Transporting scissor lifts, forklifts, small rollers, and other small industrial equipment requires a special trailer with a low load angle, maneuverability, and ease of operation. Where traditional ramp trailers present a challenge with higher load angles and the inconvenience of ramps that have to be repositioned, the CAM Superline Full Deck Tilt Trailer eliminates the need for ramps with a gravity powered tilting deck. Designed for easy loading, this trailer features a knife edge approach which creates a smooth and level entry point onto the deck. Dexter 4-inch drop axles ensure a lower deck height and low load angle of approximately 9 degrees. This lower load angle reduces incline and ensures easy and proper loading of equipment. The tilting deck is mounted with a pivot point strategically located which allows it to tilt into the loading position via gravity. A hydraulic cushion cylinder provides variable adjustability of the gravity tilt operation. A hydraulic flow control valve with adjustment knob allows the user to control the speed at which the deck is tilted. A locking heavy duty latches secures the deck for transportation. This trailer is built with a durable four-bolt adjustable hitch plate offering changeable settings, ranging from thirteen to eighteen inches, to match the hitch height of your tow vehicle. This model comes standard with a 2-5/16" self-seating ball coupler or an optional 2-1/2" pintle ring. An innovative Zip trailer breakaway system eliminates fraying,

dragging, or breaking. A sealed 7-pin RV plug, fully wired to a weatherproof junction-box, provides a fast and secure electrical connection to your tow vehicle.

Built for quality, value, and dependability, all CAM Superline trailers come standard with LED lights, a sealed, 1-piece heat-shrunk wiring harness, and a superior 2 component finish featuring an epoxy primer and PPG polyurethane paint providing the ultimate in corrosion resistance and long-lasting durability. Back it all up with a 3-year warranty and it's easy to see - CAM Superline is your partner for the long haul!
