRIBUTION:	<b>1%</b>

---

4.02 Return of Contributions. A Member is not entitled to the return of any part of its Capital Contributions or to be paid interest in respect of either its capital account or its Capital Contributions. An unrepaid Capital Contribution is not a liability of the Company or of any Member. No Member is required to contribute or to lend any cash or property to the Company to enable the Company to return any Member's Capital Contributions.

4.03 Advances by Members. If the Company does not have sufficient cash to pay its obligations, one or more Members or Holders may, advance all or part of the needed funds to or on behalf of the Company. An advance described in this Section constitutes a loan from the Member(s) or Holder(s) to the Company, bears interest at the General Interest Rate from the date of the advance until the date of payment, and is not a Capital Contribution.

4.04 Capital Accounts. A capital account shall be established and maintained for each Member or Holder of Financial Rights. Each Member's or Holder's capital account (a) shall be increased by (i) the amount of money contributed by that Member or Holder to the Company, (ii) the fair market value of property contributed by that Member or Holder to the Company (net of liabilities secured by the contributed property that the Company is considered to assume or take subject to under Code Section 752), and (iii) allocations to that Member or Holder

of Company income and gain (or items thereof), including income and gain exempt from tax and income and gain described in Treasury Regulation section 1.704-1(b)(2)(iv)(g), but excluding income and gain described in Treasury Regulation section 1.704-1(b)(4)(i), and (b) shall be decreased by (i) the amount of money distributed to that Member or Holder by the Company, (ii) the fair market value of property distributed to that Member or Holder by the Company (net of liabilities secured by the distributed property that the Member or Holder is considered to assume or take subject to under Code 752), (iii) allocations to that Member or Holder of expenditures of the Company described in section 705(a)(2)(B) of the Code, and (iv) allocations of Company loss and deduction (or items thereof), including loss and deduction described in Treasury Regulation section 1.704-1(b)(2)(iv)(g), but excluding items described in clause (b)(iii) above and loss or deduction described in Treasury Regulation section 1.704(b)(4)(i) or Section 1.704-1(b)(4)(iii). The Members' and Holder's capital also shall be maintained and adjusted as permitted by the provisions of Treasury Regulation section 1.704(b)(2)(iv)(f) and as required by the other provisions of Treasury Regulation sections 1.704(b)(2)(iv) and 1.704-1(b)(4), including adjustments to reflect the allocations to the Members and Holders of depreciation, depletion, amortization, and gain or loss as computed for book purposes rather than the allocation of the corresponding items as computed for tax purposes, as required by Treasury Regulation section 1.704(b)(2)(iv)(g). A Member that has more than one Membership Interest shall have a single capital account that reflects all its Membership Interests, regardless of the class of Membership Interests owned by that Member and regardless of the time or manner in which those Membership Interests were acquired and a Holder of Financial Rights shall have a single capital account that reflects all its Financial Rights, regardless of the class of Financial Rights owned by that Member and regardless of the time or manner in which those Financial Rights were acquired. On the transfer of all or part of a Membership Interest or less than all of a Holder's Financial Rights, the capital account of the transferor that is attributable to the transferred Membership Interest or Financial Rights or part thereof shall carry over to the transferee Member or Holder in accordance with the provisions of Treasury Regulation section 1.701-1.(b)(2)(iv)(1).

4.05 Qualified Income Offset Allocations. Except as provided in Section 11.04 with respect to a deficit in capital account upon dissolution of the Company, no Member or Holder of Financial Rights shall have any obligation, upon dissolution or at any other time, to repay a deficit in the capital account maintained pursuant to Section 4.04. In the event a Member or Holder of Financial Rights unexpectedly receives any adjustments, allocations, or distributions described in Treasury Regulation section 7.04-1(b)(2)(ii)(d)(4), (5), or (6) that reduces the capital account of the Member or Holder of Financial Rights below zero or increases the deficit balance in the capital account, gross income and gain shall be allocated to such Member's or Holder's capital account in an amount and manner sufficient to eliminate such negative balance in the Member's capital account as quickly as possible in accordance with Treasury Regulation section 1.704-1(b)(2)(ii)(d). Any qualified income offset allocation pursuant to this Section 4.05 shall be made to

the capital account of each Member or Holder of Financial Rights having a negative balance in the proportion the negative balance of the Member's or Holder's account bears to the total negative balances of all the capital accounts.

## **ARTICLE V ALLOCATIONS AND DISTRIBUTIONS**

### **5.01 Allocations.**

(a) Except as may be required by Code section 704(c) and Treasury Regulation sections 1.704-1(b)(2)(iv)(f)(4) and 1.704-3, all items of income, deduction, gain, loss, and credit of the Company shall be allocated among the Members and Holders of Financial Rights in accordance with their applicable Sharing Ratios.

(b) All items of income, deduction, gain, loss, and credit allocable to any Membership Interest or Financial Rights that may have been transferred shall be allocated between the transferor and the transferee based on the portion of the calendar year during which each was recognized as owning the Membership Interest or Financial Rights, without regard to the results of Company operations during any particular portion of that calendar year and without regard to whether case distributions were made to the transferor or the transferee during that calendar year; provided, however, that this allocation must be made in accordance with a method permissible under Code Section 706 and the regulations thereunder.

(c) If there is a net decrease in Company Minimum Gain for a taxable year, Member and Holder of Financial Rights must be allocated items of income and gain for that taxable year equal to that Member's or Holder's share of the net decrease in Company Minimum Gain. A Member's or Holder's share of the net decrease in Minimum Gain is the amount of the total net decrease multiplied by the Member's or Holder's percentage share of the Company Minimum Gain at the end of the immediately preceding taxable year. A Member's or Holder's share of any decrease in Company Minimum Gain resulting from a revaluation of Company property equals the increase in the Member's or Holder's capital account attributable to the revaluation to the extent the reduction in Minimum Gain is caused by the revaluation. A Member or Holder of Financial Rights is not subject to the Minimum Gain chargeback requirement to the extent the Member's or Holder's share of the net decrease in Company Minimum Gain is caused by a guarantee, refinancing, or other change in the debt instrument causing it to become partially or wholly a Recourse Liability or Member or Holder Nonrecourse Liability and the Member or Holder Nonrecourse Liability and the Member or Holder bears the economic risk of loss (as defined in Treasury Regulation section 1.704-2(i)) for the newly guaranteed, refinanced or otherwise changed liability). The rule in this paragraph is intended to implement the requirements of Treasury Regulation section 1.704-2 and shall be interpreted to carry out that intention.

(d) If there is a net decrease in Member Minimum Gain for a taxable year, any Member with a share of the Member Minimum Gain must

be allocated items of income and gain for that taxable year equal to that Member's share of the net decrease in Member Minimum Gain. A Member's share of the net decrease in Minimum Gain is the amount of the total net decrease multiplied by the Member's percentage share of the Member Minimum Gain at the end of the immediately preceding taxable year. A Member is not subject to the Member Minimum Gain chargeback requirement to the extent the net decrease in Member Minimum Gain arises because the liability ceases to be a Member Nonrecourse Liability due to a conversion, refinancing, or other change in the debt instrument causing it to become partially or wholly a Company Nonrecourse Liability, in which event the amount that would otherwise have been subject to the Member Minimum Gain chargeback shall be added to the Member's share of the Company Minimum Gain under paragraph (c) of this section. The rule in this paragraph is intended to implement the requirements of Treasury Regulation 1.704-2 and shall be interpreted to carry out that intention.

(e) If a Member's contribution of property to the Company is credited on the books of the Company at a fair market value that differs from its federal income tax basis, then the following rules apply. To the extent of the built-in gain or loss (as defined in Treasury Regulation section 1.704-3(a)(3)(ii)) at the time of sale or exchange of the property, any gain or loss recognized on the sale or exchange shall be allocated to the contributing Member. For federal income tax purposes, the amount of depreciation or other cost recovery allocated to each Member who did not contribute the property shall be the amount of depreciation or other cost recovery that such Member would have been allocated if the property's federal income tax basis had been equal to its fair market value. If the amount of depreciation or other cost recovery required to be allocated to the Members who did not contribute the property under the preceding sentence exceeds the amount of depreciation or other cost recovery allowable with respect to the property for federal income tax purposes, then some other item of income shall be allocated to the contributing Member and the allocation of that item of income to the other Members shall be correspondingly reduced. The amount of income so allocated shall equal the difference between the depreciation or other cost recovery based on the fair market value of the property and the federal income tax depreciation allowable with respect to the property. The item of income so allocated must have the same effect on the federal income tax liability of the Members that the depreciation or other cost recovery would have had. This section is intended to implement the requirements of section 704(c) and Treasury Regulation section 1.704-3 and to adopt the traditional method with curative allocations and shall be interpreted to carry out that intention.

## 5.02 Distributions.

(a) From time to time (but at least once each calendar year) the Members shall determine in their reasonable judgment to what extent

(if any) the Company's cash on hand exceeds its current and anticipated needs, including, without limitation, for operating expenses, debt service, acquisitions, and a reasonable contingency reserve. If there is an excess, the Members shall cause the Company to distribute to the Members and Holders of Financial Rights, in accordance with the applicable Sharing Ratios, an amount in cash equal to that excess. No Member or Holder of Financial Rights shall be entitled to receive distributions except as provided in this Section and no Member or Holder shall have priority over any other Member or Holder in receiving distributions.

(b) From time to time the Members may cause the Company to distribute property other than cash to the Members and Holders of Financial rights, which distribution must be made in accordance with the applicable Sharing Ratios and may be subject to liabilities and obligations to which the distributed property is subject. Immediately prior to such a distribution, the capital accounts of the Members and Holders shall be adjusted as provided in Treasury Regulation Section 1.704-1(b)(2)(iv)(f).

## **ARTICLE VI**

### **MEETINGS OF MEMBERS**

#### **6.01 Meetings.**

(a) A quorum shall be present at a meeting of Members if the holders of 75% of the Membership Interests are represented at the meeting in person or by proxy. With respect to any matter, other than a matter for which the affirmative vote of the holders of a specified portion of all the Membership Interests entitled to vote is required by the Act, the affirmative vote of a majority of the Membership Interests represented in person or by proxy at a meeting of Members at which a quorum is present shall be the act of the Members. Each Member shall be entitled to one (1) vote for each percentage point of Membership Interest owned by said Member (rounded to the nearest 100th percentage point).

(b) All meetings of the Members shall be held at the principal place of business of the Company or at such other place within or without the State of Alabama as shall be specified or fixed in the notices or waivers of notice thereof; provided that any or all Members may participate in any such meeting by means of conference telephone or similar communications equipment pursuant to Section 6.05.

(c) Notwithstanding the other provisions of the Articles or this Operating Agreement, the chairman of the meeting or a majority of the Membership Interests in attendance may adjourn such meeting from time to time, without any notice other than announcement at the meeting of the time and place of the holding of the adjourned meeting. If such meeting is adjourned by the Members, such time and place shall be determined by a vote of the majority of the Membership Interests in attendance. Upon the resumption of such adjourned meeting, any business

may be transacted that might have been transacted at the meeting as originally called.

(d) An annual meeting of the Members, for the election of the Officers and for the transaction of such other business as may properly come before the meeting, shall be held at such place, within or without the State of Alabama, on such date and at such time as the Person calling the meeting shall fix and set forth in the notice of meeting, which date shall be within thirteen months after the date of organization of the Company or the last annual meeting of Members, whichever most recently occurred.

(e) Special meetings of the Members for any proper purpose or purposes may be called at any time by the Members or the holders of at least ten percent of the Membership Interests of all Members. If not otherwise stated in or fixed in accordance with the remaining provisions hereof, the record date for determining Members entitled to call a special meeting is the date any Member first signs the notice of that meeting. Only business within the purpose or purposes described in the notice (or waiver thereof) required by this Operating Agreement may be conducted at a special meeting of the Members.

(f) Written or printed notice stating the place, day and hour of the meeting and, in the case of a special meeting, the purpose or purposes for which the meeting is called, shall be delivered not less than ten nor more than sixty days before the date of the meeting, either personally or by mail, by or at the direction of the Person calling the meeting, to each Member entitled to vote at such meeting. If mailed, any such notice shall be deemed to be delivered when deposited in the United States mail, addressed to the Member at its address provided for in Section 12.02, with postage thereon paid.

(g) The date on which notice of a meeting of Members is mailed or the date on which the resolution of the Members declaring a distribution is adopted, as the case may be, shall be the record date for the determination of the Members entitled to notice of or to vote at such meeting, including any adjournment thereof, or the Members entitled to receive such distribution.

6.02 Voting List. The Company shall make, at least ten days before each meeting of Members, a complete list of the Members entitled to vote at such meeting or any adjournment thereof, arranged in alphabetical order, with the address of and the Membership Interests held by each, which list, for a period of ten days prior to such meeting, shall be kept on file at the registered office or principal place of business of the Company and shall be subject to inspection by any Member at any time during usual business hours. Such list shall also be subject to the inspection of any Member during the whole time of the meeting. The original membership records shall be prima facie evidence as to who are the Members entitled to examine such list or transfer records or to vote at any meeting of Members. Failure to comply with the requirements

of this Section shall not affect the validity of any action taken at the meeting.

6.03 Proxies. A Member may vote either in person or by proxy executed in writing by the Member. A telegram, telex, cablegram or similar transmission by the Member, or a photographic, photostatic, facsimile or similar reproduction of a writing executed by the Member shall be treated as an execution in writing for purposes of this Section. Proxies for use at any meeting of Members or in connection with the taking of any action by written consent shall be filed with the Company, before or at the time of the meeting or execution of the written consent, as the case may be. An inspector or inspectors may be appointed by the chairman of the meeting, in which event such inspector or inspectors shall decide all questions touching upon the qualification of voters, the validity of the proxies, and the acceptance or rejection of votes. No proxy shall be valid after eleven months from the date of its execution unless otherwise provided in the proxy. A proxy shall be revocable unless the proxy form conspicuously states that the proxy is irrevocable and the proxy is coupled with an interest. If a proxy designates two or more Persons to act as proxies, unless that instrument provides to the contrary, a majority of such Persons present at any meeting at which their powers thereunder are to be exercised shall have and may exercise all the powers of voting or giving consents thereby conferred, or if only one be present, then such powers may be exercised by that one; or, if an even number of such Persons attends and there is no majority in agreement on a particular issue, the proxy may not be exercised with respect to such issue.

6.04 Conduct of Meetings. All meetings of the Members shall be presided over by the chairman of the meeting. The chairman of any meeting of Members shall determine the order of business and the procedure at the meeting, including such regulation of the manner of voting and the conduct of discussion as seems to him to be in order.

6.05 Action by Written Consent or Telephone Conference.

(a) Any action required or permitted to be taken at any annual or special meeting of Members may be taken without a meeting, without prior notice, and without a vote, if written consents setting forth the action so taken are signed by Members owning Membership Interests sufficient to take such action at a meeting at which the holders of all Membership Interests entitled to vote on the action were present and voted. Every written consent shall bear the date of signature of each Member who signs the consent. No written consent shall be effective to take the action that is the subject to the consent under this paragraph unless it is delivered to the Company at the Company's principal place of business. Delivery shall be by hand or certified or registered mail, return receipt requested. A telegram, telex, cablegram, or similar reproduction of a writing signed by a Member, shall be regarded as signed by the Member for purposes of this Section. Prompt

notice of the taking of any action by Members without a meeting by less than unanimous written consent shall be given to those Members who did not consent in writing to the action.

(b) The record for determining Members entitled to consent to action in writing without a meeting shall be the first date on which a signed written consent setting forth the action taken or proposed to be taken is delivered to the Company by delivery to its registered office or its principal place of business. Delivery shall be by hand or by certified or registered mail, return receipt requested.

(c) Members may participate in and hold a meeting by means of conference telephone or similar communications equipment by means of which all Persons participating in the meeting can hear each other, and participation in such meeting shall constitute attendance and presence in person at such meeting, except where a Person participates in the meeting for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened.

## **ARTICLE VII INDEMNIFICATION**

7.01 Right to Indemnification. Subject to the limitations and conditions as provided in this Article VII, each Person who was or is made a party or is threatened to be made a party to any Proceeding by reason of the fact that the Person is or was a Member of the Company shall be indemnified by the Company to the fullest extent permitted by the Act, as it exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the company to provide broader indemnification rights than said law permitted the Company to provide prior to such amendment) against judgments, penalties (including excise and similar taxes and punitive damages), fines, settlements, and reasonable expenses (including, without limitation, attorneys' fees) actually incurred by such Person in connection with such Proceeding, and indemnification under this Article VII shall continue as to a Person who has ceased to serve in the capacity which initially entitled such Person to indemnity hereunder. The rights granted pursuant to this Article VII shall be deemed contract rights, and no amendment, modification, or repeal of this Article VII shall have the effect of limiting or denying any such rights with respect to actions taken or Proceedings arising prior to any such amendment, modification, or repeal. It is expressly acknowledged that the indemnification provided in this Article VII could involve indemnification for negligence or under theories of strict liability.

7.02 Advance Payment. The right to indemnification conferred in this Article VII shall include the right of a Person described in Section 7.01 to be paid or reimbursed by the Company the reasonable expenses

incurred before the final disposition of the Proceeding and without any determination as to the Person's ultimate entitlement to indemnification; provided, however, that the payment of such expenses incurred by any such Person before the final disposition of a Proceeding, shall be made only upon delivery to the Company of a written affirmation that the Person in good faith believes that the standard of conduct

necessary for indemnification under this Article has been met and a written undertaking, by or on behalf of such Person, to repay all amounts so advanced if it is ultimately determined that such indemnified Person is not entitled to be indemnified under this Article or otherwise.

7.03 Indemnification of Officers, Employees, and Agents. The Company, by adoption of a resolution of the Members, may indemnify and advance expenses to an Officer, employee, or agent of the Company to the same extent and subject to the same conditions under which it may indemnify and advance expenses to Members under this Article.

7.04 Appearance as a Witness. Notwithstanding any other provision of this Article, the Company may pay or reimburse expenses incurred by the Member in connection with the Member's appearance as a witness or other participation in a Proceeding at a time when the Member is not a named defendant or respondent in the Proceeding.

7.05 Nonexclusivity of Rights. The right to indemnification and the advancement and payment of expenses conferred in this Article shall not be exclusive of any other right which a Member or other Person indemnified pursuant to Section 7.03 may have or hereafter acquire under any law (common or statutory), provision of the Articles of this Operating Agreement, agreement, vote of Members or disinterested Managers or otherwise.

7.06 Insurance. The Company may purchase and maintain insurance, at its expense, to protect itself and any Person who is or was serving as a Member, officer, employee, or agent of the Company whether or not the Company would have the power to indemnify such Person against such expense, liability, or loss under this Article.

7.07 Member Notification. To the extent required by law, any indemnification of or advance of expenses to a Member in accordance with this Article VII shall be reported in writing to the Members with or before the notice or waiver of notice of the next Members' meeting or with or before the next submission to Members of a consent to action without a meeting and, in any case, within the next twelve-month period immediately following the date of the indemnification or advance.

7.08 Savings Clause. If this Article or any portion hereof is invalidated on any ground by any court of competent jurisdiction, then the Company shall nevertheless indemnify and hold harmless each Person indemnified pursuant to this Article for costs, charges and expenses (including attorney's fees), judgments, fines and amounts paid in settlement with respect to any action, suit or proceeding, whether civil,

criminal, administrative or investigative to the full extent permitted by any applicable portion of this Article VII that has not been invalidated and to the fullest extent permitted by applicable law.

## **ARTICLE VIII TAXES**

8.01 Tax Returns. The Members shall cause to be prepared and filed all necessary federal and state income tax returns for the Company, including making the elections described in Section 8.02. Each Member shall furnish to the Company all pertinent information in its possession relating to Company operations that is necessary to enable the Company's income tax returns to be prepared and filed.

8.02 Tax Elections. The Company shall make the following elections on the appropriate tax returns:

- (1) to adopt the calendar year as the Company's fiscal year;
- (2) to adopt the cash/accrual method of accounting;
- (3) if a distribution of Company property as described in Code Section 734 occurs or if a transfer of a Membership Interest as described in Code Section 734 occurs, on written request of any Member, to elect to adjust the basis of Company properties pursuant to Code Section 754;
- (4) to elect to amortize the organizational expenses of the Company as permitted by Code Section 709(b) and the startup expenditures of the Company as permitted by Code Section 195 ratably over a period of sixty months; and
- (5) any other election the Members may deem appropriate.

Neither the Company nor any Member may make an election for the Company to be excluded from the application of the provisions of subchapter K of chapter 1 of subtitle A of the Code or any similar provisions of applicable state law, and no provision of this Operating Agreement (including, without limitation, Section 2.08) shall be construed to sanction or approve such an election.

8.03 Tax Matters Partner. If required under subchapter C of chapter 63 of the Code (sections 6221-6233), a majority of the Membership Interests shall designate one Member to be the "tax matters partner" of the Company pursuant to Code Section 6231(a)(7). Any Member that is designated tax matters partner shall take any actions necessary to cause each other Member to become a notice partner within the meaning of Code Section 6223. Any Member that is designated tax matters partner shall inform each other Member of all significant matters that may come to its

attention in its capacity as tax matters partner by giving notice thereof on or before the fifth business day after becoming aware thereof and, within that time frame, shall forward to each other Member copies of all significant written communications it may receive in that capacity. Any Member that is designated tax matters partner may not take any action contemplated by Code Sections 6222 through 6232 without the consent of the Members, but this sentence does not authorize such Member to take

action left to the determination of an individual under Code Sections 6222 through 6232.

#### **ARTICLE IX BOOKS, RECORDS, REPORTS, AND BANK ACCOUNTS**

9.01 Maintenance of Books. The Company shall keep books and records of accounts and shall keep minutes of the proceedings of its Members. The books of account for the Company shall be maintained on a cash/accrual basis in accordance with the terms of this Operating Agreement, except that the capital accounts of the Members and Holders of Financial Rights shall be maintained in accordance with Section 4.04. The calendar year shall be the accounting year of the Company.

9.02 Reports. On or before the 120th day following the end of each fiscal year during the term of the Company, the Members shall furnish each Member and Holder of Financial Rights with a balance sheet, an income statement, and a statement of changes in the Members' and Holders' capital of the Company for, or as of the end of, that year prepared by a certified public accountant(s). These financial statements must be prepared in accordance with general accounting principles consistently applied (except as therein noted). The Members also may cause to be prepared or delivered such other reports as they may deem appropriate. The Company shall bear the costs of all these reports.

9.03 Accounts. Members shall establish and maintain one or more separate bank and investment accounts and arrangements for Company funds in the Company name with financial institutions and firms that the Members determine. The Members may not commingle the Company's funds with the funds of any Member; however, Company funds may be invested in the same manner as the Members' investment of their own funds.

#### **ARTICLE X WITHDRAWAL OF MEMBERS**

10.01 Withdrawal of Members.

(a) A Member or Holder of Financial Rights may withdraw at any time unless the withdrawal will cause the termination of the Company within the meaning of Code Section 708. A Member or Holder shall notify the Members of its intention to withdraw not less than 180 days prior to the date the Member or Holder desires its withdrawal to become effective. The withdrawing Member or Holder shall be entitled to receive any distributions to which it is entitled at the time of the withdrawal.

The withdrawing Member shall be entitled to receive the fair market value of its Membership Interest and the withdrawing Holder shall be entitled to receive the fair market value of its Financial Rights.

(b) The fair market value shall be determined by agreement by the withdrawing Member or Holder and the remaining Members. If they do not agree on the fair market value on or before the 90th day following the notice of intention to withdraw, either the Member or the Holder or

the remaining Members, by notice to the other, may require the determination of fair market value to be made by an independent appraiser specified in that notice. The withdrawing Member or Holder and the Company each shall pay one-half of the costs of the appraisal.

(c) If the withdrawal of the Member or Holder of Financial Rights causes the Company to sustain damages, the Company may offset the amount of any such damages against the fair market value of the Member's Membership Interest or the Holder's Financial Rights in determining the amount to be paid to the withdrawing Member or Holder.

(d) The Company shall pay the fair market value, reduced by the amount described in Section 10.01(c) if applicable, in a lump sum or in installments as the Member or Holder and the Company may agree. If the Member or Holder and the Company do not agree, then the purchase price of the Membership Interest or Financial Rights shall be paid in four equal cash installments, the first due on the effective date of the withdrawal and the remaining installments (together with accumulated interest on the amount unpaid at the General Interest Rate) due on each of the first three anniversaries thereof. The payment to be made to the withdrawing Member or Holder pursuant to this Section shall constitute the complete liquidation and satisfaction of all the rights and interest of the Member or Holder (and of all Persons claiming by, through, or under the Member or Holder) in and in respect of the Company, including, without limitation, any rights in specific Company property, and any rights against the Company and (insofar as the affairs of the Company are concerned) against the Members.

## **ARTICLE XI DISSOLUTION, LIQUIDATION, AND TERMINATION**

11.01 Dissolution. The Company shall dissolve and its affairs shall be wound up on the first to occur of the following:

(a) the written consent of a majority of the Membership Interests;

(b) any Member dies, withdraws, becomes a Bankrupt Member, or dissolves, or any other event occurs that terminates the continued membership in the Company of any Member; provided, however, that if an event described in this Section 11.01(b) occurs and there is at least one other Member remaining (or another Member is admitted), the Company

shall not be dissolved, and the business of the Company shall be continued, if all Members so agree; or

(c) entry of a decree of judicial dissolution of the Company under Section 10-12-38 of the Code of Alabama (1993 Supp.).

11.02 Articles of Dissolution. When the Company is dissolved pursuant to Section 11.01, the Members (or such other Person or Persons as the Act may require or permit) shall file Articles of Dissolution with the office of the probate judge of the county where the Articles

of Organization were filed, cancel any other filings made pursuant to Section 2.05, and take such other actions as may be necessary to terminate the Company.

11.03 Liquidation and Termination. On dissolution of the Company, the Members shall act as liquidator or may appoint one or more Members as liquidator. The liquidator shall proceed diligently to wind up the affairs of the Company and make final distributions as provided herein and in the Act. The costs of liquidation shall be borne as a Company expense. Until final distribution, the liquidator shall continue to operate the Company properties with all of the power and authority of the Members. The steps to be accomplished by the liquidator are as follows:

(a) As promptly as possible after dissolution and again after final liquidation, the liquidator shall cause a proper accounting to be made by a certified public accountant(s) of the Company's assets, liabilities, and operations through the last day of the calendar month in which the dissolution occurs or the final liquidation is completed, as applicable.

(b) The liquidator shall cause a notice to be sent to known claimants of the Company in accordance with Section 10-12-43 of the Code of Alabama.

(c) The liquidator shall cause a notice to be published for the benefit of any unknown claimants against the Company in accordance with Section 10-12-44 of the Code of Alabama.

(d) The liquidator shall pay, satisfy or discharge from Company funds all of the debts, liabilities and obligations of the Company (including, without limitation, all expenses incurred in liquidation and any advances described in Section 4.05) or otherwise make adequate provision for payment and discharge thereof (including, without limitation, the establishment of a cash escrow fund for contingent liabilities in such amount and for such term as the liquidator may reasonably determine).

(e) All remaining Assets of the Company shall be distributed to the Members and Holders as follows:

(i) The liquidator may sell any or all Company property, which may include sales to Members or Holders of Financial Rights, and any resulting gain or loss from each sale shall be computed and allocated to the capital accounts of the Members and Holders.

(ii) With respect to all company property that has not been sold, the fair market value of that property shall be determined and the capital accounts of the Members and Holders of Financial Rights shall be adjusted to reflect the manner in which the unrealized income, gain, loss, and deduction inherent in property that has not been reflected in the capital accounts previously would be allocated among

the capital accounts if there were a taxable disposition of that property for the fair market value of that property on the date of distribution.

(iii) Company property shall be distributed among the Members and Holders of Financial Rights in accordance with their positive capital account balances, as determined after taking into account all capital account adjustments for the taxable year of the Company during which the liquidation of the Company occurs (other than those made by reason of this clause); and those distributions shall be made by the end of the taxable year of the Company during which the liquidation of the Company occurs (or, if later, ninety days after the date of the liquidation). All distributions in kind to the Members and Holders shall be made subject to the liability of each distributee for costs, expenses, and liabilities theretofore incurred or for which the Company has committed prior to the date of termination and those costs, expenses, and liabilities shall be allocated to that distributee pursuant to this Section 11.03. To the extent that a Member or Holder returns funds to the Company, it has no claim against any other Member or Holder for those funds.

11.04 Deficit Capital Accounts. If there is a deficit in the capital account of any Member or Holder of Financial Rights, upon dissolution of the Company such deficit shall be an asset of the Company and such Member or Holder shall be obligated to contribute to the Company the amount required to bring the balance of such Member's or Holder's capital account to zero.

## **ARTICLE XII**

### **GENERAL PROVISIONS**

12.01 Offset. Whenever the Company is to pay any sum to any Member or Holder of Financial Rights, any amounts that the Member or Holder owes the Company may be deducted from that sum before payment.

12.02 Notices. Except as expressly set forth to the contrary in this Operating Agreement, all notices, requests, or consents provided for or permitted to be given under this Operating Agreement must be in writing and must be given either by depositing that writing in the United States mail, addressed to the recipient, postage paid, and registered or certified with return receipt requested or by delivering that writing

to the recipient in person, by courier, or by facsimile transmission; and a notice, request, or consent given under this Operating Agreement is effective on receipt by the Person to receive it. All notices, requests, and consents to be sent to a Member or Holder must be sent to or made at the addresses given for that Member or Holder on Exhibit A or in the instrument described in Section 3.03(c) or 3.04, or such other address as that Member or Holder may specify by notice to the other Members. Any notice, request, or consent to the Company must be given to the Company at the following address:

**Struthers Recreation LLC  
309 Laurel Springs Pl.  
Pike Road, AL 36064**

Whenever any notice is required to be given by law, the Articles of this Operating Agreement, a written waiver thereof, signed by the Persons entitled to notice, whether before or after the time stated therein, shall be deemed equivalent to the giving of such notice.

12.03 Entire Agreement; Supersedure. This Operating Agreement constitutes the entire Operating Agreement of the Members and Holders relating to the Company and supersedes all prior contracts or agreements with respect to the Company, whether oral or written.

12.04 Effect of Waiver or Consent. A waiver or consent, express or implied, to or of any breach or default by any Person in the performance by that Person of its obligations with respect to the Company is not a consent or waiver to or of any other breach or default in the performance by that Person of the same or any other obligations of that Person with respect to the Company. Failure on the part of a Person to complain of any act of any Person or to declare any Person in default with respect to the Company, irrespective of how long that failure continues, does not constitute a waiver by that Person of its rights with respect to that default until the applicable statute-of-limitations period has run.

12.05 Amendment or Modification. This Operating Agreement may be amended or modified from time to time only by a written instrument adopted by a majority of the Membership Interests; provided, however, that (a) an amendment or modification reducing a Member's Sharing Ratio or increasing its Capital Contribution (other than to reflect changes otherwise provided by this Operating Agreement) is effective only with that Member's consent, (b) an amendment or modification reducing the required Membership Interests for any consent or vote in this Operating Agreement is effective only with the consent or vote of Members having the Membership Interests theretofore required, and (c) amendments of the type described in Section 3.04 may be adopted as therein provided.

12.06 Binding Effect. Subject to the restrictions on Dispositions set forth in this Operating Agreement, this Operating Agreement is

binding on and inures to the benefit of the Members and their respective heirs, legal representatives, successors, and assigns.

12.07 Governing Law; Severability. This Operating Agreement is governed by and shall be interpreted in accordance with the law of Alabama, excluding any conflict of laws rule or principle that might refer to the laws of another jurisdiction to interpret this Agreement. In the event of a direct conflict between the provisions of this Operating Agreement and (a) any provision of the Articles, or (b) any mandatory provision of the Act or (to the extent such statutes are incorporated into the Act) the ABCA, the application provision of the Articles, the Act, or the ABCA shall control. If any provision of this

Operating Agreement or its application to any Person or circumstance is held invalid or unenforceable to any extent, the remainder of this Operating Agreement and its application to other Persons or circumstances shall not be affected and that provision shall be enforced to the greatest extent permitted by law.

12.08 Further Assurances. In connection with this Operating Agreement and the transactions contemplated hereby, each Member shall execute and deliver any additional documents and instruments and perform any additional acts that may be necessary or appropriate to effectuate and perform the provisions of this Operating Agreement and those transactions.

12.09 Indemnification. To the fullest extent permitted by law, each Member or Holder of Financial Rights shall indemnify the Company, and each other Member and hold them harmless from and against all losses, costs, liabilities, damages, and expenses (including, without limitation, costs of suit and attorney's fees) they may incur on account of any breach by that Member or Holder of this Operating Agreement.

12.10 Notice to Members of Provisions of this Agreement. By executing this Operating Agreement, each Member acknowledges that it has actual notice of (a) all of the provisions of this Agreement, including, without limitation, the restrictions on the transfer of Membership Interests set forth in Article III, and (b) all of the provisions of the Articles, including, without limitation, the fact that the Articles provide that no Member shall have the preemptive right to acquire any Membership Interests or securities of any class that may at any time be issued, sold or offered for sale by the Company. Each Member hereby agrees that this Operating Agreement constitutes adequate notice of all such provisions and each Member hereby waives any requirement that any further notice thereunder be given.

12.11 Counterparts. This Operating Agreement may be executed in any number of counterparts with the same effect as if all signing parties had signed the same document. All counterparts shall be construed together and constitute the same instrument.

**IN WITNESS WHEREOF**, the Members have executed this Operating Agreement as of the date first set forth above.

Dated this the 4th day of May, 2020.

## Freestanding Play Events

**Freestanding** play equipment and accessories as manufactured by GameTime, a PlayCore Company, P.O. Box 680121, Fort Payne, Alabama 35968-0121, Phone: 1-800-235-2440, [www.GameTime.com](http://www.GameTime.com), shall adhere to the following specifications:

- A. Molded Polyethylene – Products are to be rotationally molded plastic with a ¼" nominal wall thickness. All plastic is to be U.V. stabilized with optional graphics molded into the component during the molding process. Molded products shall have an anti-static additive and be available in any of the manufacturer's standard colors.
- B. High Density Polyethylene shall be made from either ½" or ¾" thick (depending on application used) high density, UV-stabilized and color impregnated polyethylene.
- C. Cables - shall be 18mm polyester twisted type with the following properties: calculated tensile strength of >60kN, quantity 6 strands 2.8mm diameter each, steel strands shall have QTY 19 steel wires diameter .62mm each, quantity 3 fiber core 2.7mm diameter each, UV protected polyester impregnated. Terminations shall be made of the following materials: Aluminum forks, stainless steel D-shackles, stainless steel lifting eye nuts. Connections shall be made of the following: Aluminum connector eggs, aluminum 2-piece T-joints, aluminum T-joints, aluminum in-line connector, aluminum ferrules.
- D. Hardware – All nuts, bolts, screws, inserts, and lock washers used in the assembly of all play equipment shall be stainless steel, yellow dichromate plated steel, blue-coat plated steel, mechanically galvanized or powder coated/yellow dichromate plated steel. All primary fasteners shall be 304 alloy stainless steel. Fasteners with yellow dichromate treatment have an electro-deposited, 99.9% pure zinc substrate applied from a specially formulated solution sealed with a yellow dichromate topcoat designed to work in conjunction with the zinc plating. Yellow dichromate has a 320% longer life to white corrosion and 275% longer to red corrosion than does hot-dip galvanizing. PowerScape Plus stainless-steel fasteners shall be button pin-in head, socket cap screws with a two-part epoxy locking patch added to the threads. The two-part locking patch shall consist of one part resin and one part catalyst which are activated during installation. After curing, the material shall require a minimum of five times the installation torque to remove the fastener. Manufacturer shall provide special installation tools for pinned fasteners.

### FINISHES

- A. Polyester (Powder) Coating – The polyester coating shall be uniformly applied by the electrostatic method to a minimum thickness of four mils. Promptly after application of the powder, the coating shall be oven-cured at 350 degrees Fahrenheit. The color(s) of the polyester coating shall be as selected by the Architect from the manufacturer's standard and/or custom color selection charts. The paint process must adhere to the Powder Coat Institute 4000 Certification.
- B. Galvanized Finish – All components shall have a galvanized finish prior to powder coating and shall be protectively coated with ZRP, a zinc primer that forms a rust-resistant barrier layer. All galvanized surfaces shall be free of burs, splinters, and sharp edges.

## Individual Product Specifications

### Balancing:

#### 6232 – Pod

- 2.375" O.D. x .095" and 1.9" O.D. x .095" galvanized steel tubing
- .109" hot rolled steel
- Linear low-density polyethylene
- UV-stabilized color
- Anti-static compound additive
- All-weld assembly
- Coated after fabrication with a powder coat finish

### Early Childhood:

#### 6299 – Inclusive Seesaw

- 11-13/16" x 7-7/8" x 1/4", 6-5/8" O.D. x 3/16", and 1-5/16" O.D. x .083" wall galvanized steel tubing
- .120", 9/16", 3/8", 3/16", and 1/4"-thick hot rolled steel
- 1/2" and 3/4"-thick high density, UV-stabilized and color-impregnated polyethylene
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

### Miscellaneous:

#### 91242 – Roller Table

- 1-5/16" O.D. x .083", 1 1-1/16" O.D. x .075", and 1.90" O.D. wall galvanized steel tubing
- 3/16" hot rolled steel
- 3 1/2" O.D. x .125" and 1 1/4" wall aluminum tubing
- 1/4" aluminum
- 12 gauge steel
- 7/16" hexagonal stainless steel
- One-piece weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating and an oven cured matte finish PVC coating

### Motion:

#### 6272 – Merry Go All

- 1-5/16" O.D., 3-1/2" O.D., 2-7/8" O.D., 1-5/8" O.D., 2-3/4" O.D., 8-1/2" O.D., 1 1/4", 3" SCH. 40 galvanized pipe
- 14 gauge galvanized steel
- 11 gauge, 1/4", 3/16", 1/8" hot rolled steel
- 5/8" cold rolled steel
- 3/16" Color-impregnated, molded polyethylene
- Linear low-density material
- UV-stabilized color
- Anti-static compound additive
- All-weld assembly

- Coated after fabrication with a powder coat finish

## **Signs:**

### **14928 – NDS Inclusive Play Sign Package**

- 3 1/2" O.D. x .095" wall galvanized steel tubing
- 1/4"-thick hot rolled steel
- 1/2"-thick exterior DHPL
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

## **Swings:**

### **5058 – Arch Swing (Galvanized)**

- 3-1/2" O.D. galvanized steel tubing
- .083", 3/8", thick hot rolled steel
- 304 stainless steel
- SAE 841 oil-impregnated bronze
- #80 and #50 4/0 straight link coil steel chain
- 18mm diameter UV protected nylon rope
- High-density polyethylene
- Linear low-density polyethylene
- UV-stabilized color
- Anti-static compound additive
- Nominal wall thickness of .25"
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

## Powerscape Playground System

### **PART 1 – GENERAL**

#### **1.01 SUMMARY**

- A. Section includes composite structure, stand-alone play events and accessories.
- B. Basis of design is **PowerScape®** modular play structures, free-standing play equipment and accessories as manufactured by GameTime, a PlayCore Company, P.O. Box 680121, Fort Payne, Alabama 35968-0121, Phone: 1-800-235-2440, [www.GameTime.com](http://www.GameTime.com).

#### **1.02 SUBMITTALS**

- A. Product Data: Include physical characteristics such as shape, dimensions, gauge and material for each component. Provide finish information and available colors.
- B. Shop Drawings: Include plans, elevations, details, and installation instructions for each component.
- C. Warranty: Include sample of manufacturer's standard warranty.

#### **1.03 QUALITY ASSURANCE**

- A. Manufacturer Qualifications: Equipment components shall be certified by IPEMA's third party product certification service. Equipment and structural components shall bear the IPEMA certification seal. IPEMA validation is available at [www.ipema.org](http://www.ipema.org).
- B. Installer: Must be certified by the manufacturer.
- C. Safety Standards: Comply with requirements of ASTM F 1487.

#### **1.04 WARRANTY**

- A. Warranty shall meet or exceed the warranty provisions of GameTime as follows:

**Lifetime** limited warranty on PowerScape®, PrimeTime®, Modern City®, Xscape® & IONiX® uprights.

**Lifetime** limited warranty on Tru-Loc® connections and upright bolt-through connections.

**Lifetime** limited warranty on all hardware.

**20 Year** limited warranty on Timber Décor™ & Timbers recycled plastic lumber.

**15 Year** limited warranty on metal decks, pipes, rungs, rails, loops, braces, and footbucks.

**15 Year** limited warranty on rotationally molded products.

Last Updated 3.8.2022

- 15-Year** limited warranty on VistaRope nylon bearings and ring junction pieces.
- 10 Year** limited warranty on GTFit, THRIVE and Challenge Course posts & bars.
- 10 Year** limited warranty on site furnishings against structural failure.
- 10-Year** limited warranty on SunBlox® products.
- 10 Year** limited warranty on integrated GTShade® products.
- 10 Year** limited warranty on fiberglass and DHPL signage.
- 10-Year** limited warranty on VistaRope WeaveTech cables.
- 5 Year** limited warranty on TuffForms® structures, including TuffCrete™ and PolyShield.
- 5 Year** limited warranty on nylon covered cable net climbers and components.
- 5 Year** limited warranty on GT Symphony Freenotes™ Harmony Park components.
- 5 Year** limited warranty on Super Seats™.
- 5-Year** limited warranty on premature wear of VistaRope cables.
- 3 Year** limited warranty on Everybody Plays polyurea coated foam & rubber strips.
- 3 Year** limited warranty on SaddleMates® rubber and “C” springs.
- 3-Year** limited warranty on SureGrip Material
- 2 Year** limited warranty on Challenge Course timing components.
- 1 Year** limited warranty on all other GameTime products.

## **PART 2 – PRODUCTS**

### **2.01 MATERIALS**

#### **A. Main Structural Uprights**

1. *Shall be 5” outside diameter tubing, 1/8” wall thickness, extruded from 6005A-T61 aluminum alloy conforming to ASTM-B-221. Minimum yield strength shall be 35,000 psi and minimum tensile strength shall be 38,000 psi. All upright posts shall be coated with a custom formula TGIC polyester powder coating in conformance with the specification outlined herein.*

(AND/OR)

2. *Shall be 5” outside diameter, 11 gauge (nominal .120”) galvanized round tubing, manufactured to ASTM A-1011 Grade B tolerances from cold-formed steel conforming to ASTM A-569 Sheet Spec for steel coil. Minimum yield strength shall be 45,000 psi and*

Last Updated 3.8.2022

A PLAYCORE Company

*minimum tensile strength shall be 48,000 psi. The exterior surface is In line Zinc Flo Coating with a zinc coating of .03 thickness minimum, chromate conversion coated, and a clear high performance organic polymer is applied. Galvanizing coverage shall demonstrate the ability to exceed 1000 hours salt spray corrosion exposure in accordance with ASTM B-117. Internal surface zinc rich 91% minimum zinc dust content in organic resin, as per ASTM F-1043. All upright posts shall be coated with a custom formula TGIC.*

- B. Tru Loc Connectors – Must attach directly to factory preset threaded insert in the uprights to ensure full field compliance with current safety standards. Hinged, or any clamps, that require field locating or field drilling or installation are not acceptable, due to the susceptibility of installation out of compliance with safety standards.
- C. Plastisol Coated Steel – Products including decks, platforms, steps, and bridges shall be fabricated from 11-gauge perforated steel with a .08" minimum thickness, textured slip-resistant polyvinyl chloride plastisol dipped coating. Square deck size must be at least 49" x 49" (2,401 square inches), and triangular decks must be equally 49" on all sides (1,040 square inches) and bolt through the uprights. Decks must attach directly to threaded inserts factory installed to uprights, using (2) 3/8" bolts at each upright connection point to eliminate the possibility of deck slipping. Plastisol coating must be free of latex and tested to meet California standards for phthalate levels and safe for children.
- D. Molded Polyethylene – Products are to be rotationally molded plastic with a 1/4" nominal wall thickness. All plastic is to be U.V. stabilized with optional graphics molded into the component during the molding process. Molded products shall have an anti-static additive and be available in any of the manufacturer's standard colors.
- E. High Density Polyethylene shall be made from either 1/2" or 3/4" thick (depending on application used) high density, UV-stabilized and color impregnated polyethylene.
- F. Metal Climbers and Enclosures – Products shall be fabricated from 1 5/16" OD x .083" (14 gauge) wall galvanized steel tubing with vertical members fabricated of 1 1/16" OD x .075 (15 gauge) wall galvanized steel tubing. All tubing used shall be an electrical resistance welded, cold rolled, high strength steel tubing. The exterior coating will consist of an In-line Zinc Flo Coating with a zinc coating of .03 thickness minimum, chromate conversion, and acrylic over-coating. The interior coating will consist of a special organic acrylic modified polyester.
- G. Cables - shall be 18mm polyester twisted type with the following properties: calculated tensile strength of >60kN, quantity 6 strands 2.8mm diameter each, steel strands shall have QTY 19 steel wires diameter .62mm each, quantity 3 fiber core 2.7mm diameter each, UV protected polyester impregnated. Terminations shall be made of the following materials: Aluminum forks, stainless steel D-shackles, stainless steel lifting eye nuts. Connections shall be made of the following: Aluminum connector eggs, aluminum 2-piece T-joints, aluminum T-joints, aluminum in-line connector, aluminum ferrules.
- H. Hardware – All nuts, bolts, screws, inserts, and lock washers used in the assembly of all play equipment shall be stainless steel, yellow dichromate plated steel, blue-coat plated steel, mechanically galvanized or powder coated/yellow dichromate plated steel. All primary fasteners shall be 304 alloy stainless steel. Fasteners with yellow dichromate treatment have

Last Updated 3.8.2022

an electro-deposited, 99.9% pure zinc substrate applied from a specially formulated solution sealed with a yellow dichromate topcoat designed to work in conjunction with the zinc plating. Yellow dichromate has a 320% longer life to white corrosion and 275% longer to red corrosion than does hot-dip galvanizing. PowerScape Plus stainless-steel fasteners shall be button pin-in head, socket cap screws with a two-part epoxy locking patch added to the threads. The two-part locking patch shall consist of one part resin and one part catalyst which are activated during installation. After curing, the material shall require a minimum of five times the installation torque to remove the fastener. Manufacturer shall provide special installation tools for pinned fasteners.

## **2.02 REQUIRED COMPONENTS**

- A. In addition to the requirements contained in this section, refer to layout drawings and schedules of components and accessories on drawings.
- B. All components, accessories, hardware, and other items required for a complete and usable system shall be provided.

## **2.03 FINISHES**

- A. Polyester (Powder) Coating – The polyester coating shall be uniformly applied by the electrostatic method to a minimum thickness of four mils. Promptly after application of the powder, the coating shall be oven-cured at 350 degrees Fahrenheit. The color(s) of the polyester coating shall be as selected by the Architect from the manufacturer's standard and/or custom color selection charts. The paint process must adhere to the Powder Coat Institute 4000 Certification.
- B. Galvanized Finish – All components shall have a galvanized finish prior to powder coating and shall be protectively coated with ZRP, a zinc primer that forms a rust-resistant barrier layer. All galvanized surfaces shall be free of burs, splinters, and sharp edges.

# **PART 3 – EXECUTION**

## **3.01 INSTALLATION**

- A. General – Comply with manufacturer's written installation instructions.
- B. Uprights – Set posts in concrete footings. Protect finish during installation. Comply with locations, height, and plumb requirements.

## **3.02 FIELD QUALITY CONTROL**

- A. Installation shall be performed by factory certified technicians with at least 3 years experience installing playground equipment

### **3.03 COMPLETION**

- A. Protect installed products until completion of project.
- B. Touch up, repair, or replace damaged products before substantial completion.
- C. Installer shall turn over all installation instructions, parts lists, maintenance instructions, tool kits, and spare materials to the owner upon completion.

## Individual Product Specifications

:

### 91685 – Modern Transfer Attachment

- 1-5/8" O.D. x .109" and 1-5/16" O.D. x .083" wall galvanized steel tubing
- 12 Gauge and 3/16" H.R. Steel
- All weld assembly
- Coated after fabrication with an oven cured matte finish polyvinyl chloride (PVC) coating and TGIC polyester powder

### Access Components:

#### 80687 – Handhold/Kick Plate Pkg

- 1-1/16" O.D. x .072" wall galvanized steel
- 3/16" and .120" hot rolled steel
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

#### 90546 – Climber Archway w/D-Ring & Barrier

- 1-1/16" O.D. x .075" and 1-5/16" O.D. x .083" wall galvanized steel tubing
- 3/16" hot rolled mounting tabs
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

#### 90673 – Ramp (Guardrail)

- 1-5/16" O.D. x .083" and 1- 1/16" O.D. x .075" wall galvanized steel tubing
- 2" square x 3/16" wall tubing
- 3/8" x 3-1/2" hot rolled steel
- Matte PVC coating
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder

#### 91139 – Entryway - Barrier

- 1-5/16" O.D. x .083" and 1-1/16" O.D. x .075" wall galvanized steel tubing
- 3/16" Hot Rolled Mounting Tab
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

#### 91146 – Entryway - Guardrail

- 1-5/16" O.D. x .083" wall galvanized steel tubing
- 3/16" hot rolled steel
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

### Attachments:

#### 3907 – Bells

- 1-5/16" O.D. x .083" wall galvanized steel tubing
- 11 gauge steel

- ¾" high density polyethylene
- All weld assembly
- Coated after fabrication in TGIC polyester powder coating

80612 – Deck Curb

- 3/16" x 6" hot rolled steel
- ½" x 41" long hot rolled steel
- One-piece welded assembly
- Coated after fabrication with an oven cured matte finish PVC coating

80931 – Single Gizmo Panel

- 1-5/16" O.D. x .083" wall galvanized steel tubing
- 3/16" stainless steel
- 2-1/2"-thick, color-impregnated linear low density polyethylene
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

81669 – Hand Cyclor

- 1 ½" O.D. LW and 1" O.D. LW galvanized steel tubing
- 3/16"-thick stainless steel
- 3/4"-thick (2 color) high-density, UV-stabilized and color-impregnated polyethylene
- 1 ½" molded urethane
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

81696 – Crunch Bar

- 1-1/16" O.D. x .075"(15 gauge) wall galvanized steel tubing
- Coated after fabrication with a custom formula of TGIC polyester powder coating

81699 – Bongos

- color-impregnated linear low density polyethylene

81766 – Leaf Seat

- 1-1/16" O.D. x .072" and 1-5/16" O.D. x .083" wall galvanized steel pipe
- 3/16" hot rolled steel
- color-impregnated rotationally molded linear low density polyethylene
- All-weld assembly
- Coated with a custom formula of TGIC polyester powder coating

90317 – Toad Stool Climber

- 2-3/8" O.D. x .095" wall galvanized steel tubing
- 3/16" x 6" diameter hot rolled steel
- GTX Engineered Rubber
- 12-7/8" diameter x 12"

90545 – Wave Climber - 4'

- 3/16" x 2-1/2" hot rolled steel
- color-impregnated linear low density polyethylene
- Coated after fabrication with a custom formula of TGIC polyester powder

**Decks:**

80001 – Punched Steel Deck

- 3/16" x 3-1/2", 1/4" x 3-1/2", and 1/8" x 2-1/2" hot rolled steel
- Minimum surface area of 1,039 square inches
- 49" center to center spacing on the upright posts
- 12" support grid underneath the entire deck surface
- One-piece welded assembly
- Coated after fabrication with an oven cured matte finish polyvinyl chloride (PVC) coating
- Directly bolted to the upright posts with six 3/8" diameter button-pin-in-head, hex socket cap screws

#### 80082 – Slide Transfer

- 1-5/16" O.D. x .083" (14 gauge) wall galvanized steel tubing
- 11 gauge punched steel with a protective P&O finish
- One-piece welded assembly
- Matte PVC coating
- Coated after fabrication with a custom formula of TGIC polyester powder

#### 90005 – Two Piece Hex Deck, Ada Ramp Access

- 1/8" x 3-1/2" and 1/8" x 2-1/2" hot rolled steel
- Minimum surface area of 3,117 square inches
- 49" center to center spacing on the upright posts
- 12" support grid underneath the entire deck surface
- One-piece welded assembly
- Coated after fabrication with an oven cured matte finish polyvinyl chloride (PVC) coating
- Directly bolted to the upright posts with twelve 3/8" diameter button-pin-in-head, hex socket cap screws

### Links:

#### 16716 – Accessible Ramp Link

- 1-5/16" O.D. x .083", 2" square x 3/16", and 1- 1/16" O.D. x .075" wall galvanized steel tubing
- 3/8" x 3-1/2" hot rolled steel
- Punched steel
- Matte PVC coating
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

#### 90407 – Accessible Punched Steelway Guardrail - 2-Deck

- 1-5/16" O.D. x .083" and 1-1/16" O.D. x .075" wall galvanized steel tubing
- 3/8" x 3-1/4", 1/4" x 2-1/2", and 3/8" x 1" hot rolled steel
- Punched steel
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

#### 91600 – HDPE Vertical Ladder - 2'0"

- 3/4"-thick high-density, UV-stabilized and color-impregnated polyethylene

### Panels:

#### 90178 – Accessible Crow's Nest w/ Telescope

- 3 1/2" O.D. galvanized pipe
- 3/16" x 3-1/2" and 1/8" x 2-1/2" hot rolled steel

- Punched steel
- Minimum surface area of 501 square inches
- One-piece weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

90186 – Ashiko & Djembe Panel

- color-impregnated linear low density polyethylene
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

90216 – Rung Enclosure w/ Barrier

- 1-5/16" O.D. x .083" and 1-1/16" O.D. x .075" wall galvanized steel tubing
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

90354 – Counter Panel

- 1-5/16" O.D. x .083" wall galvanized steel tubing
- 3/4"-thick high density, UV-stabilized and color-impregnated polyethylene
- Coated after fabrication with a custom formula of TGIC polyester powder coating

90429 – Accessible Crow's Nest Molded Steer Wheel

- 3/16" x 3-1/2" and 1/8" x 2-1/2" hot rolled steel
- Punched steel
- Minimum surface area of 501 square inches
- 13-3/4" in diameter
- One-piece weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

91024 – Drivers Panel

- UV-stabilized
- color-impregnated linear low density polyethylene
- Minimum 0.25' wall thickness

91364 – Sensory Wave® Panel w/ Chimes

- 1-5/16" x .083", 1-1/16" x .075", and 1-5/8" O.D. x .083" wall galvanized steel tubing
- .083" galvanized punched steel
- 1/2"-thick (solid) high-density, UV-stabilized and color-impregnated polyethylene
- 11 Ga/ steel
- 3/4" high-density polyethylene
- Purchased stainless steel
- Coated after fabrication with a custom formula of TGIC polyester coating

91546 – Metallophone Panel

- 3/4"-thick (solid) high-density, UV-stabilized and color-impregnated polyethylene

91587 – Braille Panel

- 1/2" (solid) high-density, UV-stabilized and color-impregnated polyethylene

91805 – Communication Panel

- 3/4" thick digital high pressure laminate
- Aluminum casting

## Playground Covers:

**80214 – Kite Roof Hex**

- 5" O.D. x .120" wall galvanized steel
- 120", .109", and .083" H.R. steel
- 413 die cast aluminum alloy
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

**Slides:**

**90701 – Double Entrance Wilderslide II**

- 1-5/8" O.D. x .083" wall galvanized steel tubing
- 3/16" hot rolled steel
- color-impregnated linear low density polyethylene
- 20" inside diameter
- 40° maximum slope
- Minimum 40" radius
- Maximum of 4°
- Integrated drain at 5°
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

**90703 – Straight Section Wilderslide II**

- 1-5/8" O.D. x .083" wall galvanized steel tubing
- 3/16" hot rolled steel
- color-impregnated linear low density polyethylene
- 20" inside diameter
- 40° maximum slope
- Minimum 40" radius
- Maximum of 4°
- Integrated drain at 5°
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

**90704 – Left Curve Section Wilderslide II**

- 1-5/8" O.D. x .083" wall galvanized steel tubing
- 3/16" hot rolled steel
- color-impregnated linear low density polyethylene
- 20" inside diameter
- 40° maximum slope
- Minimum 40" radius
- Maximum of 4°
- Integrated drain at 5°
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

**90705 – Right Curve Section Wilderslide II**

- 1-5/8" O.D. x .083" wall galvanized steel tubing
- 3/16" hot rolled steel
- color-impregnated linear low density polyethylene
- 20" inside diameter
- 40° maximum slope

A PLAYCORE Company

- Minimum 40" radius
- Maximum of 4°
- Integrated drain at 5°
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

#### 90706 – Exit Section Wilderslide II

- 1-5/8" O.D. x .083" wall galvanized steel tubing
- 3/16" hot rolled steel
- color-impregnated linear low density polyethylene
- 20" inside diameter
- 40° maximum slope
- Minimum 40" radius
- Maximum of 4°
- Integrated drain at 5°
- All-weld assembly
- Coated after fabrication with a custom formula of TGIC polyester powder coating

## **SAFETY WARNINGS & EQUIPMENT INSPECTION**

- Owners and installers please note these safety warnings and make use of this checklist on a regular basis.
- Follow installation instructions when erecting equipment.
- Ground surfaces around equipment should be restored as needed. Concrete footings should never be exposed. Surface depth should comply with ASTM and CPSC specifications.
- Check for and repair damage caused by wear or vandalism, a major factor in injury causing situations.
- All protruding bolts should be covered or cut off and finished smooth. Sharp edges on pipes should be capped or removed. Check for bent, broken, or severely worn pipe, and replace.
- All equipment should be free of rust and repainted whenever necessary to deter rusting.
- We provide our customers with layout sheets and installation instructions. Please keep on file the specifications sheet that contains the listing of every part used.
- Never add components not intended for use with this product.
- Regular maintenance is necessary in this and all park and recreational equipment to insure the safety of the user.
- Note: Proper maintenance of equipment requires regular tightening of all bolts, nuts, and setscrews.
- Note: Regular checking of all parts, castings, etc. should be made. If a part is broken or worn, it should be replaced immediately.
- Check to be sure all fittings are tight and that bars and pipes do not move.
- Replace all worn S-hooks. S-hooks must be completely closed. Failure to close S-hooks can result in serious injury to the user. NEVER reuse S-hooks.
- Test for free movement of swing hanger and other moving attached parts.
- Check for worn chains and replace them.
- A soft resilient surface should be placed under all swings extending at least twice the height of the top rail both front and back.

# ULTRA SITE PRODUCT SPECIFICATIONS

## **1009SM POST MOUNTED SANITIZER, INCLUDES BOTTLE & SANITIZER**

Sanitizer Enclosure: 20 gauge aluminum, riveted together. Includes lock and adjustable shelf to accommodate different sanitizer bottle sizes.

Post: 2" square x 11ga pre-galvanized structural steel tubing. Surface mount plate is 6" x 6" x 1/4" steel plate. Mounting holes are spaced 4" apart, center to center. Electrically MIG welded.

Sanitizer: 33.8 oz bottle, lemongrass scent

Coating: Electrostatic powder coat, oven cured

Hardware: Stainless steel hardware fasteners.

Sanitizer Enclosure Dimensions: 4-9/16" wide x 5" deep x 10-1/4" tall.

Overall Dimensions: 6" wide x 7" deep x 45-1/4" tall.

# COMPONENTS

ITEM NO.	PartNo	DESCRIPTION	QTY.
1	01-05-0307	hand sanitizer post	1
2	01-05-0300	hand sanitizer box assembly	1
3	01-08-0106	Cabinet Lock w/ Keys (REF# VLT-080813-LM1)	1
4	01-08-0166	Pet waste station bag/sanitizer box - inside shelf	1
5	01-05-0326	33.8 oz. Hand Sanitizer Bottle	1
6	33-02-0007	5/16" SS Washer	2
7	33-03-0012	5/16" Kep Nut (SS)	2
8	01-05-0312	sanitize hands here label	1

## STEP 1

1. Attach sanitizer enclosure to post using specified hardware.
2. Insert shelf and sanitizer bottle into sanitizer enclosure.

# OVERALL DIMENSIONS

## **Poured in Place**

### **Product Specification**

## **PART 1 - GENERAL**

### Work Details:

This work includes furnishing and installing GT Impax recycled poured rubber surfacing.

GT Impax recycled poured rubber surfacing shall be poured in place and trowelled to provide for a resilient, seamless rubber surface installed over the specified base. The surfacing provider shall be responsible for all labor, materials, tools, equipment, and applicable taxes to perform all work and services for the installation of the surface. The surface shall be stable and slip resistant to comply with all requirements set forth in the Americans with Disabilities Act.

### Quality Assurance & Compliance Details:

*Impact Attenuation - ASTM F1292-04:* Impact attenuation test results will be provided to the owner or owner's representative. These test results shall be certified and submitted on the letterhead of an independent testing lab. Impact attenuation test results shall meet or exceed Consumer Product Safety Commission Guidelines for impact attenuation (G-max and Head Injury Criteria (HIC).

*Accessibility of Surface Systems - ASTM F1951-08:* All Playground surfacing products must pass testing to ensure wheelchair access under and around playground equipment as required by the American Disabilities Act.

*Coefficient of Friction - ASTM D2047-82:* All products must meet a minimum standard on coefficient of friction of .9-wet, 1.0 dry.

*Permeability:* Product shall meet or exceed a coefficient of permeability of 0.4 gallons per square yard per second.

*Flammability of Finished Floor cover - ASTM D2859:* Product shall meet requirements of ASTM D2859.

*Tensile Strength - ASTM D412-87:* This test indicates a product's ability to stretch, and how far it will stretch before it breaks. Test results for wear course must be a minimum tensile strength of 60.

PSI and minimum % elongation @ break of 140%.

*IPEMA Certification:* Manufacturer must provide proof of certification. "In the interest of public playground safety, IPEMA provides an independent laboratory which validates a manufacturer's certification of conformance to ASTM F1292-04. A list of current validated products, their thickness and critical heights may be viewed at [www.ipema.org](http://www.ipema.org)."

#### Submittal Details:

Submittal packages shall include but not be limited to: (1) product samples, (2) supplier's written warranty, and (3) independent laboratory results.

## **PART 2 - MATERIAL DATA:**

Polyurethane Primer and Binder - 100% Single Component Polyurethane Binding Agent - Methylene Diphenyl Isocyanate (MDI) based binder.

Aromatic Binder - All projects will include aromatic binder unless project specifies the use of aliphatic binder. The natural properties of the aromatic binder is to present a yellow tint which may cause some EPDM/TPV colors to amber. The yellowing affect is more common on lighter EPDM colors and will wear off with foot traffic and weathering.

Aliphatic Binder - This binder is available upon request but at an added cost to the over all project. Aliphatic binder is all clear providing full EPDM/TPV color from day one. This binder has a higher resistance to ultra violet light and provides a greater resistance to wear.

Impact Course - The impact layer is to be a precise combination of 100% recycled black Styrene Budadine Rubber (SBR) and polyurethane binder. SBR is manufactured as a liquid, poured into molds and generally used by the automobile industry. This recycled rubber is shredded, mixed with binder and hand-trowelled to create a seamless application. The impact course thickness, as specified by owner or architect, must be composed of recycled rubber and free of foreign matter.

Wear Course - The wear course is made of Ethyl Propolyne Dione Monomer (EPDM) or Thermal Plastic Vulcanized (TPV) pigmented rubber granules with polyurethane binder. Thickness of the wear course shall be a minimum 1/2".

EPDM- The granule size will be 1-3 mm in diameter.

TPV- The granule size will be 1-4 mm in diameter.

## PART 2 - MATERIAL DATA (Continued)

Colors - The color of GT Impax recycled poured rubber surfacing will be indicated on plans. Owner or owner's representative will be responsible for selecting standard blends. Selection of either standard color blends or custom color blends must be made at time quotation is being requested. EPDM/TPV colors are available in 100% black and a variety of colors. Ask your GameTime representative for available color combinations.

***Note: If graphic designs and color transitions are used, they shall be full wear course depth. Color(s) to be determined by architect. Graphic Templates are the responsibility of the Architect or owner.***

### Physical Properties:

Tensile Strength (ASTM D412)	60 PSI, minimum
Elongation at Break (ASTM D412)	140%, minimum
Flammability (ASTM D2859)	Pass
Coefficient of Friction (ASTM D204)	
Wet	0.9, minimum
Dry	1.0, minimum
Water Permeability	0.4 gal. /sq. yd./sec., minimum

## PART 3 - SUB-BASE TYPES & DETAILS:

Sub-base Requirements - The base shall have the specific maximum slope (2%) and shall vary no more than 1/8" when measured in any direction with a 10' straight edge.

Stone - The density requirement is 90% to 95% compaction with final condition of stone as level and stable so as not to shift when traveled on or during surface installation process. A compaction test is required and must be submitted to GameTime prior to installation of poured rubber surfacing. Failure to provide proof of compaction test will void 5-year warranty of PIP surfacing should signs of sub-base failure occurs.

<u>Depth:</u>	4 inch minimum thickness.
<u>Slope:</u>	Stone elevation shall maintain 1/4" per foot toward low end.
<u>Porosity:</u>	Base course shall maintain porosity for direct drainage.
<u>Enclosure:</u>	Stone base course must be surrounded by a retaining curb.
<u>Drainage:</u>	Subsurface drainage is recommended under and around a stone base. Perforated pipe or similar system is acceptable.
<u>Tolerances:</u>	1/4" in any 10-foot direction and 1/8" in any 3-foot direction.
<u>Stone Selection:</u>	It is critical that different size stones are used so that the base shall be uniformly mixed. The material shall be wetted during mixing operations if necessary for proper blending.

## PART 3 - SUB-BASE TYPES & DETAILS (Continued)

### Stone Graduation U.S. Sieve Percent Passing

1"	100
3/4"	90 - 100
No. 4	35 - 60
No. 30	10 - 30
No. 200	2 - 9

Concrete or Asphalt - Concrete should be finished with a medium broom finish. All new concrete slabs must cure for a minimum of seven (7) days prior to installation. Asphalt cure time requires fourteen (14) days. Once the new asphalt has cured, it must be pressure washed prior to the surfacing being installed. The concrete contractor shall be responsible for flooding the pad to insure proper slope and tolerance. Any areas holding enough water to cover a flat nickel shall be patched prior to arrival of poured rubber installation crews.

Depth: 4 inch minimum thickness.

Slope: Concrete or asphalt shall maintain  $\frac{1}{4}$ " per foot.

Tolerance: Concrete must maintain a tolerance of  $\frac{1}{8}$ " in 10 ft. to avoid low areas that will hold water under the poured rubber surfacing.

## PART 4 - SITE PREPARATION AND REQUIREMENTS:

Drainage - Having proper drainage at the low end of the concrete slab is of utmost importance. Any brick walls or curbs at the low end of the slab shall have drainage access through weep holes. Concrete curbing weep holes should be level with finish grade of sub-base or a minimum of  $\frac{1}{8}$ " below top of concrete slab, as GT IMPAX recycled poured rubber surfacing is porous and water drains immediately through it. Weep holes shall be 2" high and 3" wide and shall be installed every three (3) feet. If weep holes are smaller than the recommended size, they shall be installed every 18". Floor drains shall be located outside the high impact areas, as the drains may not be covered with GT IMPAX poured rubber surfacing. Recommended locations for drains are against low-end wall or curb.

Security & Waste Disposal - Surface installation crew shall be responsible for the protection of surface during the installation process while on site only. Owner or general contractor shall be responsible for the protection of the surface during the curing period upon completion of the installation and overnight during the installation. Owner or general contractor shall be responsible for having a dumpster on site for all waste and debris. Failure to provide security and a dumpster will result in additional cost.

Utilities & Access - Power and water must be available within 300 feet of installation. Site will require tractor-trailer access. In a case where tractor-trailer access is not possible, owner or general contractor shall be responsible for transporting materials from delivering carrier to the installation site.

## PART 5 - INSTALLATION:

Weather Conditions - Because the polyurethane agents are moisture or heat sensitive, the nighttime temperatures must be above 40 degrees with daytime temperatures around 50 degrees. These temperatures must be consistent for several days before and after the poured rubber installation period. Complying with these weather conditions will prevent poured rubber from freezing which prevents proper curing.

Thickness - Overall depth of the poured rubber will vary based on critical fall heights and installers test results. Depth of EPDM/TPV will be no less than 0.5". Installation is performed by technically trained GameTime approved specialists. Your GameTime dealer will schedule installation of playground surfacing to meet your requirements.

### THICKNESS CHART - (Below depths include 0.5" EPDM/TPV Topcoat)

1' to 4' Critical Fall Height	1.5" to 2" Total Depth
5' Critical Fall Height	2" to 2.5" Total Depth
6' Critical Fall Height	2.5" to 3" Total Depth
7' to 8' Critical Fall Height	3" to 3.5" Total Depth
9' to 10' Critical Fall Height	4" to 4.5" Total Depth
11' to 12' Critical Fall Height	5.5" Total Depth

Cold Joints - Areas in excess of 2,000 square feet or areas that require adjacent color pours will have a cold joint or seam. Although seldom visible, seams are necessary when large pads require more than one day pours.

Edges - Surface edges shall be flush, beveled or rolled. It is important to advise what type of edge will be required so that the appropriate amount of materials are ordered.

Flush - When curbing is provided around the outside perimeters of the pad, the poured rubber will be adhered to the edge of the curbing so that the rubber surfacing is flush. This allows for a smooth transition into the play area. However, the sub-base should be installed to allow the proper depth of poured rubber so that the flush edge can be installed without having to fill voids by increasing the depth SBR materials. If the sub-base is not installed properly, using too much of the SBR materials can cause the installer to run short on the cushion course which is require a change order to add additional materials for the project.

Beveled - When curbing is not provided for concrete or asphalt sub-bases, the installers will bevel the edge down along the edge of the pad. This type of edge can be sloped to provide a smoother transition but will require additional materials. If beveled at the edge of the use zones, the edge can be more round due to the depth of the poured rubber. In this case, you may want to have a rolled edge added to allow a smooth transition for wheelchair users.

## **PART 5 - INSTALLATION (Continued)**

ADA Rolled - This is the type of edge to meet the requirements of ASTM 1951, Specifications for Determination of Accessibility of Surface Systems Under and Around Playground Equipment. The rolled edge will require additional materials in order to provide adequate ADA Wheelchair access. The total linear feet of the pad will need to be provided if the whole site is to be ADA compliant.

Keyway Cut - This type of an edge requires a trenched saw cut of ½" wide x ½" deep along the edge of the concrete or asphalt pad. The contractor or customer will be responsible for providing the keyway cut. There will be a up charge if the poured rubber installer is asked to provide this cut. The poured rubber will be beveled down into the saw cut where it will adhere preventing the exposure of a raw edge.

Cure Time - The poured rubber will require 72 hours (3 days) to properly cure. Security is required by the owner during this time so to avoid unnecessary damages.

## **PART 6 - WARRANTY:**

When used under playground equipment, GameTime's GT Impax recycled poured rubber is warranted against defects in materials and workmanship for five years.

When used with water play equipment, GameTime's GT Impax recycled poured rubber is warranted against defects in materials and workmanship for three years provided aliphatic binder is added. Without the aliphatic binder, the GT Impax recycled poured rubber will carry only one year warranty.

Ask you GameTime representative for a copy of our full GT Impax recycled poured rubber warranty details.

## **PART 7 - MAINTENANCE:**

Ask your GameTime representative for a copy of our full GT Impax recycled poured rubber maintenance details.
