COVER LETTER

October 16th, 2021

Subject: Interactive Display Touchscreen Televisions

Virtual Technologies is pleased to offer South Panola School District (SPSD) a proposal for leading-edge Interactive display units and its competitive services. The proposed OneScreen solution is based on high-quality; high performance OneScreen product that can help SPSP achieve enhanced collaboration, productivity, infrastructural support and transform the education system to suit the need of modern world. Key differentiators of the proposed solution include:

- A market-leading product that offers flexibility, investment protection, and superior performance.
- Value-added services and support programs to assist the trainers, simplifying management, and delivering solid value.
- OneScreen salient feature, Guru support programme offers free and unlimited customer support. This helps in additional cost savings for the customer.
- 1-Year free license of OneScreen Zuni

SPSD can have the confidence in the proposed OneScreen Solution because OneScreen has assisted customers worldwide with the successful implementation of these units.

Virtual Technologies is committed to SPSP success and is confident that our solution will address the requirement. We accept all the mentioned terms and conditions in the RFP document and agree to providing OneScreen Interactive Flat Panels and all requested accessories with delivery, installation, training and support as per requirements. The pricing offered in this proposal will be valid for duration of contract. I will be the main point of contact for this project. Please feel free to call me at my cell 678-580-9410 or via email ktalentino@vtiusa.com if you need any assistance.

We look forward to your acceptance of our proposed solution, and to explore the next steps in forging a strong and mutually beneficial relationship.

Sincerely,

Kevin Talentino - CEO

2. Proposer Qualifications and Experience

Virtual Technologies Inc. was established in 2013. VTI is pleased to participate in this solicitation for delivery and installation of interactive Flat Panels to SPSPD. We are based in Canton, Georgia and specialize in providing turn-key solutions relating to audio visual equipment and accessories. VTI has experience with planning and executing similar projects with other school districts throughout the United States and firmly believes it is uniquely qualified to execute this project as well.

What Do We Do?

Services

AV Design & Engineering, Professional Integration and Installation, Project Management, Programming, Service and Maintenance, Training, and Consulting.

Verticals

Corporate, Government, Education (K-12 & Higher Ed), Healthcare, Hospitality, House of Worship, Large or Small Entertainment and Convention Venues

Type of Spaces

Auditoriums, Board Rooms/Conference Rooms/Huddle Rooms/Training Rooms, Call Centers, Classrooms, Court Rooms, Churches, EOC & Control Centers, Entrances and Lobbies, Digital Signage and LED Walls/Large Format Projection—Large or small, we will design the right solution.

VTI is very capable of supporting our growth carefully and strategically. With OneScreen, Virtual Technologies has a seamless team that can manufacture the displays, ship them to our warehouses around USA, and keep inventory levels to instantly support large orders. In short, VTI can pull from any of OneScreen or our warehouses and can finance and fill large orders. Also because of our experience we seamlessly install large orders, then train our customers to use our technology solutions successfully and most of all support for after the sale is unmatched using our shared resources between us. In Georgia we have a 10 thousand square foot facility. We have forklifts in all facilities with warehouses to move equipment onto our delivery trucks for quick, just in time, delivery for our customers. We have a direct line of contact with OneScreen Product Support Team ensuring allowing us to best address customers inquiries with preferential treatment for VTI customers. VTI provides OneScreen certified installers for whenever installation is requested. This ensures effective and safe project execution for school districts. VTI will directly overlook all aspects of the projects from organizing deliveries to scheduling training sessions for SPSPD staff and teachers. Our close

working relationship with OneScreen guarantees timely communication and unhindered collaboration which directly benefits SPSPD.

Enclosed in our proposal is detailed description of all requested information by SPSPD. We are looking forward to developing a long and meaning full relation with SPSPD. The company is in excellent financial condition and is fully capable of delivering the complete solution including delivery, installation, and training. Any supporting documents can be provided upon request. Neither there have been any ownership changes in the last 5 years nor are any such changes pending right now. Financial statement will be provided upon request.

Contact Details:

Address: 152 Bluffs Court, Canton, GA 30114

Key Project Personnel:

Here at Virtual Technologies Inc., each project is assigned a dedicated team to ensure quality service from beginning to end of project. The Project team for SPSPD will be headed directly headed by our CEO Kevin Talentino with assistance from CFO Toni Talentino. Zarrar Khan will direct and manage all logistical aspects of this project. Zarrar will be responsible for the logistics and implementation of the project. He will ensure timely delivery and quality standards of the equipment delivered to the SPSPD. VTI will be working closely with OneScreen team headed by Muzna Farooq. She will spearhead all training and demonstrations required in this project and will be providing product support during and after the implementation of the Project.

Kevin Talentino – CEO

Having vast experience in the AV space since 1999, Kevin has had successfully set up multiple businesses. After 20 years in the military and spending a considerable time with Diebold Nixdorf Technology Company, Kevin became a part of Virtual Technologies Inc. Kevin not only brought years of experience to the table but also his unique acumen for business. He has done numerous projects in the K-12 Education Sector, providing technological services and solutions.

ktalentino@vtiusa.com

Office: 678-999-7129 Ext. 202

Cell: 678-580-9410

Toni Talentino – Accounting/ CFO

Being the Chief Financial Officer, Toni is responsible for accounts and is Kevin's right hand person. She has been managing financials for VTI since 2013 and has been in the AV sector alongside Kevin since 1999.

toni@vtiusa.com

Office: 678-999-7129 Ext. 201

Cell: 678-237-2512

Zarrar Khan – Logistics

Zarrar manages all logistical and inventory related concerns for OneScreen and VTI. He has been building his experience and skills for the AV market, proving himself to be a great resource for the team.

logistics@onescreensolutions.com

Office: 858-429-9995

Muzna Farooq – Team Lead Product Support

Muzna will be managing all training and product support related matters for OneScreen. She has incredible experience training teachers, students, and staff to fully utilize the technological solutions provide by OneScreen.

support@onescreensolutions.com

Office: 855-898-8111

Project Timeline:

Delivery can be made within 4-5 weeks after PO is received. OneScreen certified installers will begin installation as soon as units arrive. Availability of funds by South Panola School District, working hours for installation, date order is placed, and ordered quantities are factors project timeline is dependent upon

3. Overview

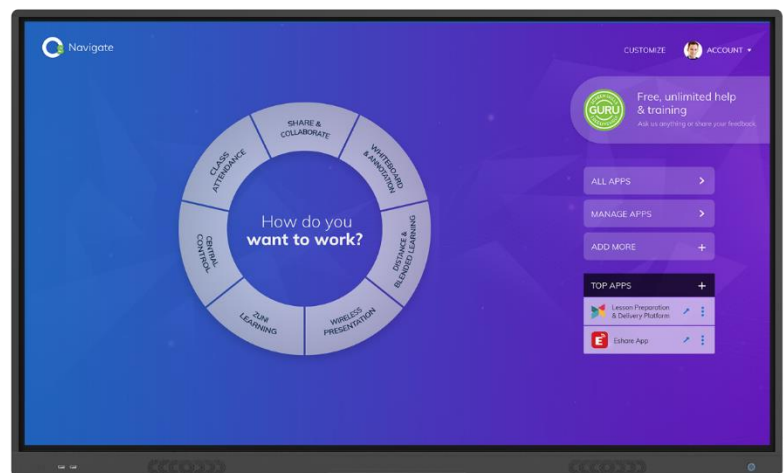

We offer the complete classroom ready OneScreen t6 Interactive Flat Panel which comes preinstalled with the OneScreen Educational Software Bundle and unlimited support.

OneScreen T6 75" Interactive Flat Panel

- Android 8 Oreo
- 3GB RAM & 64GB Storage
- 75" 4K UHD Touch Screen w/ Commercial Grade LED Panel
- Complete OneScreen Educational Software Suite
- Cortex A73 x2, A53 x2 Processor
- Mali G51MP2 Graphics Processor
- 20x Touch points
- Touch accuracy 3mm
- Response time ≥ 2.5 ms
- Flush wall mount included
- 3 Year On-site Warranty

OneScreen Software Bundle Features

- Screen sharing
- Live annotation
- Video conferencing
- Collaboration tools
- Central device management
- Educational Resources and more

4. Value Added Services

OneScreen Screen Skills Gurus - Included Free of Cost

OneScreen Screen Skills Gurus are highly qualified Engineers who will be able to assist you throughout the lifetime of your products. Users can reach out to them for troubleshooting, warranty claim and unlimited online trainings by just one touch at the Screen Skills Guru Icon on their OneScreen. They can also be reached via phone (+1- 855-898-8111) or email (support@onescreensolutions.com). They are available from 8 AM to 8 PM Eastern Time, Monday to Friday.

Online Training - Included Free of Cost

We are offering a free online training session. These training sessions will be conducted by OneScreen Certified Trainers. Details regarding online training session are included in proposal.

Free OneScreen Demonstration:

To aid SPSD in the evaluation of our solution, we are offering as part of our proposal a free OneScreen demonstration carried out by a OneScreen Solution Specialist. This demo will be focused on the technical capabilities, software tools, and the cost to performance superiority of OneScreen. Most importantly, our goal is to directly address the problems and shortcomings SPSPD wants to remedy, to improve their classroom environment.

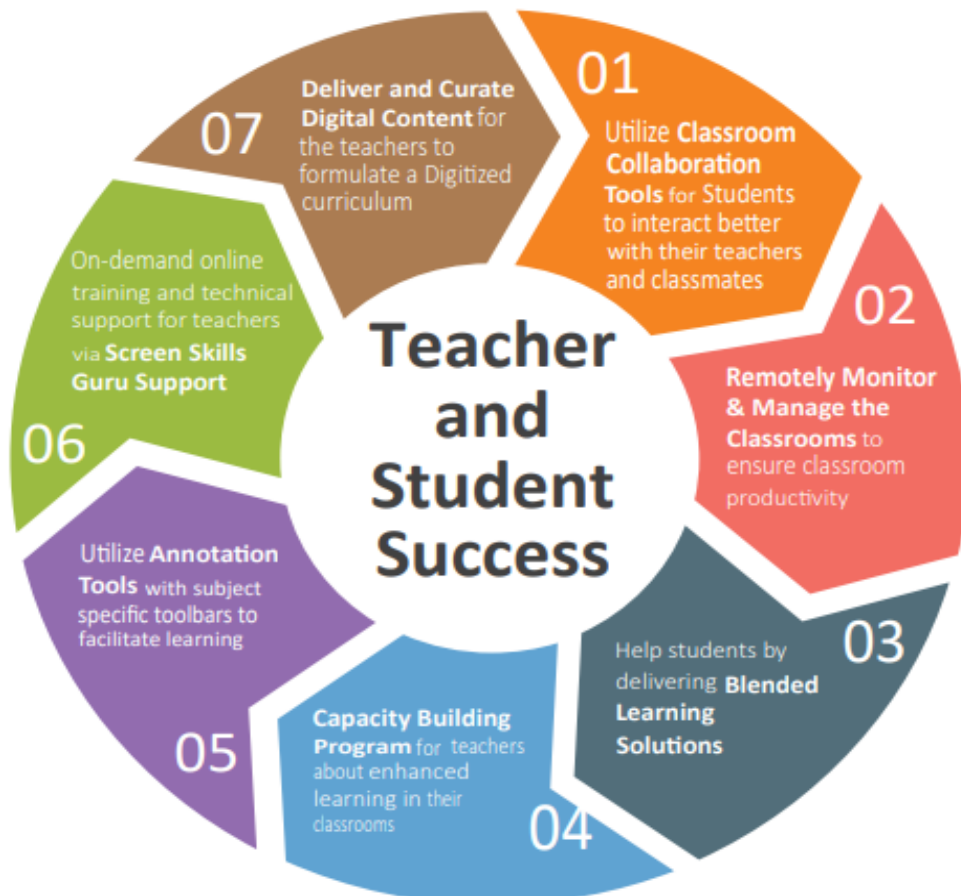

Free OneScreen Demo:

For hands on evaluation of the OneScreen T6 interactive solution, we are offering a free OneScreen T6 75" demo unit to SPSPD for a period of 30-days.

Teacher and Student Resource

OneScreen software bundle which exceeds the requested requirements and delivers not just the interactive white boarding tools but also the blended & distance learning tools, classroom collaboration tools, formative assessment tools, lesson plans, and educational content that will go a long way to enhance learning in your classrooms.

5. Hardware

The One screen Interactive Flat Panels provide customers with an easy to use in all-in-one solution which allows for collaboration, screen sharing, annotation, polling, remote management, and more. Some of the salient features of the OneScreen Interactive Flat Panel are:

Features

- TFT LED LG IPS display with a 4K UHD - 3840 x 2160 resolution
- 20-point multi-touch with 3mm accuracy
- Anti-glare glass with 8 MOHS strength surface protection
- 3D digital comb filter and 3D noise reduction, dual 3D dynamic video progressive scan
- Powerful Wi-Fi, faster BYOD support: Windows, Mac, Android, Linux, iOS, Chrome OS
- Commercial Grade Panel built and tested for 24x7 use
- < 8 millisecond response time
- Cortex A73 x2, A53 x2 Android processor
- 3GB RAM and 64GB EMMC 5.1 Storage
- 2 built-in Dolby 15W stereo speakers to deliver flawless sound experience
- Modular design with a premium brushed metal finish
- Built-in Wi-Fi Module
- 3 Year On-site Warranty

What's in the Box?

- OneScreen Interactive Flat Panel
- Wall mount
- Remote control
- Power cable
- Stylus (2)
- Extendable wand
- Quick setup guide
- Remote control guide
- HDMI Cable
- USB Cable

Interactivity

- Screen sharing, Video Conferencing, Live Annotation with full access to Google Play Store Applications and Services i.e YouTube, Chrome, Google Meet etc.
- Compatible with all Google Android Applications including Google Meet, Office 356 and, more.
- Video Conferencing, and Screen Share software included with support for third party software.
- OneScreen Eshare provides ease of remote access.
- OneScreen Software Suite included with purchase of every screen. Additional licenses and be purchased upon request.

6. Software

OneScreen Interactive Flat Panels come with a built in Android 8.0. Some of the key services and applications that are part of the OS include:

Google Play Store

Full access to Google Play Store with Multi-user login support.

Android Apps

Full access to Android Apps including Chrome, YouTube, Office Apps etc.

OneScreen Software Suite

A complete software suite made for a collaborative environment.

Classroom Collaboration

- Multi device screen share & streaming
- Mirror your screen to OneScreen and vice versa via phone, tablet or computer
- Screen sharing and collaboration across Android, iOS and Windows devices
- Take control of content on screen using a phone or table.

Annotation & Interactive Whiteboard

- Interactive Whiteboarding and Annotation software.
- Intuitive tools - text, equations & shape recognition, multi-touch pen, lecture recording, screen capture, live text, and image integration.
- Automatically save presentations locally or on cloud.

Google Classroom & Educational Resources

- Connect your Google Drive and Microsoft OneDrive
- Build enriched lessons made up of your documents, video & audio files, PDFs, images, YouTube videos and web links
- Students can use their mobiles to connect to your multimedia lessons and follow along as you navigate
- Annotate over documents, pull up a blank whiteboard, poll your class for live feedback
- Students can access assigned lessons in the 'Lesson Library'
- Flipped lessons for students to navigate through lessons prior to class

Centralized Device Management

- Centralized virtual command and control system
- Management information about your OneScreen touchscreens across multiple networks
- Manage software package installation collectively for multiple devices
- Cloud-based centralized control via your local machines including mobile devices.

Distance & Blended Learning

- Browser based Distance & Blended Learning Solution
- Screen & application sharing, recording, instant messaging, file exchange, dial-out capability & online white boarding capabilities
- Create classroom communities and pass control and/or view capability to multiple team members at the same time.

Functionality	Software	Subscription
Classroom Collaboration and Screensharing	OneScreen Eshare	Perpetual License
Annotation and Interactive Whiteboard	OneScreen Annotate	Perpetual License
Distance and Blended Learning	OneScreen Hype	Initial 1 Year Free Subscription Included
Centralized Device Management	OneScreen Central	Initial 1 Year Free Subscription Included
Online Educational Resources	OneScreen Zuni	Initial 1 Year Free Subscription Included

7. Training and Support

Unlimited, Free Online Training & Support

OneScreen has a team of Screen Skills Gurus who are a group of highly trained and qualified engineers. The Screen Skills Gurus provide an on-demand video-based training & support. Our Screen Skills Gurus are available 12 hours a day Monday to Friday (8 AM ET to 8 PM ET). You may schedule a free of cost training at any given time for any OneScreen software in your use. You may simply visit our site, www.onscreensolutions.com or call us on our support number and schedule a training.

OneScreen maintains an extensive online repository consisting of YouTube Video tutorials and Manuals which are extremely helpful for your instructors. The videos include, but are not limited to: Setup Guidelines, Hardware Overview, Software Overview. A collection of specification sheets, comparisons, case studies and guides for all OneScreen products are also available on our site, www.onscreensolutions.com under the resources tab.

The following table provides a summary of all service components provided under our training & technical support service.

SERVICE COMPONENT	SCOPE	AVAILABILITY
Technical Support	Emergency Support	24 x 7
Online Training	Non-critical Issues	12 x 5
Software Updates	Bug Fixes and Routine Updates	As per requirement
Online Portal	Troubleshooting knowledge database	24 x 7

A hands-on learning experience allows for the staff to avoid facing any confusion. It would result in an undisrupted and smooth interactive learning experience to be given to the students. Hence, training sessions are arranged to ensure all the staff have an opportunity to learn and familiarize themselves with the new interactive solution.

OneScreen solutions offers training sessions in the following categories:

Operator Training (If requested):

The training session is intended for common system operators. This session will be structured for Advanced System Configuration and operational Knowledge needed to maintain and manage all Systems. Thus, allowing your organizations' operators to have full working knowledge of the systems operations. In addition to these training sessions, our OneScreen support team will be available to guide the operator with any issue they might come across. The operator will reach out to the support team and the support team will guide and educate the operator on the system where they might be facing an issue.

Teacher / User Training:

The teacher / user training sessions will be structured to educate the user on the full functionality and utilization of the system. The training will be broken down into blocks, according to the user's availability. Each block will provide a detailed educational session on how to utilize certain features of the system. The OneScreen certified trainer is going to design a training plan based on how the user plans on utilizing the system to achieve their objective. This training plan will allow the certified trainer to ensure the focus of the training session is on topics of immediate consequence to the user. A follow up training session may be scheduled to go through topic which the user might not be confident about. By the end of the training, the user will be capable in using the OneScreen solution to its maximum potential.

Train the Trainer:

The user or operator may schedule this training session once they have completed one of the above categories of training. This session will include the user training one of our OneScreen specialists. Throughout the session, the specialist will ask the user to present each feature and software. The objective of this session is for the trainer to ensure the user can use the system to its maximum potential. Furthermore, this session allows the trainer to revisit topics where the user might not be confident enough.

Warranty and Replacement Procedures

In case of any irregularity, you can contact the OneScreen support team through phone, email, or Guru help option on the screen. A OneScreen Support Guru will be available to assist you immediately. If any repairs are needed a OneScreen certified Technician will be provided. For returns a Return Merchandise Authorization (RMA) will be provided. We will provide one-way shipping for the unit.

9. OneScreen Testimonials

Many thanks to the OneScreen team for the time you invested with us. I'm happy for the personal service of your company. Your company has come a long way with technology, the new unit is a world of a difference from your previous generation."

~ Joe Delucia | IT Director

"Many thanks to the OneScreen team for the time you invested with us. I'm happy for the personal service of your company. Your company has come a long way with technology, the new unit is a world of a difference from your previous generation. As a technologically challenged individual, I found your training to be easy to follow and relevant to my needs. The customer service I have received from the OneScreen team has been top notch and I am more than satisfied with my service. Thank you!"

~ Carol March | Co-Owner/Program Director

OneScreen has been the ultimate eLearning solution that allows students to seamlessly blend classroom and online learning. Teachers can organize, present, or assign assessments, collaborate with students, and record learning at every step of the way.

~ Emily Anderson | Director of Science

"Kevin was very helpful in the selection process of a OneScreen Canvas for our school. The selection process was easy and customer service was impeccable. It was a pleasure doing business with you."

~ Gina Bonecutter | Head of School

10. Warranty Details

- A. Pricing includes a three (3) year advance replacement warranty for all components including Interactive LED Panel with integrated speakers, android processor, wireless keyboard, cables, and accessories. The complete cost of repair, parts and labor, will be covered by the service agreement. The warranty service agreement period shall begin from the installation date and customer sign-off of the system.
- B. Through our Screen Skills Guru, real -time on-demand technical support & training will be available to all end-users who use the equipment supplied by VTI. These live video training and troubleshooting sessions can be 2-minute short conversations to answer specific questions or an hour-long detailed overview of all our HW and SW. Unlimited Screen Skills Guru training sessions will be available to the customer staff during the 3-year warranty period.
- C. VTI will have the necessary personnel to respond to warranty service calls within the required service level agreements (SLA) for the duration of the warranty service agreement period.
- D. VTI will accept service calls by Video call to our Screen Skills Guru (preferred method), Phone call to our Tech support hotline or Email to support@onescreensolutions.com.
- E. VTI service department will carry inventory and 5% spare parts on hand for quick resolution. This includes Interactive LED Panel and components. All warranty repairs will be done off-site as to not disrupt instruction. Once Interactive LED Panel is repaired it shall be placed back into circulation.
- F. Provide hot swaps of at least 1% of inventory at the vendor's site to be swapped out during repair windows VTI will provide documentation to maintain an accurate inventory that tracks the movement of equipment when units are replaced.
- G. VTI will provide repair and replacement of equipment as necessary up to the warranty expiration date. This provision shall survive the expiration of this agreement.
- H. VTI will provide experienced & certified personnel to perform the support services.
- I. VTI personnel working in customer facilities shall be insured by VTI.
- J. A Service Manager will be available as the single point of contact for the customer. The primary function of the Service Manager will be to ensure all service delivery tasks are met for customer.
- K. Exclusions: Any product that has been modified will not be covered under warranty. The following type of damages to equipment will not be covered under this SLA:
 - a. Damage to equipment due to force majeure (natural disasters, fire & war etc.)
 - b. Damage to hardware due to negligence, irrelevant operation or intentional damage.
 - c. Damage caused by customer's failure to run the equipment in compliance with the operational manual of the equipment.
 - d. System damage directly caused by problems in Customer's Infrastructure.

Request for Taxpayer Identification Number and Certification

► Go to www.irs.gov/FormW9 for instructions and the latest information.

Give Form to the
requester. Do not
send to the IRS.

Print or type. See Specific Instructions on page 3.	1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.	
	2 Business name/disregarded entity name, if different from above	
	3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only one of the following seven boxes.	4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):
	<input type="checkbox"/> Individual/sole proprietor or single-member LLC <input type="checkbox"/> Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ► _____ Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is not disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner. <input type="checkbox"/> Other (see instructions) ► _____	Exempt payee code (if any) _____ Exemption from FATCA reporting code (if any) _____ <small>(Applies to accounts maintained outside the U.S.)</small>
	5 Address (number, street, and apt. or suite no.) See instructions.	Requester's name and address (optional)
6 City, state, and ZIP code		
7 List account number(s) here (optional)		

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number									
				-				-	
or									
Employer identification number									
					-				

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

-----------	--	--------------	---

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
 - Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
 - Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
 - Form 1099-S (proceeds from real estate transactions)
 - Form 1099-K (merchant card and third party network transactions)
 - Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
 - Form 1099-C (canceled debt)
 - Form 1099-A (acquisition or abandonment of secured property)
- Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.
- If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.*

Technical Specification Sheets

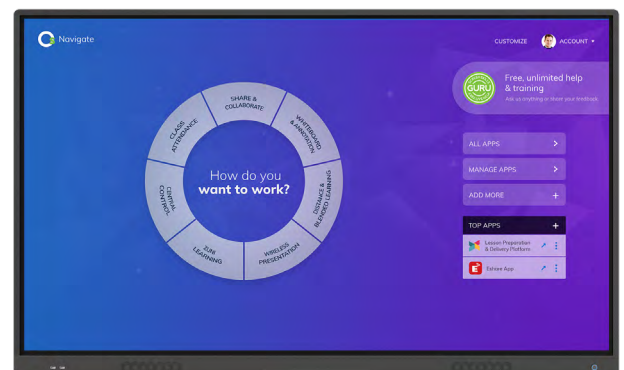

OneScreen Touchscreen 6

Increase the potential of every lesson.

Simple Tools & Apps

- Draw on practically anything
- Stream, screen share, search
- Record, save as PDF and send

Ultra Compatible

- Use your apps & devices or ours
- Supports practically all BYOD devices
- Instantaneous wireless connection

Affordable Innovation

- Plug-and-play, quick install
- Low cost of ownership
- Comes with its own help & training service

Free, unlimited
help & training

Presenting, streaming, screen sharing, searching, drawing, lesson planning, white boarding... You name it. All in one smart screen.

Software & Services

Cloud-based Services*

Distance Learning	OneScreen Hype video conferencing with screen sharing, recording, translation/transcription & more

OneScreen Annotate

Interactive whiteboard and annotation software

**You won't
think of
brainstorming
without it
again.**

Easy tools you actually use: pens, erasers, text recognition, search engine assignment and more.

Record your work session content in multiple formats, reopen, rework and resave anytime.

Shared whiteboard with up to 50 users from across the globe or in the room.

Personalize your workspace and toolbar and enjoy simple drag-and-drop navigation.

On-demand, free Screen Skills Guru support and training via audio, video, chat, email, or phone.

OneScreen Annotate v1

Work Session Functionality

Description	Annotate
Multi-party usage	Include up to 50 remote users in a shared whiteboard space
Unlimited content annotation capabilities using intuitive tools	Yes
Personalized workspace and toolbar	Yes
Workspace size	Yes (endless whiteboard space)
Import multimedia files	Yes (drag and drop)
Pre-loaded content	Yes (geography, mathematics, science)
Saving work sessions	Yes (formats include .yar, .htm, .bmp, .jpg, .png, .iwd, .pdf, .ppt)
Saving and recording work sessions	Yes (records audio and annotation simultaneously)
Built-in Google images access	Yes
Text, shape and handwriting recognition	Yes
Programmable search engines	Yes
Annotate desktops screens and documents	Yes
Multi-touch input	Yes

System Requirements

CPU	CPU Core i3 Processor
Free hard drive space	2.5 GB
RAM	1 GB (recommended 2 GB)
Display colors	High Color (16 bit)
Operating System (OS)	Windows (7, 8.1, and 10) and up to Mac 10.11

Specifications are subject to change at any time without notice.

OneScreen Central

**Centralized
control
for your
IT team.**

Monitor, manage and control your OneScreens.

- Easy-to-use, cloud-based platform built for today's smart classrooms.
- Broadcast alerts and notices or power on/off to all or selected OneScreen units.
- Remotely take control and install applications and updates on all or selected OneScreen units.
- Analyze usage of OneScreen units, applications and software for budgeting, teaching and learning insights.

Free, unlimited help & training

OneScreen Central

Cloud-based
platform

Specifically
designed
education
features

Modular
and flexible

Device Management and Administration

- Manage information about your OneScreen units
- Schedule OneScreen unit management tasks - power management, monitor web activity, firmware/software upgrades, usage reports, etc.
- Group different sets of units and restrict management based on the usage criteria
- Provide software technical support via your web console
- Anti-theft module helps you protect your data and track your units geographically

Software and Application Management

- Allow application installation based on set criteria – blacklist unwanted apps and websites
- Manage software package installation collectively for multiple units
- Restrict to role-based application access and manage user privileges on different units

Supporting Devices and Platforms

- Cloud-based centralized control of OneScreen units via your local machines including mobile devices
- Mobile application available from Google Play Store and Apple Store

OneScreen ZUNI Learning

**Over 40,000
vetted & open
educational
resources**

**All of the best, free, online lessons & resources
aggregated, organized and integrated with Google Class.**

Save Teachers Time - Save hundreds of hours in the year. ZUNI puts organized resources that you need, where you need and when you need them.

Restore Order - ZUNI vets and organizes millions of free and open educational resources (OER) & tools.

Aggregated Tools - Over 8000 resources, 5000 games, and 28000 lesson ideas.

Makes It Easy - In 3 clicks, teacher can access resources to design whole group lessons.

Free, unlimited help & training

OneScreen ZUNI Learning

“Districts are spending a lot of money on resources. They need one tool and that tool is ZUNI.” Rosie, School Curriculum Director

Key Features

Content Management System

- 40,000+ vetted and open educational resources
- Literacy, math, science, and social studies lesson ideas, print materials for practice
- Learning games, STEM, and videos, hands-on experiments, coding activities, and more
- Can be customized to your school, district and state

Learning Management System

- Assign in ZUNI
- Assign in Google Classroom
- Link to other Learning Management Systems

Design

- ZUNI's design is intuitive to how a teacher thinks and plans a lesson. In 3 clicks, resources of all types are available, such as games, videos, lesson ideas, TpT, and more...

Works on all devices

Desktop, Laptop, iPad and Phones

Personalize Your Resources

- Create personal learning gardens by adding favorite instructional resources
- Use the ZUNI Chrome extension to add any webpage directly into personal favorites
- Translate ZUNI pages into other languages

Widgets

- Collaborate with colleagues, students, and their parents
- Inform and be informed by linking to web feeds
- Inspire through encouraging words, jokes, sayings, songs, and video

Multiple Languages

- To support bilingual homes, ZUNI incorporates Google Translate to make it easy for non-English speaking parents to support their children at home.

Syncs with

Dropbox, Microsoft Apps and Google Play
