VENDOR: 27118 BLANCK RD, VENDOR  
1-800-854-9550

PURCHASING SPECIALIST:  
KLEE@jeffparish.net

Bids will be received until 11:00 AM, 10/01/2024

LATE BIDS WILL NOT BE ACCEPTED

**NOTE: ONLY BIDS WRITTEN IN INK OR TYPEWRITTEN, AND PROPERLY SIGNED BY A MEMBER OF THE FIRM OR AUTHORIZED REPRESENTATIVE, WILL BE ACCEPTED. PENCIL AND/OR PHOTOSTATIC FIGURES OR SIGNATURES SHALL RESULT IN BID REJECTION. HOWEVER, ELECTRONIC SIGNATURES AS DEFINED IN LSA - R.S. 9:2602(8) ARE ACCEPTABLE. SIGNATURE MUST BE A SECURED DIGITAL SIGNATURE AND MUST PROVIDE PROOF OF THE SECURED SIGNATURE WITH BID SUBMISSION.**

All bids submitted are subject to these instructions and general conditions and any special conditions and specifications contained herein, all of which are made part of this bid proposal reference. By submitting a bid, vendor agrees to comply with all provisions of Louisiana Law, as well be in compliance with the Jefferson Parish Code of Ordinances, Louisiana Code of Ethics, applicable Jefferson Parish ethical standards and Jefferson Parish Resolution No. 136353 as amended. A copy of these resolutions may be obtained from the Office of the Parish Clerk, Suite 6700, Jefferson Parish General Government Building, 200 Derbigny Street, Gretna, LA 70053. You may also obtain a copy by visiting the Purchasing Department webpage at <http://www.jeffparish.gov/464/Purchasing> and clicking on On-line forms.

All vendors submitting bids should register as a Jefferson Parish vendor if not already yet registered. Registration forms may be downloaded from <http://www.jeffparish.gov/464/Purchasing> and by clicking on Vendor Information. Current W-9 forms with respective Tax Identification numbers and vendor applications may be submitted at any time; however, if your company is not registered and/or a current W-9 form is not on file, vendor registration is mandatory. Vendors may experience a delay in payment if your company is not a registered vendor with Jefferson Parish.

Jefferson Parish is exempt from paying sales tax under LSA-R.S. 47:301 (8)(c). All prices for purchases by Jefferson Parish of supplies and materials shall be quoted in the unit of measure specified and unless otherwise specified, shall be exclusive of state and local taxes. The price quoted for work shall be stated in figures. In the event there is a difference in unit prices and totals, the unit price shall prevail. Quotations shall be based on F.O.B. Delivered, anywhere within the Parish as designated by the Purchasing Department. JEFFERSON PARISH WILL ACCEPT ONE BID ONLY FROM EACH VENDOR. Items bid must meet specifications. JEFFERSON PARISH will accept one price for each item unless otherwise indicated. Two or more prices for one item will result in bid rejection. Bidders are required to complete, sign and return the bid form and/or complete and return the associated line item pricing forms as indicated. The price quoted for work shall be stated in figures. In the event there is a difference in unit prices and totals, the unit prices shall prevail.

JEFFERSON PARISH reserves the right to award contracts or place orders on a lump sum or individual item basis, or such combination, as shall in its judgment be in the best interest of JEFFERSON PARISH. Every contract or order shall be awarded to the LOWEST RESPONSIVE and RESPONSIBLE BIDDER, taking into consideration the CONFORMITY WITH THE SPECIFICATIONS and the DELIVERY AND/OR COMPLETION DATE.

PROTESTS: Only those vendors that submit bids in response to this solicitation may protest any element of the procurement, in writing to the Director of the Purchasing Department. Written protest must be received within 48 hours of the release of the bid tabulation by the Purchasing Department. After consultation, the Parish Attorney's Office will then respond to protests in writing. (For more information, please see Chapter 2, Article VII, Division 2, Sec. 2-914.1 of the Jefferson Parish Code of Ordinances.)

JEFFERSON PARISH reserves the right to cancel all or any part of an order if not shipped promptly. No charges will be allowed for parking or cartage unless specified in the quotation. The order must not be filled at a higher price than quoted. JEFFERSON PARISH reserves the right to cancel at any time and for any reason by issuing a THIRTY (30) day written notice to the contractor.

JEFFERSON PARISH requires all products to be new (current) and all work must be performed according to standard practices for the project. Unless otherwise specified, no aftermarket parts will be accepted. Unless otherwise specified, all workmanship and materials must have at least one (1) year guaranty, in writing, from the date of delivery and/or acceptance of the project. Any deviations or alteration from the specifications must be indicated on the bid form for each item and upon request, product data for same must be submitted by the time specified by the Purchasing Department.

If this bid requires a pre-bid conference (see Additional Requirements section), bidders are advised that such conference will be held to allow bidders the opportunity to identify any discrepancies in the bid specifications and seek further clarification regarding instructions. The Purchasing Department will issue a written response to bidders' questions in the form of an Addendum.

All formal Addenda require written acknowledgment on the bid form by the bidder by the bidder placing the Addendum number in the appropriate section. Failure to acknowledge an Addendum on the bid form shall cause the bid to be rejected; JEFFERSON PARISH reserves the right to award bid to next lowest responsive and responsible bidder in this event.

USE OF BRAND NAMES AND STOCK NUMBERS: Where brand names and stock numbers are specified, it is for the purpose of establishing certain minimum standards of quality. Bids may be submitted for products of equal quality, provided brand names and stock numbers are specified. Complete product data may be required prior to award.

Quantities listed are for bidding purposes only. Actual requirements may be more or less than quantities listed.

**INSTRUCTIONS FOR BIDDERS AND GENERAL CONDITIONS**

Bidders are not to exclude from participation in, deny the benefits of, or subject to discrimination under any program or activity, any person in the United States on the grounds of race, color, national origin, or sex; nor discriminate on the basis of age under the Age Discrimination Act of 1975, or with respect to an otherwise qualified handicapped individual as provided in Section 504 of the Rehabilitation Act of 1973, or on the basis of religion, except that any exemption from such prohibition against discrimination on the basis of religion as provided in the Civil Rights Act of 1964, or Title VI and VII of the Act of April 11, 1968, shall also apply. This assurance includes compliance with the administrative requirements of the Revenue Sharing final handicapped discrimination provisions contained in Section 51.55 (c), (d), (e), and (k)(5) of the Regulations. New construction or renovation projects must comply with Section 504 of the 1973 Rehabilitation Act, as amended, in accordance with the American National Standard Institute's specifications (ANSI A1 17.1-1961).

Jefferson Parish and its partners as the recipients of federal funds are fully committed to awarding a contract(s) to firm(s) that will provide high quality services and that are dedicated to diversity and to containing costs. Thus, Jefferson Parish strongly encourages the involvement of minority and/or woman-owned business enterprises (DBE's, including MBE's, WBE's and SBE's) to stimulate participation in procurement and assistance programs.

**IN ACCORDANCE WITH STATE REGULATIONS JEFFERSON PARISH OFFERS ELECTRONIC PROCUREMENT TO ALL VENDORS**

This electronic procurement system allows vendors the convenience of reviewing and submitting bids online. This is a secure site and authorized personnel have limited read access only. Bidders are to submit electronically using this free service; while the website accepts various file types, one single PDF file containing all appropriate and required bid documents is preferred. Bidders submitting uploaded images of bid responses are solely responsible for clarity. If uploaded images/documents are not legible, then bidder's submission will be rejected. Please note all requirements contained in this bid package for electronic bid submission.

Please visit our E-Procurement Page at [www.jeffparishbids.net](http://www.jeffparishbids.net) to register and view Jefferson Parish solicitations. For more information, please visit the Purchasing Department page at <http://www.jeffparish.gov/464/Purchasing>.

**ADDITIONAL REQUIREMENTS FOR THIS BID**

PLEASE MATCH THE NUMBERS PRINTED IN THIS BOX WITH THE CORRESPONDING INSTRUCTIONS BELOW. IF THE NUMBER IS NOT SPECIFIED IN THIS BOX, IT IS NOT APPLICABLE FOR THIS BID.

13

1. All bidders must attend the MANDATORY pre-bid conference and will be required to sign in and out as evidence of attendance. In accordance with LSA R.S. 38:2212(I), all prospective bidders shall be present at the beginning of the MANDATORY pre-bid conference and shall remain in attendance for the duration of the conference. Any prospective bidder who fails to attend the conference or remain for the duration shall be prohibited from submitting a bid for the project.
2. Attendance to this pre-bid conference is optional. However, failure to attend the pre-bid conference shall not relieve the bidder of responsibility for information discussed at the conference. Furthermore, failure to attend the pre-bid conference and inspection does not relieve the successful bidder from the necessity of furnishing materials or performing any work that may be required to complete the work in accordance with the specification with no additional cost to the owner.
3. Contractor must hold current applicable JEFFERSON PARISH licenses with the Department of Building Permits. Contractor shall obtain any and all permits required by the JEFFERSON PARISH Department of Building Permits. The contractor shall be responsible for the payment of these permits. All permits must be obtained prior to the start of the project. Contractor must also hold any and all applicable Federal and State licenses. Contractor shall be responsible for the payment of these permits and shall obtain them prior to the start of the project.
4. A LA State Contractor's License will be required in accordance with LSA R.S. 37-2150 et. seq. and such license number will be shown on the outside of the bid electronic envelope. Failure to comply will cause the bid to be rejected. When submitting the bid electronically, the license number must be entered in the appropriate field in the electronic procurement system. Failure to comply will cause the bid to be rejected.

**INSTRUCTIONS FOR BIDDERS AND GENERAL CONDITIONS**

5. It is the bidder's responsibility to visit the job site and evaluate the job before submitting a bid.
6. Job site must be clean and free of all litter and debris daily and upon completion of the contract. Passageways must be kept clean and free of material, equipment, and debris at all times. Flammable material must be removed from the job site daily because storage will not be permitted on the premises. Precaution must be exercised at all times to safeguard the welfare of JEFFERSON PARISH and the general public.
7. **PUBLIC WORKS BIDS:** All awards for public works in excess of \$5,000.00 will be reduced to a formal contract which shall be recorded at the contractor's expense with the Clerk of Court and Ex-Officio Recorder of Mortgages for the Parish of Jefferson. A price list of recordation costs may be obtained from the Clerk of Court and Ex-Officio Recorder of Mortgages for the Parish of Jefferson. All awards in excess of \$25,000.00 will require both a performance and a payment bond. Unless otherwise stated in the bid specifications, the performance bond requirements shall be 100% of the contract price. Unless otherwise state in the bid specifications, the payment bond requirements shall be 100% of the contract price. Both bonds shall be supplied at the signing of the contract.
8. **NON-PUBLIC WORKS BIDS:** A performance bond will be required for this bid. The amount of the bond will be 100% of the contract price unless otherwise indicated in the specifications. The performance bond shall be supplied at the signing of the contract.
9. **NON-PUBLIC WORKS BIDS:** A payment bond will be required for this bid. The amount of the bond will be 100% of the contract price unless otherwise indicated in the specifications. The payment bond shall be supplied at the signing of the contract.
10. All bidders must comply with the requirements stated in the attached "Standard Insurance Requirements" sheet attached to this bid solicitation. Any deviation from the Standard Insurance Requirements must be requested in writing prior to bid opening. Written approval for any deviation, must be submitted with your bid submission. Failure to comply with this instruction will result in bid rejection.
11. A bid bond will be required with bid submission in the amount of 5% of the total bid, unless otherwise stated in the bid specifications. All sureties must be in original format (no copies). When submitting a bid online, vendors must submit an electronic bid bond through the respective online clearinghouse bond management system(s) as indicated in the electronic bid solicitation on Central Auction House. No scanned paper copies of any bid bond will be accepted as part of the electronic bid submission.
12. This is an as needed basis contract. JEFFERSON PARISH makes no representations on warranties with regard to minimum guaranteed quantities unless otherwise stated in the bid specifications.
13. Freight charges should be included in total cost when quoting. If not quoted FOB DELIVERED, freight must be quoted as a separate item. Bid may be rejected if not quoted FOB DELIVERED or if freight charges are not indicated on bid form.
14. **PUBLIC WORKS BIDS - Completed, Signed and Properly Notarized Affidavits Required;** This applies to all solicitations for construction, alteration or demolition of public buildings or projects, in conformity with the provisions contained in LSA-RS 38:2212.9, LSA-RS 38:2212.10, LSA-RS 38:2224, and Sec 2-923.1 of the Jefferson Parish Code of Ordinances. For bidding purposes, all bidders must submit with bid submission COMPLETED, SIGNED and PROPERLY NOTARIZED Affidavits, including: Non-Conviction Affidavit, Non-Collusion Affidavit, Campaign Contribution Affidavit, Debt Disclosures Affidavit and E-Verify Affidavit. For the convenience of vendors, all affidavits have been combined into one form entitled PUBLIC WORKS BID AFFIDAVIT. This affidavit must be submitted in its original format, and without material alteration, in order to be compliant and for the bid to be considered responsive. A scanned copy of the completed, signed and properly notarized affidavit may be submitted with the bid, however, the successful bidder must submit the original affidavit in its original format and without material alteration upon contract execution. Failure to comply will result in the bid submission being rejected as non-responsive. The Parish reserves the right to award bid to the next lowest responsive and responsible bidder in this event.
15. **NON PUBLIC WORK BIDS - Completed, Signed and Properly Notarized Affidavits Required** in conformity with the provisions contained in LSA – RS 38:2224 and Sec 2-923.1 of the Jefferson Parish Code of Ordinances. For bidding purposes, all bidders must submit with bid submission COMPLETED, SIGNED and PROPERLY NOTARIZED Affidavits, including: Non-Collusion Affidavit, Debt Disclosures Affidavit and Campaign Contribution Affidavit. For the convenience of vendors, all affidavits have been combined into one form entitled NON PUBLIC WORKS BID AFFIDAVIT. This affidavit must be submitted in its original format, and without material alteration, in order to be compliant and for the bid to be considered responsive. A scanned copy of the completed, signed and properly notarized affidavit may be submitted with the bid, however, the successful bidder must submit the original affidavit in its original format and without material alteration upon contract execution. Failure to comply will result in the bid submission being rejected as non-responsive. The Parish reserves the right to award bid to the next lowest responsive and responsible bidder in this event.

## INSTRUCTIONS FOR BIDDERS AND GENERAL CONDITIONS

16. The ensuing contract for this bid solicitation may be eligible for FEMA reimbursement and/or Federal funding/reimbursement. As such, the referenced appendix will be applicable accordingly and shall be considered a part of the bid documents. All applicable certifications must be duly completed, signed and submitted as per the appendix instructions. Failure to submit applicable certifications as per the appendix instructions will result in bid rejection.

17. For this project, the Contractor shall not pay any state or local sales or use taxes on materials and equipment which are affixed and made part of the immovable property of the project or which is permanently incorporated in the project (hereinafter referred to as "applicable materials and equipment"). All purchases of applicable materials or equipment shall be made by the contractor on behalf of and as the agent of Jefferson Parish (Owner), a political subdivision of the State of Louisiana. No state and local sales and use taxes are owed on applicable materials and equipment under the provisions of Act 1029 of the 1991 Regular Session - Louisiana Revised Statute 47:301(8)(c). Owner will furnish to contractor a certificate form which certifies that Owner is not required to pay such state or local sales and use taxes, and contractor shall furnish a copy of such certificate to all vendors or suppliers of the applicable materials and equipment, and report to Owner the amount of taxes not incurred.

It shall be the duty of every parish officer, employee, department, agency, special district, board, and commission: and the duty of every contractor, subcontractor, and licensee of the parish, and the duty of every applicant for certification of eligibility for a parish contract or program, to cooperate with the Inspector General in any investigation, audit, inspection, performance review, or hearing pursuant to Jefferson Parish Code of Ordinances Section 2-155.10(19). By submitting a bid, vendor acknowledges this and will abide by all provisions of the referenced Jefferson Parish Code of Ordinances.

## ULTRA 4

Non-contacting, ultrasonic, level control & flow measurement.

### Offering On-Screen Trend Monitoring in a Compact, Cost-Effective Package

The Ultra 4 offers the sophistication and advanced features of the rest of the Ultra range in a compact, cost-effective package as well as useful features that make it even easier to set up and fine-tune.

Offering as the name suggests, four-alarm or control relays (3 x SPCO isolated and 1 x SPNO solid-state) and a multi-functional display while losing none of the easy setup and configuration that has made the Ultra range of controllers the natural choice for non-contacting measurement worldwide.

#### Features & Benefits

Like the rest of Pulsar Measurement's 'transducer plus controller' ranges, the Ultra 4 is compatible with both dB Ultrasonic and dBR Radar transducers. The unit can be either wall or fascia mounted, allowing it to be used in a wide range of applications all over the world.

#### Communications & Data Logging

The Ultra 4 includes Profibus, HART, and Modbus RTU digital communication options, enabling high accuracy, non-contacting measurement with communications in one multifunctional controller.

The convenience of an on-board micro SD card slot for extended data logging makes storing, accessing, and analyzing data that little bit easier.

#### Three Different Device Settings in One Convenient Controller

The Ultra 4 from Pulsar Measurement can dedicate the functionality of the unit to any of three specific duties (e.g. level or volume measurement, pump control, or flow measurement).

### THE RIGHT METER FOR

- Pump Control
- Open Channel Flow & Level
- Chemical Dosing
- IBC Tank Level
- Storage Tank Levels
- CSO & Sewer Network Monitoring

Despite its high specification and ability to combine these measurements, the Ultra 4 has been designed so that blending these functions does not lead to complicated calibration and a compromise to the product specification.

#### Functional Qualities

The controller sends a transmit pulse to the transducer, which emits an ultrasonic pulse or radar signal — as this controller is compatible with BOTH radar and ultrasonic, it doesn't matter which transducer you choose. This signal is perpendicular to the transducer face and the returned echo is sent back to the Ultra 4. The time taken

## ULTRA 4

to receive the echo is measured and the distance from the transducer face to the surface being monitored is calculated.

The unit can measure from zero to 40 m (131.2 ft) from the face of the transducer to the surface being monitored, dependent on your application and your chosen transducer.

### Relays

The relays can be programmed to activate alarms, pump starters, or other control equipment. There is an isolated 4-20mA output that can be connected to a recorder or PLC, to monitor, depending on your chosen application. Level, space, distance, OCM head, OCM flow, or volume can be set up independently from that shown on the display. There is an RS232 port so that the Ultra 4 can be operated remotely by a PC or other equipment.

Four user-definable relays are available with individual set points and intelligent performance logging software features ensure that you have maximum control versatility over your application.

### Ultra 4 Programming

The Ultra 4 can be programmed either by the built-in keypad (comes as standard on all wall and fascia units), via the SD card slot, or by PC via the RJ11 Serial Interface. All parameters are stored in non-volatile memory, so are retained in the event of a power interruption. A second backup copy of all parameters can also be retained in the Ultra 4 memory, in case an alternative set of parameters needs to be stored.

Ultra 4 Fascia Unit

Ultra 4 Main Screen and Bar Graph

### The Main Screen

Ultra 4 allows the onboard relays to be configured to a choice of 4 behaviors. The bar graph to the left-hand side of the screen indicates level, as well as a percentage, that is shown underneath.

### Trend Screen

The trend screen shows you at a glance how levels have varied over time. The unit is supplied with an 32GB Micro SD Card to increase its data logging capacity, giving you complete visuals on stock and level measurement.

### Echo Screen

This screen displays the echo profile without the need to plug it into an external device. Pulsar Measurement's unique DATEM software is without equal in identifying and isolating the target, but the echo profile can help in fine-tuning and improving your measurement.

### Digital Adaptive Tracking of Echo Movement (DATEM)

The system of Ultra 4 utilizes the unique DATEM software, a proven digital mapping technique developed especially for the Pulsar Measurement Ultra range of controllers. This gives the system unequalled ability when identifying the true target level in the face of competing echoes from pipes, pumps, or other obstructions. Coupled with the powerful, long-range abilities of the dB transducer range, the Ultra 4 lives up to its reputation as the most reliable ultrasonic level measurement system available.

The Ultra 4 ultrasonic level controllers have been designed to provide maintenance-free fit-and-forget performance.

## Technical Specifications

### PHYSICAL: MOUNTING OPTION SPECIFIC

<b>Mounting Option:</b>	<b>Standard Wall Mount:</b>	<b>Fascia Mount:</b>
<b>Controller Body Dimensions:</b>	150 mm x 130 mm x 64 mm (5.9 in x 5.1 in x 2.5 in)	160 mm x 180 mm x 64 mm (6.3 in x 7.1 in x 2.5 in)
<b>Weight:</b>	Nominal 700 g (1.5 lb)	Nominal 700 g (1.5 lb)
<b>Enclosure Material / Description:</b>	Polycarbonate, flame resistant to UL94-V0	Polycarbonate, flame resistant to UL94-V0
<b>Cable Entry Detail:</b>	3 x M20 glands	
<b>Transducer Cable Extensions:</b>	2-core screened (minimum)	
<b>Maximum Separation:</b>	1,000 m (3,280 ft), 500 m (1,640 ft) for dBR16 & dBR8	

### ENVIRONMENTAL

<b>IP Rating:</b>	IP67/NEMA 4X (Standard), IP64 (Fascia)
<b>Max. &amp; Min. Temperature (Electronics):</b>	-20 °C to +45 °C (-4 °F to +113 °F)
<b>Flammable Atmosphere Approval:</b>	For installation in non-flammable area only. Most compatible transducers suitable for flammable atmospheres. See sensor / transducer datasheet or brochure.
<b>UV Rating:</b>	UL746C F1
<b>CE Approval:</b>	See EU Declaration of Conformity
<b>UL Approval:</b>	UL 61010-1. cULus listed. Certificate number E257330.

### PERFORMANCE

<b>Accuracy:</b>	0.25% of the measured range or 6 mm (0.2 in), whichever is greater. 2 mm (0.01 in) for dBR16 mmWAVE RADAR.
<b>Resolution:</b>	0.1% of the measured range or 2 mm (0.08 in), whichever is greater
<b>Max Range:</b>	Dependent on application and transducer (maximum 40 m (131.2 ft) dBR40)
<b>Min Range:</b>	Dependent on application and transducer (minimum zero dB MACH 3)
<b>Rate Response:</b>	Fully Adjustable

### PROGRAMMING

<b>Onboard Programming:</b>	By integral keypad
<b>PC Programming:</b>	Via Integral RJ11 port on the unit, or via Micro SD. Also via HART DTM (HART option required).
<b>Programming Security:</b>	Via passcode (user selectable and adjustable)
<b>Programmed Storage:</b>	Via non-volatile memory
<b>Data Logging &amp; Removable Storage:</b>	Via Micro SD card slot or internal 10-day totalizer logs (flow only)
<b>SD Card Memory (Included):</b>	32 GB

### ECHO PROCESSING

<b>Description:</b>	DATM (Digital Adaptive Tracking of Echo Movement)
<b>Technologies:</b>	Ultrasonic and FMCW RADAR

### OUTPUTS

<b>Analog Output:</b>	Isolated (floating output (to 150 V) of 4-20mA or 0-20mA into 1 k $\Omega$ (user-programmable and adjustable)
<b>Digital Output:</b>	Full Duplex RS232
<b>Volt-free Contacts, Number, &amp; Rating:</b>	3 x SPCO isolated relays, rated at 5A at 250 V AC and 1 Solid-state SPNO isolated relay, rated 30 V at 100 mA, suitable for pulse counter applications
<b>Display:</b>	Monochrome graphical dot-matrix, 160 x 240 pixels. Fully programmable display options with an integral keypad with menu navigation keys.

## SUPPLY

<b>Power Supply:</b>	100-240 V AC 50/60 Hz, DC 10-28 V
<b>Power Consumption:</b>	AC = 20 VA MAX, DC = 10 W max
<b>Fuses, Mains:</b>	1A 'T' 20 mm (0.8 in) ceramic 1500A breaking
<b>Fuses, Transducer:</b>	100 mA barrier type, 4000A breaking

## COMMUNICATIONS (OPTIONAL)

<b>Modbus RTU / ASCII:</b>	Isolated RS485
<b>Profibus DPV1:</b>	Isolated RS485
<b>HART:</b>	Additional, isolated 4-20mA output. DTM available for level and volume applications. Open channel flow and pump control applications not currently supported.
