### General Calculations

Fixture Mounting Heights (MH) are indicated by each fixture symbol

Standard reflectance's of .8/5/2 (interior) and .2 (exterior) are used unless noted otherwise.

Quantities reflected on the AG32 Luminaires Schedule included in the photometric study only. These are NOT final counts.

Calculated results may differ due to variances in field conditions not represented in this simulation.

The LLF used in the calculation is indicated in the future schedule and is not a guarantee of future lumen maintenance. This is dependent on many factors in the installed environment.

The owner assumes all responsibility for compliance with all federal, state, and/or local code regulations. All liabilities are mentioned at the time plans are submitted to state or local authorities.

### Emergency Calculations

Emergency agrees calculations represent fixtures denoted to match the output of their designated EM power source. See schedule above for fixture denoting

Emergency calculations are simulated based on information provided and do not ensure compliance with federal, state, and/or local regulations for egress.

Emergency layouts performed with no defined path of egress provided will be projected by entire floor area.

All required insurance under this bid shall conform to Jefferson Parish Resolution No. 136353 or No. 141125, as applicable. Contractors may not commence any work under any ensuing contract unless and until all required insurance and associated evidentiary requirements thereto have been met, along with any additional specifications contained in the **Invitation to Bid**. Except as where otherwise precluded by law, the Parish Attorney or her designee, with the concurrence of the Director of Risk Management or her designee, may agree on a case-by-case basis, to deviate from Jefferson Parish's standard insurance requirements, as provided in this Section. **Vendors requesting deviation therefrom shall submit such requests in writing, along with compelling substantiation, to the Purchasing Department prior to the bid's due date.** Any changes to the insurance requirements will be reflected in the bid specifications and addenda. Prior to contract execution and at all times thereafter during the term of such contract, contractors must provide and continuously maintain all coverages as required by the foregoing Resolutions, and the contract documents. Failure to do so shall be grounds for suspension, discontinuation or termination of the contract.
