Section I

Jefferson Parish Technical Evaluation Committee Questionnaire

TEC Professional Services Questionnaire

A. Project Name and Advertisement Resolution Number:

Routine Engineering Services for Streets Projects, Resolution 144319

B. Firm Name & Address:

Bryant Hammett & Associates, LLC
 1104 Dealers Avenue
 Harahan, LA 70123

C. Name, title and contact information of Principal, as defined in Section 2-926 of the Jefferson Parish Code of Ordinances, who is a registered, licensed architect, professional engineer, or surveyor in the State of Louisiana:

Bryant O. Hammett, Jr.
 Professional Engineer/Professional Land Surveyor
 bhammett@bha-engineering.com
 504-733-8004

D. Name and contact information of employee who is a registered and licensed architect, professional engineer, or surveyor in the State of Louisiana in the applicable discipline. A subcontractor may be substituted here only if the advertised Project requires more than one discipline.

Keith Capdepon, Jr.
 Lead Professional Engineer
 kcapdepon@bha-engineers.com
 504-733-8004

E. Please provide the number of employees whose primary function corresponds with each category:

<u> 3 </u> Administrative	<u> 1 </u> Estimators	<u> </u> Specification Writers
<u> </u> Architects (Licensed)	<u> </u> Geologists	<u> </u> Structural Engineers
<u> </u> Chemical Engineers	<u> </u> Geotechnical Engineers	<u> </u> Graduate Engineers
<u> 2 </u> Civil Engineers	<u> </u> Interior Designers	<u> 3 </u> Project Managers
<u> 3 </u> Construction Inspectors	<u> </u> Landscape Architects	<u> 2 </u> Clerical
<u> </u> Ecologists	<u> 6 </u> Land Surveyor	<u> </u> Grant/Funding Specialist
<u> </u> Electrical Engineers	<u> </u> Mechanical Engineers	<u> </u> Sanitary Engineers
<u> </u> Engineer Intern	<u> </u> Environmental Engineers	<u> 7 </u> Other
<u> 3 </u> Professional Land Surveyors		<u> 30 </u> TOTAL

F. Is this submittal by a JOINT-VENTURE? Please check: YES NO X

If marked “No” skip to Section I. If marked “yes” complete Sections G-H.

TEC Professional Services Questionnaire

G. If submittal is by JOINT-VENTURE, list the firms participating and outline specific areas of responsibility (including administrative, technical, and financial) for each firm. Please attach additional pages if necessary.

1.
Not Applicable

2.

**H. Has this JOINT-VENTURE previously worked together? Please check:
YES NO**

I. List all subcontractors anticipated for this Project. Please note that all subcontractors must submit a fully completed copy of this questionnaire, applicable licenses, and any other information required by the advertisement. See Jefferson Parish Code of Ordinances, Sec. 2-928(a)(3). Please attach additional pages if necessary.

Name & Address:	Specialty:	Worked with Firm Before (Yes or No):
1.	No Subcontractors	
2.		
3.		

J. Please specify the total number of support personnel that may assist in the completion of this Project:

14

TEC Professional Services Questionnaire

K. List the professional in charge, key persons, specialists, and individual consultants anticipated for this Project and provide their relevant information below. If necessary, please attach additional documentation (i.e. resume) that demonstrates the employment history and experience of the Firm's key persons that may assist in the completion of this Project. Please attach additional pages if necessary.

PROFESSIONAL IN CHARGE OF PROJECT:

Name & Title:

Bryant O. Hammett, Jr. P.E./P.L.S.
Owner/Manager

Project Assignment:

Principal and professional in charge of the project registered in Louisiana with a minimum of 45 years' experience in engineering

Name of Firm with which associated:

Bryant Hammett & Associates, LLC

Years' experience with this Firm:

40 years

Education: Degree(s)/Year/Specialization:

BSCE/1978/Civil Engineering

Active registration: Year first registered/discipline:

1983/Civil Engineering, LA
1996/Environmental Engineering, LA
1985/Professional Land Surveyor, LA
1985/Civil Engineering, MS

Other experience and qualifications relevant to the proposed Project:

Bryant O. Hammett, Jr. P.E./P.L.S. is the sole proprietor and manager of Bryant Hammett & Associates, LLC (BHA). He founded BHA in 1984, providing engineering and land surveying services for sewer, water, gas, streets, landfill, and drainage projects for public bodies, as well as for the private sector. Under Mr. Hammett's management, BHA has expanded from a small four-member firm in Concordia Parish to operate offices in Jefferson, East Baton Rouge, Concordia, and Plaquemines parishes and currently employs over 30 individuals.

Hammett has been the surveyor and engineer of record for numerous types of projects, including wastewater collection and treatment; water treatment, transmission and distribution; natural gas distribution and transmission; electrical transmission; oil transmission; off-system bridges; levee systems; construction servitudes; and roadway and drainage.

As infrastructure manager for the Louisiana Office of Community Development's Disaster Recovery Unit, Hammett performed and oversaw professional civil, structural and/or transportation engineering work related to the planning, design, development, construction, and maintenance of projects funded under the LCDBG/DRU program. Such projects included capital improvements, storm water and drainage systems, wastewater systems, potable water systems, natural gas systems, fire protection systems, roads, bridges, and utility systems. He managed complex engineering programs; provided professional assistance and technical advice to state and local officials; and coordinated project development. He oversaw disbursements of more than \$178 million for infrastructure projects in the state related to Hurricanes Katrina and Rita.

TEC Professional Services Questionnaire

KEY PERSON, SPECIALIST, OR INDIVIDUAL CONSULTANT:
Name & Title:
Keith Capdepon, Jr. Professional Design Engineer
Project Assignment:
Employee of the firm who is a professional engineer registered in Louisiana with over 30 years' experience in engineering design for street infrastructure projects.
Name of Firm with which associated:
Bryant Hammett & Associates, LLC
Years' experience with this Firm:
26 years
Education: Degree(s)/Year/Specialization:
BSCE/1980/Civil Engineering
Active registration: Year first registered/discipline:
1984/Civil Engineering, LA 1985/Contractors License: Building Construction, Heavy Construction, Highway, Street & Bridge Construction, Municipal and Public Works, Construction
Other experience and qualifications relevant to the proposed Project:
<p>Mr. Capdepon is a Registered Professional Engineer in the State of Louisiana and has been practicing for over 30 years, working for BHA since 1998. He has owned a construction company licensed in heavy construction, highway, street and bridge construction, utilities and public works construction.</p> <p>Mr. Capdepon has significant experience with various engineering projects including drainage and street, landfills, municipal water transmission, detention/retention pond design, distribution and treatment and wastewater collection and treatment. He has designed various engineering projects including new road construction and road re-construction and highway reconstruction for the LADOTD; subsurface drainage and flood control projects for several municipalities; municipal water transmission including ground storage and elevated storage tanks; distribution and treatment for ground water and surface water; and wastewater collection and treatment. Capdepon has designed subdivision developments including streets, all utilities (gas, water, and sewerage), subsurface drainage, and has engineered site and grading plans for hospitals and restaurants.</p> <p>Mr. Capdepon specializes in managing large-scale projects from inception to project closeout, responsible for the overall design, execution, and coordination of complex projects. He develops cost estimates, reviews plans and specifications, approves change orders, and manages the construction management of design projects.</p> <p>He has over 30 years of hazard mitigation experience with various projects intended to eliminate and mitigate risk to property from hazard events before, during, and after disasters, including the removal of structures from hazardous areas. the acquisition and demolition of flood prone structures, the replacement of culverts damaged by flooding to increase capacity and other drainage mitigation measures</p>

TEC Professional Services Questionnaire

KEY PERSON, SPECIALIST, OR INDIVIDUAL CONSULTANT:
Name & Title:
Jeff Carey Professional Land Surveyor
Project Assignment:
Survey Manager for land surveying required for design
Name of Firm with which associated:
Bryant Hammett & Associates, LLC
Years' experience with this Firm:
12
Education: Degree(s)/Year/Specialization:
BS/2009/Disaster Management
Active registration: Year first registered/discipline:
2024/Professional Land Surveyor 2010/Certified Floodplain Manager 2022/ATSSA Flagger, Traffic Control Technician, Supervisor 2012/Residential Contractor
Other experience and qualifications relevant to the proposed Project:
<p>As a professional land surveyor for Bryant Hammett & Associates, Mr. Carey manages field work, collects data in the field and performs field-checking duties at project completion. He manages boundary and topographic surveys and all surveying activity required for engineering, rights-of-way, and construction projects. He is involved in all aspects of land surveying projects, including land descriptions and elevation certificates.</p> <p>He has managed several projects from project execution to completion on numerous pipeline construction projects, roadway projects, levee construction projects, property boundary surveys, cadastral surveys, topographic surveys, differential GPS real time hydrographic surveys, GPS static surveys for horizontal and vertical control, planimetric surveys, elevation surveys and subdivision layout. Mr. Carey is responsible for maintaining communication with field and office personnel to determine potential job issues, serves as a client liaison, reports on project status and cost reporting, and manages the day-to-day scheduling of survey work. Mr. Carey has served a surveyor on many hydrographic survey projects using RTK GPS and SonarMite Echosounders, and he is adept at magnetometer surveying.</p> <p>He has experience in the surveying required for drainage studies, landfill permitting, water/wastewater treatment plants, utility relocation, street and highway construction, and drainage. He provides the surveying required for engineering, rights-of-way acquisition, and construction projects, and is responsible for courthouse research and coordination of work.</p>

TEC Professional Services Questionnaire

KEY PERSON, SPECIALIST, OR INDIVIDUAL CONSULTANT:
Name & Title:
Winn Nettles Construction Manager
Project Assignment:
Managing the inspection and construction administration of civil projects
Name of Firm with which associated:
Bryant Hammett & Associates, LLC
Years' experience with this Firm:
2
Education: Degree(s)/Year/Specialization:
BS/2005/Building Sciences
Active registration: Year first registered/discipline:
2024/LDEQ Asbestos Inspector
Other experience and qualifications relevant to the proposed Project:
<p>Winn Nettles recently joined BHA as a <i>Construction Project Manager</i>. Mr. Nettles graduated in 2005 with B.S.in Building Sciences from Auburn University. He has previously worked as the project manager for several large construction projects, including MSY International Airport, the Four Seasons hotel, several school buildings, and several commercial buildings.</p> <p>Nettles manages the construction of all civil engineering projects, including water and wastewater, roadway, and drainage work. He oversees all phases of construction and manages multiple crews.</p> <p>His duties include assisting design engineer during design phases, keeping daily report of construction activities; monitoring and construction for compliance with plans and specifications; measurement of quantities; preparing partial pay estimates and change orders; working out construction problems in the field reporting to design engineer; monthly meeting with Engineer, Contractor, and Owner to discuss project and preparation of Record Drawings.</p> <p>Mr. Nettles is currently managing the construction management administration for the Jefferson Parish wide Manhole Assessment and Lining Project. He manages the construction inspectors; attends meetings with the Owner; analyzes data from the field; reviews budgets; and maintains the schedule. Nettles reviews daily inspection reports, reviews and approves invoices, monitors the Contractor's schedule, and responds to RFIs.</p>

TEC Professional Services Questionnaire

KEY PERSON, SPECIALIST, OR INDIVIDUAL CONSULTANT:
Name & Title:
Chandler Jordan Project Manager
Project Assignment:
Environmental Specialist performing all phases of environmental assessments required
Name of Firm with which associated:
Bryant Hammett & Associates, LLC
Years' experience with this Firm:
16
Education: Degree(s)/Year/Specialization:
BS/1987/Geology
Active registration: Year first registered/discipline:
2014/LDEQ Lead Risk Assessor 2014/LEDQ Lead Inspector
Other experience and qualifications relevant to the proposed Project:
<p>Mr. Jordan graduated from Mississippi State University in 1987 with a B.S. in General Geology and has been working in a professional capacity for over 20 years and has vast experience in construction, environmental remediation and project management. As a project manager for BHA since 2008, Mr. Jordan has experience performing all phases of environmental assessments on commercial and municipal properties. He has managed the statewide demolition of Road Home properties devastated by Hurricanes Katrina and Rita. He develops plans and specifications for demolition contracts, manages property assessment teams, asbestos inspection teams, and supervises and monitors demolition crews. Mr. Jordan has experience in completing Environmental Review Records to satisfy HUD requirements as directed by the Office of Community Development - Disaster Recovery Unit.</p> <p>His areas of expertise include program management, demolition, CDBG, HMGP, geology, damage assessments, environmental reviews, scope development, cost estimation and construction oversight.</p> <p>He has served as a cost estimator/closeout specialist assisting GOHSEP with the closeout of approximately 30,000 properties affected by Hurricanes Katrina, Rita, Gustav, Ike and Issac. He has experience with FEMA's Project Worksheets, Cost Estimating Format (CEF) for large projects and Construction Cost estimating programs.</p> <p>Most recently, Jordan managed the Disaster Recovery Homeowner Repair Program for Residential Properties in Jefferson Parish, where he managed the construction supervision of individual properties, including the monitoring of plans and construction to ensure compliance with applicable federal, state, and local guidance and ensuring all grant funds expended were allocated and used according to award requirements.</p>

TEC Professional Services Questionnaire

L. Work by Firm or Joint-Venture members which best illustrates current qualifications relevant to this Project. Please include any and all work performed for Jefferson Parish. Please attach additional pages if necessary.

August 2022	\$11 MM	\$1.1 MM

TEC Professional Services Questionnaire

M. List all prior and/or on-going litigation between Firm and Lafitte Aera Independent Levee District (LAILD). Please attach additional pages if necessary.

Parties:		Status/Result of Case:
Plaintiff:	Defendant:	
1. NOT APPLICABLE	NOT APPLICABLE	

N. Use this space to provide any additional information or description of resources supporting Firm's qualifications for the proposed project.

1. Professional Training and Experience :

Bryant Hammett & Associates, LLC (BHA) is a Louisiana-based firm specializing in civil engineering, land surveying, disaster management, and construction supervision. Established on August 1, 1984, BHA has expanded from a small four-member team to over 30 employees, serving both governmental and private clients across the Gulf South region. Our offices are strategically located in Jefferson, East Baton Rouge, Plaquemines, and Concordia parishes.

BHA is comprised of highly qualified, experienced and licensed engineers, surveyors, technicians, cost estimators, GIS managers, certified floodplain managers, administrators, disaster recovery subject matter experts, inspectors, CADD operators and clerical support.

With over 40 years of experience, BHA has been a cornerstone in providing comprehensive civil engineering and land surveying services throughout Louisiana. Our registered professionals have decades of experience in public works projects including sewerage, water, roadway and drainage projects.

BHA employs professional civil engineers, professional land surveyors, a land surveyor-in-training, certified floodplain managers, a certified public accountant, draftsmen, construction managers and inspectors, and several support and administrative personnel. (see resumes)

2. Size of Firm

Bryant Hammett & Associates has grown from a small four-member firm in 1984 to 30 full-time employees today. As a small business, the BHA Team is flexible and able to adapt to changing circumstances quickly and efficiently, as well as develop close relationships with clients to intimately understand project needs from inception to completion.

Employees are cross trained, ensuring that no facet of a project will ever be delayed.

BHA employs two licensed Professional Engineers, three licensed Professional Land Surveyors, one licensed Land Survey Intern, a civil engineer (not licensed), multiple survey field crews, HMGP Subject-Matter Experts, several construction managers and inspectors, as well as multiple support staff. BHA's CADD Technicians have over 40 years of combined experience in producing 3D planimetric drawings, topographic and contour maps, right-of-way maps, boundary plats, cross section diagrams and field data points.

3. Capacity for Timely Completion:

Based on current and projected project workloads and schedules, BHA possesses the capacity to allocate necessary resources and manpower promptly. We currently have professional and support personnel readily

TEC Professional Services Questionnaire

available to deliver required services and can initiate them upon authorization to proceed. Our flexible staffing model allows us to scale up or down as needed for both large and small task orders.

BHA maintains a staff of highly qualified, experienced, and licensed engineers, surveyors, technicians, cost estimators, GIS managers, certified floodplain managers, administrators, disaster recovery subject matter experts, inspectors, CADD operators and clerical support ensuring availability of professional and support personnel no matter the project.

No project in which BHA has been involved has been jeopardized because of failure to meet schedules. BHA has not been involved in any projects that were jeopardized because of cost overruns, or because inadequate designs were rejected by parish, state, or federal review agencies.

4. Past Performance on Parish Contracts

BHA has been providing professional services to Jefferson Parish since 2012.

BHA is currently providing professional services for the Parish-wide Manhole Assessment and Lining Program, Phase 1 and 2; tasks include manhole assessment, construction administration, construction inspection, and final closeout of the program.

BHA is currently providing engineering design services for Wall Blvd. and LaPalco Blvd. Waterline Replacement.

BHA has worked on the following roadway improvements projects directly for Jefferson Parish (non-exhaustive):

- Veterans Memorial Multi-Use Bike Path
- Oakwood Smart Growth
- Wright Avenue Improvements
- Holmes Boulevard Improvements
- Ridgewood Drive
- Dickory Avenue Extension

Jefferson Parish has actively participated in HMGP and HMA Funding since 2006. BHA personnel have been involved with Jefferson Parish in over \$258 million in funding grants for the home elevation program, in response to Hurricanes Katrina, Rita, Gustav, Ike, Isaac, and Ida in the cities of Kenner, Gretna, Harahan, Westwego, Grand Isle, Jean Lafitte, Metairie, Marrero, River Ridge, Harvey, Barataria. BHA has been responsible for construction supervision services for over 1600 properties for Jefferson Parish's HMA grant program for fiscal years 2013, 2014, 2015, 2016, 2017 2018, 2019, 2020, 2021, and 2022; and HMGP projects for Katrina/Rita, Gustav/Ike, Isaac, and Ida; and Severe Repetitive Loss properties for FY 2008-2012

BHA recently managed Jefferson Parish's Disaster Recovery Homeowner Repair Program for Residential Properties through the Office of Community Development, where the construction supervision of approximately 160 individual properties is managed, including the monitoring of plans and construction to ensure compliance with applicable federal, state, and local guidance and to ensure all grant funds expended are allocated and used according to award requirements.

5. Location of Principal Office

BHA's principal office listed with the Secretary of State is in Ferriday, LA. However, all work will be performed out of our Harahan, LA office.

6. Litigation between the Public Entity and Firm:

BHA has no prior, on-going, or anticipated litigation with Jefferson Parish

TEC Professional Services Questionnaire

7. Prior successful completion of projects requiring routine engineering, verifiable references

BHA routinely provides full civil design services for roadway projects throughout the state.

Firm's responsibilities include funding application process, right-of-way surveys, topographic surveying, preliminary and final design, permitting activities, bidding and negotiating, construction layout and construction inspection. Recently completed projects include:

- Town of Vidalia Roadway Improvements, FEMA Disaster 4462DR-LA
- Town of Jonesville Bond Program Street Overlay
- Town of Ferriday Bond Program Street Overlay
- City of Vidalia Roadway Improvements
- FP&C, EDA & DRA LaSalle Parish Police Jury Pine Hill Road Improvements
- FP&C, EDA & DOTD City of Vidalia, Vidalia Port Facility Access Roads
- City of Vidalia Advocate ROW Roadway Improvements
- LCDBG Town of Jena Roadway Improvements
- LCDBG LaSalle Parish Police Jury Roadway Improvement
- LCDBG Town of Clayton Roadway Improvements Loomis St
