Deuntagus Herndon
Procurement Specialist
Jackson-Medgar Wiley Evers International Airport
Main Terminal Building, Suite 300
Jackson, MS 39208

Dear Deuntagus Herndon:

This package is in response to Solicitation 1817A FAA Building Roof Replacement at the Jackson-Medgar Wiley Evers International Airport, Jackson, MS. Given the requirements outlined in the notice, we believe that Hernandez Consulting & Construction provides an excellent solution for the Jackson-Medgar Wiley Evers International Airport.

For this project, we have 75% Disadvantaged Business Entities (DBE) participation from subcontractors for the Mechanical, Electrical, Roofing, and Painting divisions of the project. Hernandez Consulting & Construction will complete the general conditions for the projects. Our areas of expertise include: Design-Build Services, Program and Project Management, General Contracting, Construction Management, Architectural Design, Security Engineering and Environmental Services.

Our Project Manager will supervise and coordinate activities to ensure your quality and performance objectives are being met. Our team uses the highest standard methods, technology, and materials and our project managers focus on responsive customer service.

Our Mississippi General Contractor's license number is 22892-MC and our Tax ID Number is 20-3504281. You can also visit our website at www.hernandezconsulting.com for more information about our firm.

In closing, we respectfully request that Jackson-Medgar Wiley Evers International Airport consider Hernandez Consulting & Construction for award and performance on this contract. Please do not hesitate to contact me at (504) 305-8571 or jmichael@hernandezconsulting.com with any questions you may have.

Sincerely,

A handwritten signature in black ink that reads 'A. Hernandez'.

Alex Hernandez
Chief Executive Officer

Subject: ITB for FAA Building Roof Replacement - Jackson-Medgar Wiley Evers International Airport

Mr. Bryant,

Thank you for taking my call this morning. As discussed please find the re-roofing project information and a Dropbox link to the bid documents below.

<https://www.dropbox.com/sh/1uhzxo2udejbp9m/AABQC0Bohmrmx3qsd6JDSNpha?dl=0>

Here is some additional important information. This project has a 17% DBE participation goal that according to pre-bid today will weigh heavily toward contract award. So, anything you can do to help with reaching that goal would be helpful. Project duration is 120 days, but that shouldn't affect you. LD's are \$250 a day. The specs call for the existing mechanical equipment to be tested prior to removal and retested after reinstallation. Also, mech & electrical shutdowns are required to be done on the weekend, so I would expect this will be premium time for you (see supplementary conditions 1.12 Owner Occupancy). The specs also make reference to special FAA requirements on the crane (see spec section 01 50 00, sub-section 1.03 FAA Construction Crane Requirements. Please let me know if there is anything else I can be of assistance with.

You have been invited to bid:
1817A FAA Building Roof Replacement - Jackson, MS

Bid Due Date: Friday, February 14, 2020 12:00 PM CT
Project Location: 100 International Drive, Jackson, MS 39208
Project Start Date:
Contact: Rocky Bermudez

Description:

The work includes the furnishing of all labor, materials, and equipment to complete all work shown and described in the Contract Documents (Project Manual Specifications and Drawing Set) and consists of, but is not limited to, the following building types of work:

1. Selective Demolition.
2. Waterproofing.
3. Insulation.
4. Standing seam metal roofing.
5. Single-ply membrane roofing.
6. Plumbing.
7. HVAC.
8. Electrical Power and lighting.

9. All other items as shown and described in Contract Documents.

C. Scope of demolition and removal work is indicated on drawings and specified in Section 02 41 00.

D. The work for the BASE BID consists of all work required to complete the construction of roof replacement described herein. Alternates shall be as described in Section 01 23 00

Subject: ITB for FAA Building Roof Replacement - Jackson-Medgar Wiley Evers International Airport

Mr. Frank Dixon,

I am a general contractor looking for a quote for a hard bid commercial project at the Jackson International Airport. The painting scope is relatively small, but if you are interested all of the information you need is below. Please let me know if you are interested in quoting the project.

<https://www.dropbox.com/sh/1uhzxo2udejbp9m/AABQC0Bohmrmx3qsd6JDSNpha?dl=0>

Here is some additional important information. This project has a 17% DBE participation goal that according to pre-bid today will weigh heavily toward contract award. So, anything you can do to help with reaching that goal would be helpful. Project duration is 120 days, but that shouldn't affect you. LD's are \$250 a day. The small painting scope is part of Alternate #1, and involves paint the existing entrance canopy & rooftop mechanical louver screen. Please let me know if there is anything else I can be of assistance with.

TONY WATSON ELECTRIC, INC.

General & Electrical Contractors
DBE, MBE, Veteran-Owned Small Business

Project ID: 19-016
Date: February 14, 2020

Proposal
Federal Aviation Administration Building
Roof Replacement
Electrical Package

Subject: Electrical

SCOPE OF WORK

Tony Watson Electric, Inc. (TWE) is pleased to submit this proposal to furnish weekend labor to disconnect existing HVAC rooftop equipment and reconnect HVAC rooftop equipment as shown on drawing E1.0. There is no electrical division used in the specifications for quoting purposes.

Base Bid Electrical	\$9,600.00
----------------------------	-------------------

Proposal has been provided in accordance with the following:
Plans and Specifications by Duvall Decker dated September 10, 2019
2 Addenda Received

EXCLUSIONS/CLARIFICATIONS

No Bond included.
No Taxes included. Add 8% tax if an MPC will not be furnished.
No cutting, patching, painting, or repairs.
No gear or material quoted.
No lightning protection removal, reinstallation, or re-certification quoted.
No crane quoted.

TWE will furnish labor only to disconnect and reconnect rooftop HVAC equipment. TWE will not lift, move, or relocate any equipment. Proposal is for 2 electricians to disconnect rooftop equipment on Friday evening and return on Sunday to reconnect equipment. Proposal is for a total of 6 Friday/Sunday trips. TWE has also included 1 day during normal working hours to demo existing electrical rough in at RTU1.

Certificate of Responsibility: 06391-MC

Thank you for the opportunity to submit a proposal for this project. Please contact our office at 601-825-8101 if you have any questions.

Mr. Harmon,

Thank you for taking my call this morning. As discussed please find the re-roofing project information and a Dropbox link to the bid documents below. The electrical scope of this project is small and very simple. However, it does involve weekend work (premium time).

The electrician has to disconnect power from the rooftop RTU's, condensing units, & EF's. You will also need to remove one electrical roof penetration for a RTU that is no longer there, and remove the wiring all the way back to the panel. Please let me know if you are interested in quoting this project.

<https://www.dropbox.com/sh/1uhzxo2udejbp9m/AABQC0Bohmrmx3qsd6JDSNpha?dl=0>

Here is some additional important information. This project has a 17% DBE participation goal that according to pre-bid today will weigh heavily toward contract award. So, anything you can do to help with reaching that goal would be helpful. Project duration is 120 days, but that shouldn't affect you. LD's are \$250 a day. Also, mech & electrical shutdowns are required to be done on the weekend, so I would expect this will be premium time for you (see supplementary conditions 1.12 Owner Occupancy). Please let me know if there is anything else I can be of assistance with.

Attention: Tony A. Harmon, t.a.harmonelectricalllc@gmail.com
Company: TA Harmon Electrical, LLC,

You have been invited to bid:
1817A FAA Building Roof Replacement - Jackson, MS

Bid Due Date: Friday, February 14, 2020 12:00 PM CT

Ms. Bingham,

My name is Rocky Bermudez and I am an estimator for Hernandez Consulting. Hernandez intends to bid this reroofing project as a prime.

I have tried to reach of a few times on your cell, but I have been unsuccessful. I am interested in determining whether or not you intend to bid this reroofing project. Are you bidding as a prime, or are you bidding as a subcontractor? If bidding as a sub, we would like to receive your quote. Please let me know what scope do you intend to quote?
