2013 ROAD TAX PROJECT
PHASE 4

June 20, 2016

GENERAL:

The following changes shall be considered as included in the original plans and specifications and shall take precedence over any part of the original document in conflict therewith:

General Conditions and General Notes:

- 1) The Owner will spray the roads with herbicide prior to construction. The contractor will **NOT** be responsible for herbicide application.
- 2) Temporary stripe shall be applied at No direct pay. On roads where permanent stripping is not being applied, the temporary stripping will not be removed.
- 3) After discussion with the EPPJ it was determined that the 5 ton limit posted on Narcisse road is an erroneous posting, and that the crossing will not prohibit normal asphalt laying and hauling operations during construction.

Plans; Typical Details, Page 20, Typical Cross Drain:

Add the following Notes:

- 1.) It is the intention of the Engineer to use 6" of bedding material beneath the pipe where conditions are favorable, in areas where conditions are not favorable 12" of bedding material will be used as directed by the engineer.
- 2.) All bedding and backfill used per this typical section will be paid under item 6. Unless otherwise directed by the Engineer, if the limits of this section are exceeded during installation any additional material required will be at no pay.
- 3.) This section shall apply for a length equal to the roadway width plus one foot past the roadway edge on each side. Any additional fill required past that point shall be salvaged fill material from the site.

Remove the Louisiana Uniform Public Work Bid Form (pages 15-17 from the specifications.

Replace pages 15-17 of the specifications with the Louisiana Uniform Public Bid Form pages 15-17 attached to this addendum.
