BID NO.: 50-00130917

BID FORM
Non Public Works

All Public Work Projects are required to use the Louisiana Uniform Public Work Bid Form

All prices must be held firm unless an escalation provision is requested in this bid. Jefferson Parish will allow one escalation during the term of the contract, which may not exceed the U.S. Bureau of Labor Statistics National Index for all Urban Consumers, unadjusted 12 month figure. The most recently published figure issued at the time an adjustment is requested will be used. A request must be made in writing by the vendor, and the escalation will only be applied to purchases made after the request is made.

Are you requesting an escalation provision?

YES _____ NO X

MAXIMUM ESCALATION PERCENTAGE REQUESTED _____%

INITIAL BID PRICES WILL REMAIN FIRM THROUGH THE DATE OF January 31, 2021

For the purposes of comparison of bids when an escalation provision is requested, Jefferson Parish will apply the maximum escalation percentage quoted by the bidder to the period to which it is applied in the bid. The initial price and the escalation will be used to calculate the total bid price. It will be assumed, for comparison of prices only, that an equal amount of material or labor is purchased each month throughout the entire contract.

Bay Pest Control is licensed in the state of Louisiana. Bay Pest Control has provided pest control services since 1955. (60 + years).

The President of Bay Pest Control, Bruno Milanese, is a **certified Entomologist with over 33 years experience** in the pest control industry.

Bay Pest Control is a member of the Louisiana Pest Management Association, Professional Pest Management Association, National Pest Management Association and the Entomological Association of America. Bay Pest Control is certified by the National Pest Management Association to provide Integrated Pest Management to facilities as a Quality Pest Control Professional, a Green Pest Control Professional, a Food Processing and Handling Professional and is, Integrated Pest Management for schools certified.

Bay Pest Control will provide ***Jefferson Parish Department of General Services*** with an Integrated Pest Management program. Bay Pest Control shall adhere to the strictest standards of integrated pest management. All requirements can be met by Bay Pest Control.

At the beginning of every service each building will be thoroughly inspected on both interior and exterior. Bay Pest Control is inspecting for visible evidence of insects, insect droppings or insect/rodent entry points. Bay Pest Control will also inspect each building monthly for evidence of termites. Depending on what is found will determine the course of action.

The following steps will be applied to all buildings. Integrated Pest Management begins with sealing all entry points. Depending on the area and hole, Bay Pest Control will use stainless steel screen, steel wool and steel reinforced foam or caulking. Any of these applied correctly, and in a manner that is aesthetically pleasing, will keep insect pests out.

In the event additional treatment is needed to control an infestation, insect specific non-toxic baits will be used (gel baits, granular baits, liquid baits, dust baits, bait blocks, pre baited glue traps, etc.) All baits will be applied according to label directions and for the specifics of the facility. Special care will always be used to apply all products in a manner and location that is inconspicuous but will still achieve the desired result.

In the event that all of the above has not attained the tolerance threshold, Bay Pest Control will apply the least toxic, most effective insecticide, rodenticide, termiticide (as appropriate) needed to control the infestation. These products come in a variety of compound mixtures, (dust, granules, liquids etc.) and will always be applied according to label directions for a facility. When appropriate, Bay Pest Control will use insect growth regulators to not only control the current infestations but to help reduce/eliminate any future infestations.

Bay Pest Control currently services government buildings, hospitals, day care facilities, research facilities, universities, power plants and many other very sensitive accounts. Bay Pest Control is well versed in servicing government facilities and would be an excellent provider of pest control services for the ***Jefferson Parish Department of General Services***.
