**REQUIREMENTS AND STIPULATIONS**

**JANITORIAL SUPPLIES**

(State of Louisiana Licensing Board Job Classification: N/A)

It is the intent of the Rapides Parish Sheriff's Office (RPSO) to secure pricing on JANITORIAL SUPPLIES. This contract shall remain in effect for a period of THREE (3) months from bid award date. Contingent upon the availability of funds, and the ability of the successful bidder to honor the quoted bid prices, the RPSO reserves the right to renew the existing contract for a period of up to THREE (3) additional months, with a sixty (60) day funding out clause.

**Deliveries shall be F.O.B. Destination, Freight / Fuel Charges Prepaid to the various RPSO using locations, all of which are located within the corporate limits of Alexandria, Louisiana.**

Items shall be awarded on a line item basis. Award shall be based on item unit prices as specified (i.e. pound, case, etc.), items shall be invoiced in units are specified (i.e. pound, case, etc.).

Vendors are not required to bid on every item. They should bid only the items which they can supply, however vendors must have a minimum of TEN items at the lowest cost to be awarded.

Deliveries shall be made within twenty-four (24) hours or order placement by the RPSO using facility. Awarded vendors who fail to deliver the awarded items within the specified twenty-four (24) hour time limit shall be removed from the RPSO vendor list for future bid requests. Portion sizes shall be exactly as specified unless otherwise noted.

**Items shall be ordered on an as needed bases. No quantities are guaranteed.**

References to specific brand names and stock numbers in this proposal are to be interpreted as descriptive, but non-restrictive, and are used only to indicate minimum requirements for type, grade and quality unless otherwise specified. Vendors submitting products as alternates to those specified must furnish complete descriptive literature for each item with submitted bid package.

**ALL COLUMNS ON BID PRICE PAGES ARE TO BE FILLED OUT LEGIBLY. FAILURE TO FILL IN ANY AND ALL COLUMNS SHALL BE GROUNDS FOR AUTOMATIC BID REJECTION.**

(Per L.R.S. 38:2212(A)(c)(I))(See General Conditions Item # 21)

**REQUIREMENTS AND STIPULATIONS**

No bid may be withdrawn for at least thirty (30) days after the scheduled closing time for the receipt of bids. Quoted prices shall remain firm until product(s) have been accepted by the Rapides Parish Sheriff's Office as delivered.

Products shall be new and of current model year manufacture.

**GENERAL CONDITIONS FOR BIDDERS  
PLEASE READ CAREFULLY**

1. Any manufacturer's preference in this proposal is descriptive, but non-restrictive, and is used only to indicate minimum requirements for type, grade and quality unless otherwise specified.
2. Pursuant to LSA R.S. 38-2212 A.(b), the provisions and requirements of this bid shall not be considered as informalities and shall not be waived by the Rapides Parish Sheriff's Office. Therefore, conditions and specifications on this bid form shall be strictly enforced and any and all alterations, deviations, and non-compliance to said conditions and specifications, either on the bid form or by separate attachment, shall be grounds for immediate disqualification.
3. Preference shall be given to bidders quoting prices F.O.B., the using Department of the Rapides Parish Sheriff's Office with all transportation charges prepaid, unless otherwise requested.
4. Each bidder shall submit his proposal on the proposal form furnished by the RPSO Purchasing Department. Altered or substitute forms shall not be accepted. Bid forms must be complete and concise. The complete bid form must be returned as issued by the RPSO with all pages intact and all specification response columns filled in. Incomplete columns or missing pages shall result in the vendor's entire bid package being rejected.
5. Literature, brochures, and other related paperwork attached to the bid shall be identified with the name of the bidder and the item number.
6. In case of a discrepancy between unit price and extensions, the unit price shall prevail.
7. The Rapides Parish Sheriff's Office shall not honor an escalation clause.
8. The Rapides Parish Sheriff's Office reserves the right to award by item or by total bid, unless otherwise specified in the bid specifications. (Price(s) should be itemized.)
9. All erasures and corrections on the bid form shall be initialed.
10. The Rapides Parish Sheriff's Office reserves the right to reject for cause any and all bids or parts of bids, or accept bids most beneficial to the RPSO.
11. Any bid submitted which contains unauthorized additions, conditional or alternate bids, or irregularities which may make the proposal incomplete, indefinite, or ambiguous as to its meaning, thus requiring clarification after the specified date and time of bid opening shall be automatically rejected.
12. Bids shall be opened publicly in the RPSO Sheriff's Office Conference Room. Bids shall be available for public inspection.
13. Cash discounts shall be accepted, but SHALL NOT be considered in making award.
14. A written notice of acceptance mailed or otherwise furnished to the successful bidder shall result in a binding contract without further action by either party.
15. The Rapides Parish Sheriff's Office reserves the right to require that a written contract shall be executed by and between the Rapides Parish Sheriff's Office and the Contractor. No contract shall be binding upon the RPSO until it has been executed by the RPSO and delivered to the successful bidder. Should the bidder to whom the contract is awarded fail to execute the contract, the award shall then be made to the next lowest responsible bidder, or readvertised for public bid, said decision to be in the sole judgment of the Rapides Parish Sheriff's Office.
16. The Rapides Parish Sheriff's Office shall pay for articles or services purchased under this bid within thirty (30) days after due and proper delivery accompanied by invoice.
17. Note: The Rapides Parish Sheriff's Office is exempt from all taxes. A tax exempt form shall be furnished by the Purchasing Department, if requested.
18. Bidder(s) awarded item(s) by the Rapides Parish Sheriff's Office shall be responsible for supplying all products at the awarded price(s); if not, the Rapides Parish Sheriff's Office shall have the option to cancel the remaining item(s) awarded.

**GENERAL CONDITIONS FOR BIDDERS(Cont.'d)  
PLEASE READ CAREFULLY**

19. Regarding Service Contracts and Procurement Contracts, the terms of the contract shall be binding upon any and all parties involved until goods and supplies are delivered, services have been rendered, and/or work has been completed and accepted by the Sheriff on behalf of the Rapides Parish Sheriff's Office and all payments required to be made to the contractor have been made. However, a contract may be terminated under any and all of the following conditions:
- (a) By mutual agreement and consent of either party upon thirty (30) days written notice to the other party;
  - (b) By the Sheriff, on behalf of the Rapides Parish Sheriff's Office, as a consequence of the failure of the Contractor to comply with the terms and conditions of the contract or the progress or quality of work to be performed in a satisfactory manner, proper allowance being made for circumstances beyond the control of the Contractor; or
  - (c) By satisfactory completion of all services and obligations described in the contract.
- If the contract is terminated for any of the terms and conditions authorized in sub-paragraph (b) above, Contractor shall be formally notified in writing by the Purchasing Department by means of certified mail informing him of cancellation of the contract, giving specific reasons for said cancellation. Contractor shall have the right to appeal to the RPSO within ten (10) days from the date that said notification is placed in the U.S. Mail. Contractor's appeal shall be accomplished by means of a letter addressed or delivered to the RPSO Purchasing Manager stating that an appeal of decisions of cancellation is desired. The RPSO Sheriff shall thereafter hold a hearing on the appeal, giving all parties the opportunity to present any and all evidence concerning the decision of cancellation. After hearing the appeal, the RPSO Sheriff may, sustain, modify, or reverse the findings for said decision and shall provide, if requested by Contractor, a written determination of the findings. The findings of the RPSO Sheriff shall be final, subject to any applicable legal process.
20. Contractors submitting bids for Public Works Construction Projects in excess of \$50,000.00 must show his Contractor's License Number on the front of the Bid Envelope, except for certain projects for which a Contractor's License is not required by the State Contractor's Licensing Board. Failure to comply with this directive shall result in automatic bid rejection, furthermore, any contractor who submits a bid for a type of construction for which he is not properly licensed shall be acting in violation of LA R.S. 37:2163 and shall be subject to all provisions for violation and penalties thereof. Contractor's who are owned by, and are submitting a bid as, a subsidiary of a parent company, whose name is listed in the State of Louisiana's Roster of Licensed Contractors, may do so by including a letter of proof of ownership from the parent company with the submitted bid package. The letter must be signed as per L.R.S. 38:2212(A)(c)(I)(see item # 21.)
21. All bids shall be signed by hand and in ink by an authorized company representative Per L.R.S. 38:2212(A)(I)(c) which states: Evidence of agency, corporate, or partnership authority shall be required for submission of a bid. The authority of the signature of the person submitting the bid shall be deemed sufficient and acceptable if the following condition is met: The signature on the bid is that of an authorized representative of the corporation, partnership, or other legal entity and the bid is accompanied by a corporate resolution, certification as to the corporate principal, or other documents indicating authority which are acceptable to the public entity. Signature must be legible.
22. In-State Preferences shall not apply to procurements involving Federal Funds.
23. Any questions concerning the bid must be submitted 14 days prior to bid closing date.

I HAVE READ THE ABOVE LISTED GENERAL CONDITIONS AND UNDERSTAND THAT NOT COMPLYING WITH ANY OR ALL OF THESE CONDITIONS MAY CONSTITUTE GROUNDS FOR REJECTION OF MY ENTIRE SUBMITTED BID PACKAGE:

  
(Authorized Company Representative)

  
(Date)

## MEMORANDUM

A. "Pursuant to Louisiana R.S. 38:2212, Paragraph A.(b), the provisions and requirements of this bid shall not be considered as informalities and shall not be waived by the Rapides Parish Sheriff's Office."

The enactment of this measure requires that conditions and specifications on the bid form shall be strictly enforced and that alterations, deviations and non-compliance to said conditions and specifications shall not be allowed. Therefore, any alterations, deviation or non-compliance submitted with a bid, either on the bid form or by separate attachment, shall be grounds for immediate disqualification.

B. "Any bid submitted which contains unauthorized additions, conditions, alterations, or irregularities which make the proposal incomplete, indefinite or ambiguous as to its meaning, requiring clarification after the specified date and time of bid opening shall be automatically rejected.

The requirement specified in this paragraph is significant in that any information necessary as explanation of any portion of a bid AFTER the bid opening date and time must automatically disqualify the entire bid from being considered. Therefore, it is essential that bidder communicate with proper RPSO personnel prior to the bid opening aspect of the General Conditions and/or specifications that are unclear.

The Purchasing Department of the Rapides Parish Sheriff's Office pledges to take every means necessary to ensure that all bids are as concise and as articulate as possible, so that bidder shall not feel compelled to alter or deviate from the bid as specified. Personnel within the Purchasing Department shall also do everything possible to offer for consideration very distinct and understandable language within each bid, so that no post-bid clarification is necessary.

Therefore, it is of the utmost importance for each bidder to very carefully read each bid in its entirety to guarantee its submission of an accurate, proper, and compliant bid.

August 31, 2017

Special Meeting of the Board of Directors of  
Economical Janitorial & Paper Supplies LLC

A special meeting of the Board of Directors was called on Thursday, August 31, 2017 at the offices of Economical Janitorial & Paper Supplies, LLC located at:

1420 Sams Avenue  
Suite F  
Harahan, LA 70123

Suzie Migliore was appointed chairperson of the meeting and a waiver of notice and of the reading of the previous meeting minutes was approved by all present which included all directors.

The purpose of this meeting was to authorize Suzie Migliore, President of Economical Janitorial & Paper Supplies, LLC to bid on sealed Invitation for Rapides Parish Sheriff's Office Bid Number RPSO-10-17 Janitorial Supplies.

All present voted to authorize the above and being no further business the chairperson adjourned the meeting.

A handwritten signature in cursive script, reading "Suzie Migliore", written over a horizontal line.

Suzie Migliore

# LEMON SPOTLESS ALL PURPOSE

Safe on  
Soft Metals

Excellent for  
Pressure Washers

+/- Neutral pH

Excellent for  
Damp Mopping

Money Saving  
Concentrate

Low Foaming

## DESCRIPTION:

Lemon Spotless is an excellent product for damp mopping waxed or composite floors. Contains no harsh alkalis or acids to damage floor finish.

Lemon Spotless was specially designed as an effective, neutral, low-foaming cleaner. It is non- acid, non-alkali, non-butyl, non-corrosive, and nontoxic. It will not cause corrosion of soft metals such as aluminum, magnesium, and zinc.

Lemon Spotless will dilute clearly without a precipitate in hard water, either hot or cold. Will not clog orifices in nozzles of automatic scrubbers and pressure sprayers.

## DIRECTIONS:

General Cleaning and Degreasing:

Dilute 1 part cleaner with 8 to 10 parts water.

Wet Mopping and Sponging:

Dilute 1 part cleaner with 40 to 80 parts water.

Heavy Grease and Oil Removal.

Dilute 1 part cleaner with 2 to 5 parts warm water.

Steam Cleaning:

Dilute 1 part cleaner to 8 to 16 parts water.

High Pressure Washing:

Dilute 1 part cleaner with 40 to 80 parts water.

Automatic Scrubbing:

Dilute 1 part cleaner with 40 to 80 parts water.

Use on all surfaces not harmed by water.

## SPECIFICATIONS:

# PINE~ALL CLEANER

*ALL PURPOSE DEODORANT  
CLEANER WITH REAL PINE OIL*

Made With  
100% Real Pine Oil

Multi-Purpose Use

Deodorizer

Money Saving  
Concentrate

## DIRECTIONS:

**TO CLEAN-** Floors, walls woodworks, scrub all parts well with product diluted 60 ounces water to 2 ounces product . Allow to remain on surface at least 15 minutes.

**LAUNDRY-** Washing sheets, towels and the like use six ounces to the rinse water, it will clean as well as impart a nice clean fresh odor to linens.

**FLOORS--** Use 2 ounces to the gallon of water for mopping tile and linoleum floors, also plain wood floors.

**ODORS--** Mix four ounces to the gallon of water to wash garbage pails, spray around places where there are unpleasant odors. Wash hands with this solution to remove fish odors after the cleaning and handling.

**WOODWORK--** Use two ounces to the quart of water to clean woodwork, rubbing with a soft cloth. Apply pure to cloth to remove axle grease, lipstick and paint. Rub well. Sponge off with warm water.

**PETS--** For dogs, use two ounces to each gallon of water when bathing dogs. Helps eliminate unpleasant odors.

**BATHROOM--** Use pure on rag to clean all the fixtures, tub, basin, bowl rinse off afterwards with clean wet cloth. Nothing to scratch the porcelain.

# ALUMINUM BRIGHTENER 366

Non-Flammable

Rinses Clean

Removes  
Water Stains

Money Saving  
Concentrate

## DESCRIPTION:

This CLEANER / BRIGHTENER is a concentrated acid, solvent, detergent compound. It was especially designed to brighten not etch those "problem" cleaning jobs that regular alkali cleaners, such as soap, cannot do. Easy to apply. Follow simple directions and get results no other cleaners can give you. *IT WORKS GREAT ON BOATS, BUSES, TRUCKS, TRAILER BODIES AND ALL OTHER ALUMINUM SURFACES.*

## IMPORTANT:

Do not allow chemical to dry on surface as rinsing is very difficult after cleaner dries.

## DIRECTIONS:

Mix with 30 to 40 parts water, depending on condition of surface to be cleaned. Apply with spray nozzle pressure or fiber brush. Use liquid directly to surface area working always from bottom to top on vertical surfaces to prevent streaking. Allow 3 minutes for complete action. Rinse with hose or brush, flushing thoroughly with clean water until all suds are gone and no chemical is left on surface. Be sure surface is rinsed well before chemical dries. For best results flush entire surface with cool water before cleaner is applied.

100% Product Satisfaction --Money Back Guarantee

# TRC

## TOTAL RESTROOM CARE

Disinfectant-Cleaner-Fungicide-Mildewstat-Virucide\*-  
Deodorizer for Homes, Hospitals, Institutional and  
Industrial use And Non Acid bathroom Cleaner

**Hospital Grade  
Disinfectant**

**Public Restrooms**

**Kennels**

**Ready To Use**

**Athletic Clubs**

**Non-Acid  
Bowl Cleaner**

**PSEUDOMONACIDAL - STAPHYLOCIDAL - SALMONELLACIDAL -  
BACTERICIDAL - FUNGICIDAL - MILDEWSTATIC - \*VIRUCIDAL**

Cross-contamination is of major concern not only in hospitals, but in schools, institutions and industry. TRC has been formulated to aid in the reduction of cross-contamination in these areas. TRC is a one-step disinfectant-cleaner that is selective against a broad spectrum of bacteria, is virucidal, fungicidal, and controls the growth of mold and mildew. When used as directed, TRC will also deodorize surfaces in toilet areas, behind and under sinks and counters, garbage cans and garbage storage areas, and other places where bacterial growth can cause mal odors.

### **MOLD AND MILDEW CONTROL:**

TRC will effectively inhibit the growth of mold and mildew and the odors caused by them when applied to hard, non-porous surfaces (as indicated in general instructions above). Allow to dry on surface and repeat when mildew growth returns.

### **VIRUCIDAL PERFORMANCE:**

TRC was evaluated and found to be effective in the presence of 5% serum against the following viruses: Hepatitis B Virus, HIV-1 (AIDS virus), Influenza A/Brazil, Herpes Simplex Type 1 and Type 2, and Vaccinia, on inanimate hard non-porous environmental surfaces.

**KILLS HIV-1 AND HBV ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS** in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids and in which the surfaces/objects likely to be soiled with blood or bodily fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1. (HIV-1) (associated with AIDS) or Hepatitis B virus (HBV).

### **SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 ON SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS.**

**PERSONAL PROTECTION:** Clean-up should always be done wearing protective latex gloves, gowns, masks and eye protection.

**CLEANING PROCEDURE:** Blood and other body fluids containing HIV or HBV must be thoroughly cleaned from surfaces and objects before application of ASSURE.

**CONTACT TIME:** Leave surface wet for 1 minutes (60 seconds) HIV-1 and 10 Minutes for HBV. Use a 10 minute contact time for disinfection against all other viruses, bacteria and fungi.

### **For Schools, Industry and Medical Institutional Use:**

TRC has been evaluated in the presence of 5% serum by the AOAC Use-Dilution test and found to be effective against a broad spectrum of gram negative and gram positive organisms tested: (Bacteria): *Pseudomonas aeruginosa*, *Enterobacter aerogenes*, *Staphylococcus aureus* (Staphy), *Streptococcus faecalis*, *Salmonella choleraesuis*, *Shigella dysenteriae*, *Escherichia coli* (E. coli), *Salmonella typhi*, *Staphylococcus aureus* Multi-Drug Resistant, (Viruses): Hepatitis B Virus (HBV), HIV-1, (AIDS), Herpes Simplex 1&2, Respiratory Syncytial (RSV), Vaccinia (Pox Virus) (Fungi): *Aspergillus Niger* (Black Mold), *Trichophyton mentagrophytes* (Athlete's Foot Fungus) (Animal Viruses): Canine Distemper, Avian Influenza, Avian Infectious Bronchitis, Newcastle, *Pseudorabies*

### **FUNGICIDAL CONTROL:**

TRC is an effective fungicide against *Trichophyton mentagrophytes* (the athlete's foot fungus) when used on surfaces in areas such as locker rooms, dressing rooms, shower and bath areas, exercise facilities.

**DISINFECTION** - To disinfect hard, non-porous surfaces, treated surfaces must remain wet for 10 minutes.

Apply this TRC undiluted to walls, floors and other hard (inanimate) non-porous surfaces such as tables, chairs, countertops, sinks, tile, toilets, glazed porcelain, and bedframes with a cloth, mop, pump or mechanical spray device so as to thoroughly wet surfaces. For heavily soiled areas, a preliminary cleaning is required. For spray applications, use a coarse spray device. Spray 6-8 inches from surface, rub with brush, sponge or cloth. Do not breath spray mist.

**Non-Acid Toilet Bowl Disinfectant/Cleaner Application:** 1. Empty toilet or urinal and apply TRC to exposed surfaces with a cloth, mop, sponge, or mechanical spray. 2. Brush thoroughly over exposed surfaces including under the rim, allow to stand for 10 minutes, and flush.

100% Product Satisfaction --Money Back Guarantee

# NEUTRAL CLEAN ALL

Long Lasting  
Fresh Fragrance

Marble Safe

+/- Neutral pH

All Purpose  
Cleaner

Money Saving  
Concentrate

100% Product Satisfaction -- Money Back Guarantee

## DESCRIPTION:

**Neutral Clean All** is a multi-purpose safe cleaner that leaves a long lasting fresh scent. It is excellent for damp mopping any surface. **Neutral Clean All** contains no harsh alkalis that leave residue or acids to damage floor finish. **Neutral Clean All** is safe for all surfaces and was specifically designed as an effective low-foaming cleaner. **Neutral Clean All** is non-acid, non-alkali, non-butyl, neutral pH, non-corrosive, nontoxic, but still effective on removing grease and dirt. It will not cause corrosion of soft metals such as aluminum, magnesium and zinc. It also dilutes clearly without a precipitate in hard water, either hot or cold.

☐ One quart of Neutral Clean All will make 4 gallons of ready to use product.

☐ One gallon of Neutral Clean All will make 16 gallons of ready to use product.

☐ One five gallon pail of Neutral Clean All will make 80 gallons of ready to use product.

## DIRECTIONS:

# Bio-Clean

**NATURAL BIOLOGICAL ENZYME  
PRODUCING ODOR  
COUNTERACTANT CULTURES**

IDEAL FOR USE IN:

PUBLIC RESTROOMS

KITCHENS

KENNELS

SEPTIC TANKS

DRAIN LINES

FABRIC SAFE

Bio-Clean contains a selection of specialized natural live bacteria strains, that will digest and degrade both human and animal waste matter with safe biological action while enhancing the performance of all waste systems. This biologically active deodorant also contains a powerful odor counteractant which DESTROYS malodors at their source.

Bio-Clean will clean more effectively than ordinary cleaning products and reduce your need for hazardous chemicals such as caustic, bleach, and acids.

It has been proven that with regular use of Bio-Clean your restrooms, toilets, sinks, urinals, showers, and drain lines will be cleaner than ever before. With the help of this product your waste systems will stay clean, trouble-free and odor-free.

Bio-Clean was field tested and proven to work in, and enhance the performance of marine waste systems. Bio-Clean will keep your closed marine waste system or septic tanks working at peak performance. Bio-Clean has been used to eliminate odors caused by floods. It is ideal for deodorizing refrigerators and freezers.

## DIRECTIONS:

Although this Bio-Clean is safe on most surfaces, be sure to pre-test before using.

**BATHROOMS, URINALS, SINKS, KENNELS:** Remove larger matter. Spray Bio-Activator on all surfaces to be cleaned, including inside, outside, and underside of urinals and sinks. Also spray area around urinals and bowl. No need to rinse. For mopping bathrooms use 8 oz per gallon of water.

**CARPETS:** Mix 10 to 1 with water. To remove pet odors from carpets, rugs or floor, simply pour or spray Bio-Clean directly on odor spot. Use a clean white cloth to blot out product. If the odor persists, repeat the procedure.

**UPHOLSTERY:** To remove musty odors from upholstered couches and chairs, simply mist the fabric with product.

**CARPET MACHINES:** To deodorize carpets, add 1/4 cup of Bio-Clean each time the solution tank is refilled.

**LAUNDRY PRE-SPOTTER:** Spray soiled or blood stained area prior to washing.

**BOWL CLEANER:** Use product daily as a toilet cleaner. Spray to adequately cover the interior surface of the toilet bowl. Leave Bio-Clean in the bowl for as long as possible or until the first flush. May also be sprayed around base and around seat hardware to help control odors. For heavy incrustations a bowl mop may be needed.

**DEODORIZER:** Physically remove as much of the source of malodor as possible. Follow this by spraying product directly on the source of odor.

**DRAIN LINES AND SEPTIC TANKS, GREASE TRAPS:** Add 1 quart for your initial treatment. Thereafter use 8 oz. per week into grease trap or by flushing down commode.

**BOAT AND RECREATIONAL VEHICLES:** Add 2 oz. per gallon of water in holding tank. Then use one pint per week for maintenance. To maintain scuppers on marine vessels add product daily.

**FLOOD CLEANING:** Ideal for deodorizing refrigerators and freezers. Mix 10 to 12 oz. Per gallon of water.

All Purpose  
Cleaner

Money Saving  
Concentrate

### DESCRIPTION:

This product is effective against a wide variety of odors which occur in daily activity. This product mixes readily with water and makes a clear stable solution. In use dilution, it is noncorrosive and nonstaining to plastic, vinyl, synthetic enamel, tile and most common materials. Has a very pleasant odor.

### DIRECTIONS:

If possible, flush area with water to remove foreign matter. Makeup a solution of 5 ounces for each gallon of water. Apply to area to be cleaned with mop, brush, or sponge. Rinse with clear clean water.

For deodorizing, mix 5 ounces for each gallon of water, and apply to surface liberally allowing solution to stand for 5 minutes before rinsing with clear clean water.

### ONE-STEP GERMICIDAL NEUTRAL CLEANER & DEODORANT

Hospital Grade  
Disinfectant

Marble Safe

Neutral pH

Athletic Clubs

Money Saving  
Concentrate

Public  
Restrooms

Ideal for use in: Hospitals, Nursing Homes, Whirlpools, Homes, Hotels & Motels, Waterbed Conditioner, Institutional, Industrial, School Dairy, Equine, Poultry/Turkey, Farm, Veterinary and Restaurant Food Handling and Process Areas, Federally Inspected Meat and Poultry Plants, Bar and Institutional Kitchen Use and for Harvesting & Handling Equipment.

When used as directed, is formulated to disinfect hard, non-porous inanimate environmental surfaces such as: floors, walls, metal surfaces, painted surfaces, exterior bowl surfaces, empty basins, showers, conductive flooring, lavatory fixtures, and other hard, non-porous surfaces made of stainless steel and metal, glazed tiles and sealed stone.

Non-food contact glass, metal, stainless steel, glazed porcelain, glazed ceramic, sealed granite, sealed marble, plastic (such as polystyrene, polyvinylchloride, polycarbonate or polypropylene), sealed limestone, sealed slate, sealed stone, sealed terra cotta, sealed terrazzo, chrome and vinyl.

Enameled surfaces, painted woodwork (finished), Formica, vinyl and plastic upholstery, porcelain, washable wallpaper.

- Economical. DILUTION: 1:32 4 OUNCES PER GALLON OF WATER
- Phosphate free. pH neutral formulation designed to provide effective cleaning, deodorizing and disinfection in areas where housekeeping is of prime importance in controlling the hazard of cross contamination on treated surfaces.
- Will not leave a grit or soap scum.

#### Bathroom and other household use:

- Effective at controlling mold and mildew on shower curtains.
- Non-scratch cleaning of showers and tubs, shower doors and curtains, fixtures and toilet bowls.
- Safe for most surfaces. For a cleaner, fresher household. Removes stains. Removes dirt. Non-staining. Clear formula.

#### Mildew use:

- Inhibits bacterial growth on moist surfaces and deodorizes by killing microorganisms that cause offensive odors.
- Neutralizes musty odors and tough odors from smoke, pet accidents, and spills on contact.
- Effectively eliminate offensive odors caused by mold and mildew.

#### Medical institution use:

- This product meets AOAC Use Dilution Test Standards for hospital disinfectants at 400 ppm water hardness.
- One-step neutral disinfectant that is effective against a broad spectrum of bacteria (including but not limited to MRSA), is virucidal\* (including HIV-1, HCV and HBV) and inhibits the growth of mold and mildew and their odors when used as directed.
- Clean, sanitize and disinfect non-porous ambulance equipment and surfaces by rinsing all equipment that comes in prolonged contact with skin before reuse with clean warm water (about 120°F), and allow to air dry. (Precaution: Cleaning at the 120°F temperature will avoid overheating and distortion of the ambulance equipment and surfaces that would necessitate replacement.)

#### Bar and restaurant (non-food contact) use:

- Meets AOAC efficacy standards for hard surface non-food contact sanitizers.
- Cleans non-food contact kitchen surfaces and food preparation areas.
- Escherichia coli (E. coli), Salmonella choleraesuis (Salmonella), and Staphylococcus aureus (Staph) are common germs found where food is prepared and stored. This product kills these germs and helps prevent the spread of food borne contamination on (treated) kitchen surfaces listed on this label. A potable water rinse is required after application on food contact surfaces. This product is not for use on dishes, glassware or eating utensils.
- Provides effective cleaning strength that will not dull high gloss floor finishes with repeated use.

#### Animal care use:

- Versatile Disinfectant & Sanitizer for Veterinarian, Veterinary Practice, Animal Care, Animal Laboratory, and Agricultural and Farm Premise applications.
- Cleans by removing dirt, grime, blood, urine, fecal matter and other common soils found in animal housing facilities, livestock, swine poultry facilities, grooming facilities, farms, kennels, pet stores, veterinary clinics, laboratories or other small animal facilities. It (also) eliminates odors leaving surfaces smelling clean and fresh.

#### Versatile Application methods:

- May be applied through low-pressure sprayers, and fogging (wet misting) systems.
- Economical concentrate that can be used with a mop and bucket, trigger sprayers, sponges, or by soaking.

100% Product Satisfaction -- Money Back Guarantee

Item# EJ-2433XHW

Great for paper and non-sharp objects under moderate transportation conditions. It has excellent resistance to puncture and moderate resistance to tearing. Great for cost saving.

Prime resins used for superior quality.

Compact coreless interleaved rolls for effortless bag dispensing.

Capacity: 12 - 16 Gallons

Size: 24" x 33"

Thickness: .50 Mil (13 mic)

Color: White

Sold By: the Case of 500 Liners

# Hi-Tech<sup>®</sup> Solutions High-Density Commercial Can Liners

#260

Item# EJ-334016N

These liners are interleaved for easy dispensing. Made from Formosa resins for reliability and consistency. Star-sealed bottom distributes weight evenly and creates a seal up to eight times stronger than the film itself.

Capacity: 33 Gallons

Grade: Heavy Duty

Size: 33" x 40"

Material: Formosa Resins

Thickness: 16 Mic

Closure: Tie

Color: Natural

Sold By: the Case of 250 (10 Rolls of 25 Liners)

## Abco Screw Type Wooden Handle

Item# AB-01210-NB

#270

Our screw style head is designed for screw-type lie-flat mops when less hand contact is preferred during soiled mop head changes. The metal threaded connector is countersunk and riveted to the wooden handle.

Length: 60"

Diameter: 1 1/8"

Color: Natural Lacquered Finish  
Sold By: the Each or the Dozen

## Metal Threaded

A complete range of wood and metal tip handles are available for use with floor sweeps, scrapers and deck scrubs. Your choice of threaded or tapered options; available in 48", 54", and 60" clear lacquered lengths for professional cleaning applications.

A durable metal thread design for tip reinforcement when used in heavy sweeping activities with a similar broom head; our best choice for professional cleaning outdoors or inside, available in 48", 54" or 60" lengths, packed 12 per case.

ITEM NUMBER	SIZE	TYPE	PACK	WEIGHT	CUBE
01117 *	48" x 15/16"	Metal threaded	12	8 lbs	0.3694
01122 *	54" x 15/16"	Metal threaded	12	8.61 lbs	0.4156

### BURNISHING PADS

Offer a quality performance and glossy shine at an economical price.

#### Natural Pad

Blended natural hair and synthetic fibers with the highest hair content provide aggressive burnishing to remove scratches and other marks leaving a high gloss shine.

#### Natural Lite Pad

Blended pad of synthetic and natural fibers with a lower hair content works well on softer finishes to produce exceptionally high luster quickly and easily.

#### Aqua Pad

Developed to produce the "wet-look" shine on soft to medium finishes. Works best on metal free coatings.

#### Light Blue

Soft flexible fibers and binders let this pad follow floor contours to produce a high shine on soft to medium hard coatings.

#### Top Shine

A multi-purpose pad revives gloss on dull floors in a single pass. This completely synthetic pad works on floors with a thicker base coat of finish and can be substituted for all-natural hair pads in healthcare facilities.

#370

# UNDER SEAL

## FLOOR SEALER

CAUTION  
FOR INDUSTRIAL USE ONLY  
KEEP OUT OF REACH OF CHILDREN

### DESCRIPTION:

For use on both new and old floors. Asphalt tile, linoleum, vinly rubber, cork, concrete, terrazzo, magnasite, travertine. This remarkable product seals the floor itself against, stains and soiling. It provides a salt and detergent-resistant base coat or can be used as both base coat and top coat.

### DIRECTIONS:

**PREPARATION OF FLOOR:** For best results, floors must be thoroughly cleaned and rinsed. All previous floor finish or wax should be completely removed by use of heavy duty wax cleaner-wax stripper. Cleaner-stripper should be completely rinsed, then allowed to dry. We recommend Presto Rinse Free Power Stripper for a total strip and no need for rinsing.

**APPLICATION OF FOUNDATION-SEALER:** Apply Foundation Sealer to clean, dry floor using cotton mop or lambswool applicator. Spread product evenly over entire floor area. Avoid excessive agitation of product and do not allow material to dry in puddles.

This product meets or exceeds ASTM Method D0247 for Slip-Resistance.

100% Product Satisfaction --Money Back Guarantee

## SOFT & SILKY

### Bag-In-Box Dispensing System

800mL, 1200mL BNB  
and 1000mL Boxless Bag

The most convenient and widely used dispensing system today, the Soft & Silky line features contamination-free sealed pouches with integrated dispensing tubes in a broad range of products and sizes.

**800mL** - The most common bag-in-box size and designed to fit most competitive dispensers.

**1200mL** - Lasts longer, requires fewer change outs and reduces labor. Utilizes the shorter, large diameter dispensing tube.

**1000mL Boxless Bag** - Save Money and Reduce Waste... Eliminate the box! Fits most 800mL dispensers for less money than traditional bag-in-box.

# Lava<sup>®</sup> Professional Heavy Duty Hand Cleaner

#395

Item# JS-29004

The Lava Bar is the original heavy-duty hand cleaner. Since 1893, do-it-yourselfers, coal miners, and oil rig workers have depended on the power of pumice in Lava to cut through even the toughest grease and grime. Lava's name was derived from one of its key ingredients-pumice. A by-product of volcanic activity, pumice is used in combination with other cleaning and moisturizing agents to clean and soften even the dirtiest of hands.

Scent: Fresh

Size: 4 oz.

Sold By: the Case of 48 Bars

# SOFT PINK ANTIBACTERIAL HAND SOAP

*Highest Quality  
pH Balanced*

Rinses  
squeaky clean

Won't Dry Out

## EASY TASK™

Item# BC-608

### Thermoplastic spray buff

This spray buffing compound combines detergents, thermoplastics and solvent for the answer to terrific looking floors. Simply spray on floors and polish with a spray buff pad to easily remove black heel marks, scuffs and scratches leaving a wet look gloss. Regular use of this spray buff will allow the user to reduce stripping and rewaxing procedures by over 75%. Spray buff leaves floor finish very hard and durable yet slip resistant.

### Features

Provides excellent lubricity to pad surface for a higher shine.  
Effective repair of all floor finish types.  
Versatile - The perfect product for use with conventional and high speed equipment.

### Available In:

✂ 4 - 1 Gal. Bottles Item#60804-00

12 - 32 oz. Bottles Item #60812-00

**Sold By: the Gallon or a Case of 4 Gallons**

### Directions for Use

Remove soil and dust mop the floor. Spray a light mist of product on the floor in front of the floor machine. DO NOT OVERWET. Using a nylon or polyester spray buff pad, buff the floor where the fine mist of spray buff has been applied. Flip or change pad as necessary. After spray buffing the floor is completed, dust mop the floor if dust is still present.

NOTE: In order for spray buff to work correctly, three or four base coats of floor finish must be applied before using spray buff in order to achieve maximum gloss and wear properties. Heavy traffic areas may require dust mopping, followed by damp mopping, followed by spray buffing. Use of this spray buff will eliminate powdering and will never yellow the floor.  
NOTE: Slip resistance meets or exceeds standard, (ASTM D 2047-11) James Machine 0.5 minimum.

### Tech Specs

Buffability	Excellent
Color (dry)	Clear
Color (liquid)	Milky green
Fragrance	Clean bouquet
Freeze/thaw stability	Keep from freezing
Gloss	Excellent
Heel mark resistance	excellent
pH	8.0 - 9.5

# CUTS-IT WAX STRIPPER

Use On Asphalt Tile &  
Composite Flooring

Use On Marble, Terrazzo,  
Vinyl & Linoleum

Water Based

Money Saving  
Concentrate

## DESCRIPTIONS:

CUTS-IT WAX STRIPPER is a concentrated liquid product designed specifically for use on asphalt tile and other composition flooring. It is equally suitable for marble, tile, terrazzo, vinyl, rubber, and linoleum. This concentrate is designed to be diluted according to directions of use. It will effectively disperse and deflocculate self-polishing water-based waxes as well as soils, maintaining them in a dispersed state. Mopping or flushing is accomplished without redeposition to the surface.

## DIRECTIONS:

**ORDINARY WAX:** Mix 1 part of this product with 4 parts warm or hot water. Spread solution over floor then scrub with floor machine with black stripping pad till wax until dissolved. Then remove with wet vacuum or mop. Rinse surface with clear water. Reapply stripping solution as necessary.

**CRUSTY WAX:** Mix 1 part of this product with 3 parts warm or hot water and mop over area to be stripped. Use adequate amount of this solution and allow to stand 5 minutes or until wax has been softened by the solution. Best results are obtained by machine scrubbing with a black stripping pad. If any wax remains apply more stripping solution and re-scrub. Remove by mopping-up solution then rinse.

**HARD BRITTLE WAX:** Mix 1 part of this product with 1 part warm or hot water. Spread adequate amount of this solution over the area to be stripped and allow to stand 10 minutes. Use of a scrub machine with black stripping pad will greatly speed up action. Remove dissolved wax with mop. Reapply if any wax still remains, then rinse with clear water. When using this stripper it is very important to use plenty of water. Water is the means by which gummy soft old finish is removed from the floor surface and away from the stripping pad.

100% Product Satisfaction -- Money Back Guarantee

# WAXY WASH

## AUTO SHAMPOO AND WAX

Great For Automatic  
Wash Systems

Non-acidic or  
Corrosive

Rinses Clean

High Sudsing

Money Saving  
Concentrate

No Streaking

### DESCRIPTION:

Waxy Wash is a highly concentrated blend of detergents, emulsifiers, and waxing agents designed for the efficient cleaning of your vehicle while leaving a shining surface. It is free rinsing to eliminate streaking.

### DIRECTIONS:

Use 2 to 3 ounces of Waxy Wash in a regular car wash pail, depending on condition of car. Fill pail with water hose, using water pressure to produce a rich, sudsy solution that rapidly emulsifies dirt and road film. Wash car, starting at bottom and working upward. Rinse with hose, flooding freely with water, and allow to air dry. For Auto wash system; add 5 gallons product to 50 gallon holding tank, this solution is then metered for application.

### CAUTION:

If car is hot, cool by rinsing with cold water before washing. Do not wash car in hot sun.

100% Product Satisfaction --Money Back Guarantee

## FINISH 101™

### Acrylic polymer floor finish

This finish delivers both optimal value and performance and is developed specifically for facilities that desire to contain floor maintenance costs. Education and retail facilities will realize savings to their bottom line, while also meeting bid specifications. This formula is designed for low maintenance programs where burnishing is minimal or unavailable. Great off the mop gloss, quick build and superior leveling make this finish easy to apply.

#### Features

Optimal value and performance.  
Reduced labor - Fast build with fewer coats.  
Deep gloss.  
0.0% Free Styrene

#### Available In

\* 4 - 1 Gal. Bottles Item #69604-00

5 Gal. Pail Item #69605-00

55 Gal. Drum Item #69655-00

#### Directions for Use

Recommended for use on all types of resilient tile flooring and properly prepared hard surfaces.

**RESTORATIVE MAINTENANCE:** Completely remove all old wax, finish and soil from floor surface following strip procedure instructions on Betco's #174; stripper label. Floor surface must be clean, dry and free of residue before finish is applied. Rinse with clean water if necessary. Apply finish in uniform, thin to medium coats using a clean synthetic finish mop, microfiber mop or applicator system. Allow each coat to dry thoroughly before applying additional coats, usually 20 - 30 minutes. Elevated temperatures, heavy coats and humidity may extend dry time. A minimum of 4 coats of finish is recommended. Note: This product is a self-sealing finish, however, if tile is old, worn or porous, initially applying 1 - 2 coats of a Betco sealer will enhance gloss and long term performance.

**ROUTINE MAINTENANCE:** Sweep large debris and dust mop. Damp mop or automatic scrub using a Betco floor cleaner. Buff or burnish the floor to enhance gloss as needed. Use Betco's #174; One Step High Speed Cleaner/Restorer to condition the floor and extend the time between top scrub and recoating.

**INTERIM MAINTENANCE:** Sweep large debris and dust mop. Top scrub the floor using Daily Scrub SC and maroon pad or equivalent to remove the top soiled layers of finish. Floor surface must be clean, dry and free of residue before finish is applied. Apply 1 - 2 coats of finish as directed above.

Please recycle empty containers. Note: Slip resistance meets or exceeds standard, (ASTM D 2047-11) James Machine 0.5 minimum.
