BIDDER's Name

53861 Gratiot

Address

Chesterfield, MI 48051

City, State and Zip Code

1. The undersigned, hereinafter called BIDDER, in compliance with the "Notice to Bidders," accepting all of the terms and conditions of the "Instructions to Bidders," including without limitation those dealing with the disposition of Bid Security; proposes and agrees, if awarded the Contract, to enter into an Agreement with the OWNER in the form of Agreement included in the Contract Documents, to furnish all materials, equipment, machinery, tools, apparatus, means of transportation and labor necessary to complete the work to be performed under this Contract within the Contract Time indicated in this BID, in full and complete accordance with the shown, noted, described and reasonably intended requirements of the Contract Documents, to the full and entire satisfaction of the OWNER, for the amounts contained in the Bid Schedules.

2. This BID will remain open for 90 days after the day of Bid opening. If awarded a contract, BIDDER will sign the Agreement and submit the Contract Security and other documents required by the Contract Documents within 15 days after the date indicated in OWNER's Notice of Award.

3. In submitting this BID, BIDDER represents that:

- (a) BIDDER has become thoroughly familiar with the terms and conditions of the proposed Contract Documents accepting the same as sufficient to indicate and convey understanding of all the conditions and requirements under the Contract which will be executed for the Work.

- (b) BIDDER has examined the site and locality where the Work is to be performed, the legal requirements (federal, state and local laws, ordinances, rules and regulations) and the conditions affecting cost, progress or performance of the Work and has made such independent investigations as BIDDER deems necessary.
- (c) This BID is genuine and not made in the interest of or on behalf of any undisclosed person, firm or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation; BIDDER has not directly or indirectly induced or solicited any other BIDDER to submit a false or sham BID; BIDDER has not solicited or induced any person, firm or corporation to refrain from bidding; and BIDDER has not sought by collusion to obtain for himself any advantage over any other BIDDER or over OWNER.
- (d) That no member of the Council or other officers or employees of said OWNER is interested directly or indirectly in the Bid or in any portion of the Bid nor in the Contract or any part of the Contract which may be awarded the undersigned on the basis of such BID.
- (e) This BID is based upon prevailing wages in Lafourche Parish, Louisiana and in no case are wages less than those determined by the Secretary of Labor.
- (f) It is a condition of this BID and any subsequent contract entered into pursuant to this BID, and it shall be made a condition of each subcontract entered into pursuant to the prime contract that the Contractor and any Subcontractor shall not require any laborer or mechanic employed in performance of the contract to work in surroundings or under working conditions which are unsatisfactory, hazardous, or dangerous to his health or safety, as determined under Construction Safety and Health Standards, Title 29, CFR, Part 1518 36FR7340, promulgated by the U.S. Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act, 82, Statt. 96; that it is a further condition of this BID that he shall be solely responsible for the enforcement of such Construction and Health Standards, and that he definitely understands that the OWNER and his authorized representatives will not assume any liability resulting from his failure to police and enforce all such standards.
- (g) The description under each bid item, being briefly stated, implies, although it does not mention, all incidentals and that prices stated are intended to cover all such work, materials and incidentals as constitute BIDDER's obligations as described in the Specifications, and any details not specifically mentioned, but evidently included in the Contract shall be compensated for in the item which most logically includes it.
- (h) The Lump Sum Bid includes all applicable taxes and fees. Bids shall also include appropriate provisions for price escalation for materials and labor including but not limited to increase in federal, state or local sales taxes and income or FICA taxes.

4. Contract Time: BIDDER agrees that:

- (a) If a contract is awarded, the work will be completed within **90 consecutive calendar days** from the date of Notice-to-Proceed for the Base Bid. All work will be completed in accordance with the phases prescribed in Section 01010, "Scope of Work", and the Contract Drawings.
- (b) He/She will commence work with an adequate force and equipment at the time stated in the Notice to Proceed, and complete all work in the number of days stipulated from the date stated in said notice including working overtime and on Saturdays, Sundays, and legal holidays as necessary in order to complete the project on time.
- (c) Compensation will be based upon the Lump sum bid in accordance with the Contract Documents.

DISADVANTAGED BUSINESS ENTERPRISE PROGRAM

The following bid conditions apply to this Department of Transportation (DOT) assisted contract. Submission of a BID/proposal by a prospective Contractor shall constitute full acceptance of these bid conditions.

- (1) DEFINITION - Disadvantaged Business Enterprise (DBE) as used in this Contract shall have the same meaning as defined in Subpart D to 49 CFR Part 26.
- (2) POLICY - It is the policy of DOT that DBEs as defined in 49 CFR Part 26 shall have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with federal funds. Consequently, the DBE requirements of 49 CFR Part 26 apply to this contract.
- (3) DBE OBLIGATION - The Contractor agrees to ensure that disadvantaged business enterprises as defined in 49 CFR Part 26 have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with federal funds. In this regard all Contractors shall make good faith efforts, as defined in Appendix A, 49 CFR Part 26 to ensure that DBEs have the maximum opportunity to compete for and perform contracts. Contractors shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of DOT assisted contracts.
- (4) COMPLIANCE/CONTRACT ASSURANCE - The CONTRACTOR or his/her subcontractor(s) shall not discriminate on the basis of race, color, national origin, or sex in performance of this Contract. The Contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT assisted contracts. Failure by the CONTRACTOR to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as the OWNER deems appropriate.
- (5) SUBCONTRACT CLAUSE - All BIDDERS and potential Contractors hereby assure that they will include the above compliance clause in all subcontracts which offer further subcontracting opportunities.
- (6) CONTRACT AWARD - BIDDERS are hereby advised that meeting DBE subcontract goals or making an acceptable good faith effort to meet such goals are conditions of being awarded this DOT assisted contract.
- (7) DBE PARTICIPATION GOAL. The requirements of 49 CFR Part 26, Regulations of the U.S. Department of Transportation (DOT), apply to this contract. It is the policy of the OWNER to practice non-discrimination based on race, color, sex, or national origin in the award or performance of this contract. All firms qualifying under this solicitation are encouraged to submit bids/proposals. Award of this contract will be conditioned upon

satisfying the requirements of this bid specification. These requirements apply to all BIDDERS, including those who qualify as a DBE.

The attainment of goals established for this contract is to be measured as a percentage of the total dollar value of the contract. The goal the Owner has established for this contract is as follows:

13.98% percent for the Contract to be performed by DBE firms (based on historical availability of references and the Engineer's determination that the above prescribed percentages of the total project work is available to be performed by disadvantaged business enterprise (DBE) firms within the project area).

- (8) AVAILABLE DBES - Participating DBE firms must be certified by the Louisiana Unified Certification Program (<http://www8.dotd.louisiana.gov/UCP/>). DBE Letters of Certification must be submitted with Qualification Statements or Proposals and must be current and in compliance with 49 CFR Part 26. Firms with pending and/or expired Letters of Certification cannot be employed to satisfy the DBE participation requirement. If a Respondent or Proposer is currently certified as a DBE in compliance with 49 CFR Part 26, then it too must properly complete and submit all applicable DBE Schedules (forms) contained herein.
- (9) CONTRACTOR'S REQUIRED SUBMISSION - The OWNER requires the submission of the following information with the Bid. Certain other DBE information may also be required.

The OWNER proposes to award the contract to the lowest responsive and responsible BIDDER submitting a reasonable bid provided he has met the goals for DBE participation or, if failing to meet the goals, he has made an acceptable good faith effort to meet the established goals for the DBE participation. BIDDER is advised that the OWNER reserves the right to reject any or all bids submitted.

- (10) GOOD FAITH EFFORTS - The following information may be required to be submitted prior to contract award to assist the OWNER in determining whether or not the BIDDER made acceptable good faith efforts. This information (when applicable), as well as the DBE information, should be submitted as specified in Paragraph 9 above. Suggested guidance for use in determining if good faith efforts were made by a BIDDER is included in Appendix A of 49 CFR Part 26.

The evidence of good faith efforts must be submitted by any BIDDER who wishes to be considered, within 48 hours after the BIDs are opened. The burden of submitting this evidence rests solely with the BIDDER and not upon the OWNER

A list of the efforts that a BIDDER may make and the OWNER may use in making a determination as to the acceptability of a BIDDER's efforts to meet the goal as included in Appendix A are as follows:

- a. Whether the BIDDER attended any pre-solicitation or pre-bid meetings that were scheduled by the recipient to inform DBEs of contracting and subcontracting opportunities. The BIDDER must solicit this interest within sufficient time to allow the DBEs to respond to the solicitation. The BIDDER must determine with certainty if the DBEs are interested by taking appropriate steps to follow up initial solicitations;
- b. Whether the BIDDER advertised in general circulation, trade association, and minority-focus media concerning the subcontracting opportunities;
- c. Whether the BIDDER provided written notice to a reasonable number of specific DBEs that their interest in the contract was being solicited in sufficient time to allow the DBEs to participate effectively;
- d. Whether the BIDDER followed up initial solicitations of interest by contacting DBEs to determine with certainty whether the DBEs were interested;

- e. Whether the BIDDER selected portions of work to be performed by DBEs in order to increase the likelihood that the DBE goal would be achieved (including, where appropriate, breaking out contract work items into economically feasible units to facilitate DBE participation, even when the BIDDER might otherwise prefer to perform these work items with its own forces);
- f. Whether the BIDDER provided interested DBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation;
- g.
 - (1) Whether the BIDDER negotiated in good faith with interested DBEs, not rejecting DBEs as unqualified without sound reasons based on a thorough investigation of their capabilities. It is the BIDDER's responsibility to make a portion of the work available to DBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available DBE subcontractors and suppliers, so as to facilitate DBE participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of DBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for DBEs to perform the work.
 - (2) A BIDDER using good business judgment would consider a number of factors in negotiating with subcontractors, including DBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding and using DBEs is not in itself sufficient reason for a BIDDER's failure to meet the contract DBE goal, as long as such costs are reasonable. Also, the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the BIDDER of the responsibility to make good faith efforts. Prime contractors are not, however, required to accept higher quotes from DBEs if the price difference is excessive or unreasonable.
- h. Whether the BIDDER made efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance required by the OWNER or Contractor; and
- i. Whether the BIDDER effectively used the services of available minority/women community organizations; minority/women Contractors' groups; local and state Federal Minority /Women Business Assistance Offices; and other organizations as allowed on a case by case basis to provide assistance in the recruitment and placement of DBEs.

NOTE: The nine items set forth above are merely suggested criteria and the OWNER may specify that you submit information on certain other actions a BIDDER took to secure DBE participation. A BIDDER may also submit to the OWNER other information on efforts attain DBE participation.

(11) BIDDER ASSURANCE - The BIDDER hereby assures that he is committed to meet one of the following as appropriate:

- a. The DBE participation goal as established in Paragraph 7 above.
- b. The DBE participation percentage as shown in Paragraph 9 which was submitted as a condition of contract award.
- c. The BIDDER (if unable to meet the DBE Goal of 13.98%) is committed to a minimum of _____ % DBE utilization on this Contract and submits acceptable full documentation demonstrating good faith efforts.

Agreements between BIDDER/proposer and a DBE in which the DBE promises not to provide subcontracting quotations to other BIDDERS/proposers are prohibited. The BIDDER shall make a good faith effort to replace a DBE subcontractor that is unable to perform successfully with another DBE subcontractor. Substitution must be coordinated and approved by the OWNER.

The BIDDER shall establish and maintain records and submit regular reports, as required, which will identify and assess progress in achieving DBE subcontract goals and other DBE affirmative action efforts.

NOTE: The penalty for making false statements in offers is prescribed in 8 USC 1001.

CERTIFICATION REGARDING FAIR TRADE

The contractor or subcontractor, by submission of an offer and/or execution of a contract, certified that it:

- A. is not owned or controlled by one or more citizens or nationals of a foreign country included in the list of countries that discriminate against U.S. firms published by the Office of the United States Trade Representative (USTR);
- B. has not knowingly entered into any contract or subcontract for this project with a contractor that is a citizen or national of a foreign country on said list, or is owned or controlled directly or indirectly by one or more citizens or nationals of a foreign country on said list; and
- C. has not procured any product nor subcontracted for the supply of any product for use on the project that is produced in a foreign country on said list.

Unless the restrictions of this clause are waived by the Secretary of Transportation in accordance with 49 CFR 30.17, no contract shall be awarded to a contractor or subcontractor who is unable to certify to the above. If the contractor knowingly procures or subcontracts for the supply of any product or service of a foreign country on the said list for use on the project, the Federal Aviation Administration may direct, through the sponsor, cancellation of the contract at no cost to the Government.

Further, the contractor agrees that, if awarded a contract resulting from this solicitation, it will incorporate this provision for certification without modification in each contract and in all lower tier subcontracts. The contractor may rely upon the certification of a prospective subcontractor unless it has knowledge that the certification is erroneous.

The contractor shall provide immediate written notice to the sponsor if the contractor learns that its certification or that of a subcontractor was erroneous when submitted or has become erroneous by reason of changed circumstances. The subcontractor agrees to provide immediate written notice to the contractor, if at any time it learns that its certification was erroneous by reason of changed circumstances.

This certification is a material representation of fact upon which reliance was placed when making the award. If it is later determined that the contractor or subcontractor knowingly rendered an erroneous certification, the Federal Aviation Administration may direct, through the sponsor, cancellation of the contract or subcontract for default at no cost to the Government.

Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by this provision. The knowledge and information of a contractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

This certification concerns a matter within the jurisdiction of an agency of the United States of America and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under Title 18, United States, Section 1001.

Certification of Nonsegregated Facilities

The federally assisted construction Contractor certifies that he does not maintain or provide, for his employees, any segregated facilities at any of his establishments and that he does not permit his employees to perform their services at any location, under his control, where segregated facilities are maintained. The federally assisted construction Contractor certifies that he will not maintain or provide, for his employees, segregated facilities at any of his establishments and that he will not permit his employees to perform their services at any location, under his control, where segregated facilities are maintained. The federally assisted construction Contractor agrees that a breach of this certification is a violation of the equal opportunity clause in this contract. As used in this certification, the term "segregated facilities" means any waiting rooms, work areas, restrooms and washrooms, restaurants and other eating areas, timeclocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment area, transportation, and housing facilities provided for employees which are segregated by explicit directives or are in fact segregated on the basis of race, color, religion, or national origin because of habit, local custom, or any other reason. The federally assisted construction Contractor agrees that (except where he has obtained identical certifications from proposed Subcontractors for specific time periods) he will obtain identical certifications from proposed Subcontractors prior to the award of subcontracts exceeding \$10,000 which are not exempt from the provisions of the equal opportunity clause and that he will retain such certifications in his files.

**BIDDER CERTIFICATION REGARDING
DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION
LOWER TIER COVERED TRANSACTIONS**

PURPOSE: The OWNER has the responsibility to ensure that it does not enter into a contract for goods or services with any firm, person, etc. that has been debarred, suspended, deemed ineligible or has voluntarily excluded themselves from participation in federally funded programs. Note that the term “prospective lower tier participant” has the same meaning as the term BIDDER. Completion of this Certification by the BIDDER is a condition of BIDDER’s responsiveness to this BID.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal the prospective lower tier participant (BIDDER) is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant (BIDDER) knowingly rendered an erroneous certification in addition to the remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant (BIDDER) shall provide immediate written notice to the OWNER if at any time the prospective lower tier participant (BIDDER) learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms “covered transaction”, “debarred”, “suspended”, “ineligible”, “lower tier covered transaction”, “participant”, “person”, “primary covered transaction”, “principal”, “proposal”, and “voluntarily excluded”, as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549.
5. The prospective lower tier participant (BIDDER) agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any subcontract (any lower tier covered transaction) with a firm, or person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant (BIDDER) further agrees by submitting this proposal that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction”, without modification, in all subcontracts (lower tier covered transactions) and in all solicitations for such subcontracts (lower tier covered transactions).

7. A participant (BIDDER) in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may check the Nonprocurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a prospective lower tier participant (BIDDER) is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

(THE REMAINDER OF THIS PAGE IS INTENTIONALLY BLANK)

**BIDDER CERTIFICATION REGARDING
DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION
LOWER TIER COVERED TRANSACTIONS**

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 24 CFR Part 85, Section 85.510, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988 Federal Register (pages 19160-19211).

(BEFORE COMPLETING THIS CERTIFICATION, READ INSTRUCTIONS)

- (1) The prospective lower tier participant (BIDDER) certifies, by submission of this proposal, that neither it nor its principles are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
- (2) Where the prospective lower tier participant (BIDDER) is unable to certify to any of the statements in this certification, such prospective participant (BIDDER) shall attach an explanation to this proposal.

Litigation Language

Since 2005, RMD Holdings, Ltd. d/b/a Nationwide Construction Group has been a party in lawsuits and arbitrations. Except for pedestrian collection matters in which Nationwide was the plaintiff, Nationwide has been involved with one lawsuit and one arbitration. The arbitration resulted in a settlement. The lawsuit, which is currently pending, involves accident-related personal injury claims. Nationwide has in every respect denied responsibility for the accident and two focus groups commissioned by the plaintiff have both yielded a finding of no liability for Nationwide.

I, the undersigned, do hereby declare that the foregoing statements are true and correct, all as of the date hereinafter set forth, and that those examining this document have my permission to contact any or all of those parties listed in this questionnaire. Incorrect or misleading statements in this questionnaire shall be grounds for a determination of nonresponsibility with respect to such contractor.
