Shanna Folse
Purchasing Specialist II
Jefferson Parish Purchasing Department
General Government Building
200 Derbigny Street, Ste. 4400
Gretna, LA 70053

Subject: Statement of Qualifications (SOQ) No. 24-015 for Routine Engineering Services for Drainage Projects in Jefferson Parish, Resolution 144202

Dear Ms. Folse,

We are pleased to enclose our team's SOQ for the subject services for the Parish's review and consideration. Our evidence of insurance is also attached.

Our team is committed to providing the highest quality services possible. We appreciate the opportunity to submit our qualifications and look forward to the prospect of serving Jefferson Parish.

If you have any questions or require additional information, please let us know.

Sincerely,

Paul Barcelona, P.E.
President

ARTOVIA

QUALIFICATIONS FOR

ROUTINE ENGINEERING SERVICES FOR DRAINAGE PROJECTS IN JEFFERSON PARISH

June 21, 2024

Technical Evaluation Committee (TEC) Questionnaire

Instructions

- The Technical Evaluation Committee (TEC) Questionnaire shall be used for professional services related to architecture, engineering, or survey projects.
- **The TEC Questionnaire should be completely filled out. Complete and attach ALL sections. Insert “N/A” or “None” if a section does not apply or if there is no information to provide.**
- Questionnaire must be signed by an authorized representative of the Firm. Failure to sign the questionnaire shall result in disqualification of proposer pursuant to J.P. Code of Ordinances Sec. 2-928.
- All subcontractors must be listed in the appropriate section of the Questionnaire. Each subcontractor must provide a complete copy of the TEC Questionnaire, applicable licenses, and any other information required by the advertisement. Failure to provide the subcontractors' complete questionnaire(s), applicable licenses, and any other information required by the advertisement shall result in disqualification of proposer pursuant to J.P. Code of Ordinances Sec. 2-928.
- If additional pages are needed, attach them to the questionnaire and include all applicable information that is required by the questionnaire.

TEC Professional Services Questionnaire

A. Project Name and Advertisement Resolution Number:

B. Firm Name & Address:

C. Name, title and contact information of Principal, as defined in Section 2-926 of the Jefferson Parish Code of Ordinances, who is a registered, licensed architect, professional engineer, or surveyor in the State of Louisiana:

D. Name and contact information of employee who is a registered and licensed architect, professional engineer, or surveyor in the State of Louisiana in the applicable discipline. A subcontractor may be substituted here only if the advertised Project requires more than one discipline.

E. Please provide the number of employees whose primary function corresponds with each category:

<input type="checkbox"/> Administrative	<input type="checkbox"/> Estimators	<input type="checkbox"/> Specification Writers
<input type="checkbox"/> Architects (Licensed)	<input type="checkbox"/> Geologists	<input type="checkbox"/> Structural Engineers
<input type="checkbox"/> Chemical Engineers	<input type="checkbox"/> Geotechnical Engineers	<input type="checkbox"/> Graduate Engineers
<input type="checkbox"/> Civil Engineers	<input type="checkbox"/> Interior Designers	<input type="checkbox"/> Project Managers
<input type="checkbox"/> Construction Inspectors	<input type="checkbox"/> Landscape Architects	<input type="checkbox"/> Clerical
<input type="checkbox"/> Construction Managers	<input type="checkbox"/> Land Surveyor	<input type="checkbox"/> Grant Specialist/Clerical
<input type="checkbox"/> Electrical Engineers	<input type="checkbox"/> Mechanical Engineers	<input type="checkbox"/> Grant Managers
<input type="checkbox"/> Engineer Intern (PM)	<input type="checkbox"/> Environmental Engineers	
<input type="checkbox"/> Professional Land Surveyors		<input type="checkbox"/> TOTAL

F. Is this submittal by a JOINT-VENTURE? Please check: YES _____ NO _____

If marked "No" skip to Section I. If marked "yes" complete Sections G-H.

TEC Professional Services Questionnaire

G. If submittal is by JOINT-VENTURE, list the firms participating and outline specific areas of responsibility (including administrative, technical, and financial) for each firm. Please attach additional pages if necessary.

1.

2.

H. Has this JOINT-VENTURE previously worked together? Please check:

YES _____ NO _____
N/A

I. List all subcontractors anticipated for this Project. Please note that all subcontractors must submit a fully completed copy of this questionnaire, applicable licenses, and any other information required by the advertisement. See Jefferson Parish Code of Ordinances, Sec. 2-928(a)(3). Please attach additional pages if necessary.

Name & Address:	Specialty:	Worked with Firm Before (Yes or No):
1.		
2.		
3.		

J. Please specify the total number of support personnel that may assist in the completion of this Project:

5

TEC Professional Services Questionnaire

K. List the professional in charge, key persons, specialists, and individual consultants anticipated for this Project and provide their relevant information below. If necessary, please attach additional documentation (i.e. resume) that demonstrates the employment history and experience of the Firm's key persons that may assist in the completion of this Project. Please attach additional pages if necessary.

PROFESSIONAL IN CHARGE OF PROJECT:

Name & Title:

Paul Barcelona, P.E., President

Project Assignment:

Project Manager/Engineer

Name of Firm with which associated:

ARTOVIA

Years' experience with this Firm:

12 years

Education: Degree(s)/Year/Specialization:

BS/1994/Civil Engineering

Active registration: Year first registered/discipline:

1999/Civil Engineering/LA License # 28237

Other experience and qualifications relevant to the proposed Project:

Paul Barcelona is a Professional Civil Engineer with 30 years of experience in engineering, program, construction, and grant management. The following shows his relevant experience for this project:

- Prepared construction plans and design for Earhart Blvd. Roadway and Storm Sewer Improvements. Designed Metairie Rd. Bridge over 17th St. Canal. Preliminary design for London Ave. Canal Bridges. Design for various steel and concrete structures including buildings, wharves, docks, and other public infrastructure.

- Engineering services for storm-proofing of drainage pump station No. 13 in New Orleans.
- Preliminary engineering, evaluations, needs assessments, asset prioritization, and capital planning for New Orleans Drainage Capital Program. Managed execution of the programs, including management of schedules, scope, project budgets, expenditures, and bidding.
- QA/QC of design, review of construction submittals/ shop drawings for conformance for major drainage pumping stations in New Orleans through the Army

TEC Professional Services Questionnaire

CONTINUED - Other experience and qualifications relevant to proposed project

Corps of Engineers Southeast Louisiana Urban Flood Control (SELA) program.

- Provided engineering for review of plans and specifications, bid documents, change orders and cost reasonableness for drainage projects in the Gustav/Ike CDBG program. Developed policies and procedures for the process.

- Provided engineering for development of grant applications, review of plans, bid documents and change orders, and for cost reviews in the Katrina/Rita CDBG recovery program in New Orleans, St. Charles and Jefferson Parish for drainage. Developed policies and procedures for the process.

- Resident Inspection for Drainage Improvements, St. Tammany Parish: Artovia has provided resident inspection for Lake Village Drainage Improvements/ N. Pearl Mill and Overlay and for Lower W-15 Area Drainage Improvements. Mr. Barcelona was responsible for oversight and quality of the inspection services being provided by the Artovia personnel.

- Drainage Improvements on the West Bank of Jefferson Parish: Artovia is providing design and construction compliance for Hurricane Isaac CDBG drainage improvements on the West Bank. Mr. Barcelona is responsible for delivery of the services.

- Mr. Barcelona also has 15+ years of experience working in the Jefferson Parish Sewerage Capital Improvement Program. Because of the interaction and coordination with Drainage on numerous projects, Mr. Barcelona is knowledgeable of drainage design standards, bidding, construction administration, utility coordination, front end documents and Parish Procedures.

- Experienced with cost estimating for all types of infrastructure including drainage improvements.

- Currently preparing updates to Standard Operating Procedures for Drainage Pump Stations in Jefferson Parish.

TEC Professional Services Questionnaire

KEY PERSON, SPECIALIST, OR INDIVIDUAL CONSULTANT:	
Name & Title:	
Robert T. Dale, Senior Project Manager	
Project Assignment:	
Project management – design and specification review, invoice processing, analyzing and confirming design flow calculations, project construction inspections, etc.	
Name of Firm with which associated:	
	
Years' experience with this Firm:	
5 Years	
Education: Degree(s)/Year/Specialization:	
BS/1984/Mechanical Engineering	
Active registration: Year first registered/discipline:	
1988/Engineer Intern/EI.0012437	
Other experience and qualifications relevant to the proposed Project:	
<p>Mr. Dale has over 33 years of experience in Public Utilities:</p> <ul style="list-style-type: none"> 11 years with Jefferson Parish Department of Drainage, Assistant Director 4 years with Jefferson Parish Department of Water, Assistant Director 18 years with Jefferson Parish Department of Sewerage, Foreman, Superintendent, O&M Manager <p>Drainage experience includes all levels of involvement, from day to day operations, planning/scoping new projects, pump station design, collection system design, budget preparation, emergency planning during hurricanes, etc.</p>	<p>The following is a description of his experience:</p> <p><u>Planning and design of various canal bank stabilization projects, using both in-house work forces and contractor.</u></p> <p>(1) Canal #17 which was one of the 1st projects where JP used vinyl sheet pile for canal bank stabilization.</p> <p>(2) Hoey By-pass Canal.</p> <div style="display: flex; justify-content: space-around; margin-top: 10px;">   </div>

TEC Professional Services Questionnaire

CONTINUED - Other experience and qualifications relevant to proposed project

Jefferson Parish Drainage Pump Replacements:

Reviewed specific as-built details required for large pump replacement. Designed, prepared specifications, and secured the replacement of one of the large vertical pumps at the old Bayou Segnette Drainage Pumping Station. Project involved both in-house pump station personnel and contracted forces. Involved removal of old pump, purchase of replacement pump, modifying suction tube, installation of pump and test of completed installation.

Jefferson Parish Subsurface Drainage Piping Investigations:

Experience includes in-depth knowledge of subsurface pipe failures, investigation, and repairs. Techniques of investigation include:

- Video inspection of pipe with pull-through camera and pole camera
- Dye flooding
- Smoke testing

Subsurface pipe repair experience includes open cut, slip lining, and cured in place lining. The images show a sample of CMP pipe pre and post cured in place lining repair.

Jefferson Parish Drainage Project Evaluations:

Evaluated flows and involved with design of new and rehabilitated drainage lift stations. Created hydraulic models used for sizing pipe and pumps.

- West Metairie & West Napoleon
- Pontiff Playground
- Various Jean Lafitte pump stations

Other Drainage Experience Includes:

- Prepared preliminary and final site plans and specifications.
- Used CAD software to prepare drawings for contractors and in-house field personnel.
- Estimated project cost and created schedules.
- Worked with JP Legal Department, JP Engineering Department, Surveyors, and other Utilities to determine property ownership and possible conflict with other utilities. Coordinated adjustments if required.
- Working with consultant engineers to develop detailed scope of various drainage improvement projects throughout the Parish.
- Developed and reviewed plans and specifications related to new construction, repairs, maintenance, and upgrades of drainage pump stations and drainage collection network.
- Routinely made site inspections of construction to ensure schedule and other contracted requirements were met.
- Evaluated bids and prepared recommendations on new equipment purchases.
- Setup computer automated pump station work order maintenance system.
- Instrumental in the preparation and annual update of the Drainage Emergency Plan, which is used yearly in preparation for hurricane season.
- Remotely monitored drainage pumping activity and canal levels during all rain events with the SCADA software.

TEC Professional Services Questionnaire

CONTINUED - Other experience and qualifications relevant to proposed project

Other Drainage Experience, Cont:

- Evaluated areas with street flooding issues, using various investigation techniques to explain existing conditions. Issued work orders to clean/repair existing subsurface drainage or developed scope for capital improvements to areas with drainage problems.
- Field inspection of canal outfall pipes and logically labeled and noted condition of each along with labeling all drainage manholes in the Parish computerized GIS.
- Oversaw internal and contracted work related to the repairs, maintenance and/or upgrades of the Parish canal system.
- Worked directly with consulting engineers and contractors to design, construct, and maintain the ever-changing drainage system.
- Have experience with Jefferson Parish procedures related to all phases of engineering agreements - from Council selection, phases of design, construction management, to project close-out.

Mr. Dale is also currently preparing updates to standard operating procedures for Drainage Pump Stations in Jefferson Parish.

Jefferson Parish Water Department:

- Assisted the Director of Water in all administration, managerial, and technical aspects of the Water Department.
- Prepared annual and construction contracts for bid.
- Reviewed bid tabs and prepared resolutions for selection service and/or construction contracts.
- Performed inspections on all internal and contracted work associated with repairs, maintenance and/or upgrades of the water treatment plants and the water distribution system.
- Managed the daily operations of the utility billing division which is responsible for the collection of fees for various utilities such as Water, Sewerage, Environmental and Parkways, managing over 144,000 accounts.
- As Assistant Director, Mr. Dale frequently managed and coordinated projects involving both water and drainage infrastructure.

Jefferson Parish Sewerage Department:

- Designed and managed construction of many improvements to minor and major sewer lift stations.
- Reviewed and approved plans and specifications for new sewer utilities.
- Project manager of computerized preventive maintenance software program used in tracking repair and maintenance cost of sewer lift stations and wastewater treatment plant equipment.
- Created hydraulic computer models in SewerCAD for many major sewerage pumping stations, developing system curves, sizing motors, pumps, valves, and piping.
- Supervisor of the sewer investigation crews, whose primary duties were to investigate sewerage systems with above normal ground water infiltration, by conducting system smoke testing, dye flooding, and pipe video inspection to locate broken or failed pipes.
- With the Sewerage Department, Mr. Dale frequently managed and coordinated projects involving both sewerage and drainage infrastructure.

N. Use this space to provide any additional information or description of resources supporting Firm's qualifications for the proposed project.

Formed in 2011, Artovia, LLC is a licensed Louisiana engineering firm (EF.0004973) that has provided successful services for Jefferson Parish. We bring a team with unmatched experience with Jefferson Parish drainage projects and we will provide the highest quality engineering services possible.

Minimum Requirements for Selection

- **The person or firm submitting a Statement of Qualifications shall have one principal who is a professional engineer who shall be registered as such in Louisiana.** Paul Barcelona, P.E. is a registered Civil Engineer in the State of Louisiana.
- **The person or firm submitting a Statement of Qualifications shall have a professional in charge of the project who is a professional engineer who shall be registered as such in Louisiana with a minimum of five (5) years experience in the discipline involved.** Paul Barcelona, P.E. is a registered Civil Engineer in the State of Louisiana. Mr. Barcelona has 30 years of experience and has been licensed since 1999.
- **The person or firm submitting a Statement of Qualifications shall have one employee who is a professional engineer registered as such in Louisiana in the field or fields of expertise required for the project. (A sub-consultant may meet the requirement only if the advertised project involves more than one discipline.)** Paul Barcelona, P.E. who is an employee of Artovia is a professional engineer registered in Louisiana.

Evaluation Criteria

1. Professional training and experience in relation to the type of work required for the routine engineering services. This SOQ contains Artovia's experience and resumes for personnel who would be involved with the project. Should the Parish require additional information on the firm's experience or on our personnel's experience, it can be provided without delay. We are currently providing routine engineering services to update standard operating procedures for Jefferson Parish drainage pump stations.

2. Size of firm, considering the number of professional and support personnel required to perform the type of routine engineering tasks, including project evaluation, project design, drafting of technical plans, development of technical specifications and construction administration. The number of professionals is shown in Item E of this SOQ.

3. Capacity for timely completion of newly assigned work, considering the factors of type of routine engineering task, current unfinished workload, and person or firm's available professional and support personnel. Artovia has the personnel necessary to complete a wide variety of quality services that meet or exceed project time requirements. Our professionals have an excellent track record of completing work on time. We are confident that we can deliver services in a timely manner. We also have the ability to add more staff as needed.

4. Past Performance by person or firm on Parish contracts. Artovia has provided high quality services on Parish and public contracts and invite you to use any of the owners and clients listed as references or if you need additional references for our team, they can be provided without delay.

5. Location of the principal office. Artovia's principal office is located at 69090 Hwy. 190 E. Service Rd., Suite 201, Covington, LA 70433.

6. Adversarial legal proceedings between the Parish and the person or firm performing professional services, in which the Parish prevailed or any ongoing adversarial legal proceedings between the Parish and the person or firm performing professional services excluding those instances or cases where the person or firm was added as an indispensable party, or where the person or firm participated in or assisted the public entity in prosecution of its claim. There are no current or past adversarial legal proceedings between Jefferson Parish and the person or firm performing professional services.

TEC Professional Services Questionnaire

N. Use this space to provide any additional information or description of resources supporting Firm's qualifications for the proposed project.

Evaluation Criteria, Cont.

7. Prior successful completion of projects of the type and nature of routine engineering services, as defined, for which firm has provided verifiable references. Artovia as well as key staff have provided high quality services for Jefferson Parish and other clients as shown in Items K and L of this SOQ. We invite you to use any of the owners and clients as references or if you need additional references, they can be provided without delay.

O. To the best of my knowledge, the foregoing is an accurate statement of facts.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED – SCHEDULED

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

With respect to coverage provided by this endorsement the provisions of the Coverage Form apply unless modified by the endorsement.

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s):

- A. SECTION II – COVERED AUTOS LIABILITY COVERAGE, A. Coverage, 1. Who Is An Insured** is amended to include as an "insured" the person(s) or organization(s) shown in the Schedule, but only with respect to their liability for "bodily injury" or "property damage" to which this insurance applies, caused in whole or in part, by an "accident" resulting from the ownership, maintenance or use of a covered "auto".

However, the insurance afforded to such "insured":

1. Only applies to the extent permitted by law; and
2. If coverage provided to the "insured" is required by a contract or agreement, the insurance afforded to such "insured" will not be broader than that which you are required by contract or agreement to provide such "insured".

- B. SECTION II - COVERED AUTOS LIABILITY COVERAGE, B. Exclusions** is amended to include:

This insurance does not apply to:

"Bodily injury" or "property damage" for which the Person(s) or Organization(s) shown in the Declarations or Schedule is obligated to pay damages by reason of the assumption of liability in a contract or agreement

- C. SECTION II – COVERED AUTOS LIABILITY COVERAGE, C. Limits Of Insurance** is amended to include:

The most we will pay on behalf of the “insured” shown in the Schedule is the amount of insurance:

1. Required by the contract or agreement you have entered into with the "insured"; or
 2. Available under the applicable Limits of Insurance shown in the Declarations;
- whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

ALL OTHER TERMS AND CONDITIONS OF THE POLICY REMAIN UNCHANGED.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

With respect to coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by the endorsement.

SCHEDULE

Name(s) Of Person(s) Or Organization(s):

Additional Premium	\$ 0.00
--------------------	---------

Section IV – Business Auto Conditions, A. Loss Conditions, 5., Transfer Of Rights Of Recovery Against Others To Us does not apply to the person(s) or organization(s) shown in the Schedule, but only to the extent that subrogation is waived prior to the "accident" or the "loss" under a written contract or written agreement with that person or organization.

We will retain the additional premium shown above, regardless of any early termination of this endorsement of this Policy.

This Endorsement Changes The Policy. Please Read It Carefully.

CONTRACTOR COVERAGE EXTENSION ENDORSEMENT – BLANKET ADDITIONAL INSURED – OWNERS, LESSEES, OR CONTRACTORS; PRIMARY AND NONCONTRIBUTORY; BLANKET WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

- A. SECTION II – WHO IS AN INSURED** is amended to include as an additional insured any owner, lessee or contractor for whom you are performing operations or working at their premises when you have agreed in writing in a contract or agreement that such person or organization be added as an additional insured on your policy, but only with respect to liability for “bodily injury”, “property damage” or “personal and advertising injury” caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) described above

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

Any entity requiring to be specifically listed as additional insured per the terms of the contract or agreement may be listed in the schedule below:

Name of Additional Insured Person(s) or Organization(s):

- B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:**

1. “Bodily injury”, “property damage” or “personal and advertising injury” arising out of the rendering of or the failure to render, any professional architectural, engineering or surveying services, including:
 - a. The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
 - b. Supervisory, inspection, architectural or engineering activities.
2. Claims, “suits” and/or damages arising out of the acts, omissions and/or negligence of the additional insured(s).
3. “Bodily injury” or “property damage” occurring after:

- a. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the site of the covered operations has been completed; or
 - b. That portion of “your work” out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.
- C. With respect to the insurance afforded to these additional insureds, the following is added to SECTION III – LIMITS OF INSURANCE:

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

 - 1. Required by the contract or agreement; or
 - 2. Available under the applicable limits of insurance;

whichever is less.

This endorsement shall not increase the applicable limits of insurance.
- D. Primary and Noncontributory Provision

This insurance is primary to and will not seek contribution from any other insurance available to an additional insured under your policy provided that:

 - 1. The additional insured is a Named Insured under such other insurance; and
 - 2. You have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to the additional insured, provided such contract or agreement was in place prior to the “occurrence”.
- E. Waiver of Subrogation Provision

The Transfer of Rights of Recovery Against Others To Us Condition (SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS) is amended by the addition of the following:

If required as part of a written contract or agreement, we will waive any right of recovery we may have against those who are added as additional insureds by this endorsement because of payment we make for injury or damage arising out of your ongoing operations performed under a contract with them. This waiver applies only when you are solely negligent. This waiver shall not apply to claims, “suits” and/or damages arising in whole or in part out of the acts, omissions, and/or negligence of those added as additional insureds by this endorsement.
- F. Any written contract or agreement as required by the conditions of paragraphs A, D, or E of this endorsement must be currently in effect or becoming effective during the term of the policy and executed prior to the “bodily injury”, “property damage”, or “personal and advertising injury”.

All other terms and conditions of this policy remain unchanged.
