Delegation of Authority

Prepared by	Approved by	Effective Date	Revision Level
Kirt Ervin	Rory Sudbeck	Jan 10, 2023	Version 1

1.0 Purpose and Applicability

The purpose of this policy is to ensure efficient operation while maintaining fiscal and policy integrity through the careful delegation of authority. The procedures outlined below identify those situations in which it is appropriate to use delegations of authority and the procedures that should be followed to make such delegations. Any such transfers of powers and duties are therefore significant actions requiring great care and scrutiny. Accountability for the management of the property, assets, financial and human resources of Viking Painting, LLC ("Company") ultimately rests with the Members who expect those with delegated authority under the terms of this policy to safeguard Company resources by establishing and maintaining sound business controls that deter and detect any potential misuse of resources.

2.0 Definitions and Acronyms

Delegation of Authority is the formal recorded conveyance of authority from one employee to another employee to bind the Company within the scope of authority to a legally enforceable obligation.

Delegator is the employee who has authority to act on behalf of the Company who transfers ("delegates") his/her authority to another employee ("Delegate").

Delegate is the employee who is officially transferred the authority to act on behalf of the delegator.

3.0 Policy

Table 1 shows the delegations of authority as approved by the Members of the Company. Each individual or group of individuals has been granted this authority, and level of authority, based upon their responsibilities within the Company.

In exercising a delegated authority, a delegate must observe the following:

1. A delegate must exercise their authority subject to and in accordance with the law, the Company's Code of Conduct and Company's policies and procedures.
2. A delegate must not exercise their delegated power and authority if in doing so they would create an actual, perceived or potential conflict of interest.
3. Authority limits apply to the complete transaction and are exclusive of tax. The splitting of transactions to allow a lower financial limit to be used is prohibited. Approval must always be sought

Delegation of Authority

Prepared by	Approved by	Effective Date	Revision Level
Kirt Ervin	Rory Sudbeck	Jan 10, 2023	Version 1

or the final value of the total expenditure. If final expenditure exceeds or may exceed a delegate's authority limits; approval at a higher authority level must be obtained.

4. Delegations (and limits of authority) in this Policy prevail in the event of any inconsistency with delegations (and limits of authority) in other Company policies, except for the credit card policy, which may be modified from time to time.

Unless an appropriate delegation of power or authority exists, no person has any individual authority to commit Company to obligations including making any representations or agreements with suppliers, customers, employees or other parties or organizations. Individuals exercising authority outside of those granted shall be disciplined, up and including termination.

Delegations may be revoked or suspended, at any time, if deemed by the COO or Controller that Company policies or proper controls have not been exercised by the employee.

4.0 Delegation

When an individual cannot reasonably exercise their ability to sign or otherwise enter into agreements, that individual may delegate their authority "Delegator", granted under this policy, to another individual, "Delegate" for a particular purpose.

The Delegator shall communicate this delegation through written communication to the Delegate their limited rights to execute an agreement or sign a document. The communication shall make clear what actions the Delegator has taken and which actions that Delegate has the authority to take. In most cases, the Delegator shall have read and reviewed the materials in detail and delegate only the authority to sign the document for efficiency of business operations. In no cases shall the Delegator provide a blanket delegation to any other employee. Blanket delegations shall only be made through changes to this policy and Table 1, except for the credit card policy as addressed below.

The COO and/or Controller may issue additional blanket delegations to employees not listed in Table 1 through the issuance of a company credit card issued in the employees' name under the provisions of the company's credit card policy. In these cases, no additional delegations shall be conferred to the employee beyond travel and expense delegation and limits must be consistent with other employees nearest to their job duties.

4.0 Periodic Review

This policy shall be reviewed, at a minimum, every two (2) years by the COO and Controller, and proposed changes presented to the Leadership Team for comments.

Viking Industrial Painting (V.I.P.) was established in 2001 in Northern Iowa as an industrial tank painting company, specializing in the Water Tower Industry. For more than 20 years Viking has actively collaborated with tank owners, engineers, and third-party inspectors to renovate and protect their steel tanks. Viking has also worked with tank maintenance providers and new fabricators completing the field painting of the new tank construction process.

Viking Industrial Painting has been successful due to our unwavering attention to detail and our motto "Do the right thing, always." Because of this motto and our desire to take care of both our customers and our team members, Viking Industrial Painting has maintained a great reputation as a premier tank painting company.

Headquartered in La Vista, Nebraska with service representatives in Nebraska, Iowa, Illinois, Missouri, Kansas, Arkansas, Oklahoma, and Texas, we continue to grow our company through those same values. We offer not only quality tank painting and repair but also short-term and long-term maintenance plans for all styles of water tanks. With a consultative approach, we work to develop a plan that proactively protects your tank and allows for financial planning and fixed expenses to ease annual budgeting.

Viking Industrial Painting has invested in our team on both the Sales and Operational sides of our company to ensure our customers are taken care of from initial consultation to the completion of your project. We offer NACE Level 3 certified coatings inspection and work closely with AWWA to stay current with the ever-changing water industry. We sit on several of the National AWWA Tank Standard committees to help educate tank owners on best practices for maintaining and operating their steel water tanks. Viking Industrial Painting has many years of Tank and Painting experience to help plan and execute your tank maintenance project.

Key Personnel

Rory Sudbeck – Owner/President

Rory's immersion in the industrial painting industry began in his upbringing, working alongside his father who owned a painting business. After attending Bellevue University, he co-owned a firm representing Tnemec Coatings across Nebraska, Iowa, and South Dakota for over 12 years. During this time, Rory collaborated closely with engineers and contractors, ensuring precise coating applications. With a wealth of experience, he then moved on to specialize in the water tank industry with Viking Industrial Painting.

John Snodgrass – Vice President

John began his work in tank maintenance in 2002, progressing from a local Sales Representative to various roles in Sales Management. John holds his NACE Level 3 Coatings Inspector certification and works with AWWA on a national level for both the D101 Tank Inspection Standard and the M42 Reference Guide. He has provided training on a national level and with many state AWWA and Rural Water Associations, educating on the importance of Tank Maintenance and Water Quality.

Prior to his involvement in the Water Tank Industry, John attended Pittsburg State University and served in the United States Marines Corp.

Kirt Ervin - PE, Chief Operating Officer

Kirt is a seasoned leader with nearly 30 years in the water industry, with 20 of those years spent in various roles for the largest tank maintenance company in the country. In his most recent engagement as Region Vice President for Inframark, he oversaw the Contract Operations of large and small communities throughout the Midwest.

Throughout his career, Kirt has been a proven innovator, helping communities solve challenging water issues and introducing new technologies to the US market, including ice pigging and in-tank Trihalomethane Removal Systems.

Educationally, Kirt holds an engineering degree from Washington University in St. Louis, MO, and an MBA from Southern Illinois University-Edwardsville. He is a licensed Civil Engineer in over a dozen states and holds a NACE Level 3 Certified Coatings Inspector certification.

Serena Stach - Controller

Serena embarked on her construction career with the Kiewit Corporation in 2001, specializing in contract compliance with subcontractors, bonding agents, and insurers. With her mastery in contract execution, she evolved into a business manager overseeing transaction accounting and operational reporting for major projects, including TD Ameritrade Ballpark and various initiatives at Nebraska Medicine. Serena ultimately assumed the role of Area Business Controller for the largest region in Kiewit's vertical building segment.

Following a brief hiatus from the industry, Serena returned to her career roots, joining Viking. Her primary objective is to enhance efficiency at Viking while delivering top-quality products to both internal and external clients.

Mike Maryott - Director of Operations

Mike has been involved in the construction industry for more than a decade. Having previously concentrated on sports and stadium projects globally, he brings valuable operations experience to the team. In his current role, Mike seamlessly integrated this knowledge into the realm of water tanks. He is tasked with overseeing all project managers and project delivery functions for Viking.

Dominic Pedersen - Director of Estimation

After completing the construction program at Southeast Community College in 2013, Dominic embarked on a career in the construction field, dedicating two and a half years to diverse residential projects. In 2015, he transitioned into the role of estimator for a prominent commercial painting company in Lincoln, Nebraska.

During his tenure, Dominic not only honed his skills in estimating but also played a pivotal role in enhancing the company's efficiency. His contributions included implementing advanced bidding software and streamlining the estimating process for improved accuracy and effectiveness.

Dominic's comprehensive background in estimating and the painting industry positions him as a knowledgeable and valuable Lead Estimator in his current role.

Brandon VanderMey - Director of Sales

Brandon began his career with the Sherwin-Williams Paint Company upon graduating from St. Cloud State University in central Minnesota. Over 17 years, he navigated various roles including Store Manager, Professional Coating Sales Representative, and Protective and Marine Coatings Sales Representative. In 2016, Brandon transitioned his focus to the water tank maintenance industry, working primarily with municipalities and rural water districts in the upper Midwest.

Armed with a NACE Level 2 Coatings Inspector certification, he passionately consults with both current and prospective customers, ensuring their tank remains safe, sanitary, and maintained to maximize their overall service life.

Project Management

Jim Caldwell - Project Manager

With more than 20 years of experience as a project manager, Jim brings a wealth of expertise to the table. He holds certifications as a NACE-Certified Coating Inspector Level 3 and SSPC-Lead Paint Removal (C3), highlighting his commitment to excellence in the field.

Jim's understanding of project management, coupled with strong problem-solving capabilities and exceptional communication skills, makes him an asset to the Viking team. His dedication and skills contribute significantly to the success and efficiency of projects undertaken by Viking.

Andrew "AJ" Lenzie - Project Manager

AJ brings a wealth of project management experience to the Viking team, with over 6 years of tenure as Maintenance Manager and Service Manager. He holds certifications as a NACE-Certified Coating Inspector Level 3 and SSPC-Lead Paint Removal (C3).

His robust understanding of project management, complemented by his strong problem-solving capabilities and exceptional communication skills, positions him as a valuable asset to our team and the customers he serves.

Eric Correa - Project Manager

Bringing extensive experience in the industry to the team, Eric excels in managing complex industrial painting projects. Bilingual, with an acute eye for detail and a disciplined approach, he ensures thorough communication and coordination on all projects.

Equipped with OSHA 30-hour and OSHA 10-hour training certifications, Eric Correa combines practical experience with a strong educational foundation.

Donnie Bullins - Field Superintendent

Donnie entered the industrial painting sector in 1986 in Minnesota, where he spent a decade honing his skills in blasting and painting for a contractor. In 1996, he ventured into entrepreneurship, establishing his own successful tank painting business, which he operated for five years.

In 2001, Donnie joined Viking Industrial Painting, contributing his wealth of experience to the newly formed team. With over 35 years in the industry, Donnie now holds the role of Field Superintendent, overseeing and ensuring the excellence of projects at Viking through his extensive knowledge and hands-on expertise.

Scott Jones - Equipment Manager

Scott has been in the tank and industrial coating industry for many years and is our dedicated Equipment Manager. He is recognized as one of the nation's leading experts in running and blasting with the Fatser-Blaster, a self-contained piece of blasting equipment known for its environmental benefits and increased productivity. Scott ensures the success of projects and maintains a safe, efficient working environment for our team, bringing valuable expertise to enhance the overall quality and productivity of our operations.

Safety Personnel

Kim Caldwell - Director of Safety & Compliance

With over 20 years of experience designing, implementing, and maintaining site safety programs, Kim is integral to our dedication to safety. Kim takes a hands-on approach, providing weekly safety training for our dedicated crews and project managers. Additionally, she conducts monthly training sessions for our entire staff.

Kim's expertise extends to areas such as the OSHA Voluntary Protection Program, Solid and Hazardous Waste Management, and conducting industrial and/or office ergonomics assessments. Kim's leadership reinforces our commitment to maintaining the highest safety standards across all aspects of our operations.

Jeff Gilbery - Inspector

With a career in the tank industry since 2004, Jeff has accumulated many years of experience, spending 11 years as a maintenance foreman and the rest as a paint foreman and field superintendent. Currently, he ensures the safety and efficiency of our crews on-site, overseeing equipment needs. Jeff plays a vital role in keeping the company compliant with environmental health and safety regulations, monitoring, and communicating changes to management. Additionally, he conducts both safety and QA/QC inspections, contributing to the overall quality and safety of our projects.

ENR 2023 Top 600 Specialty Contractors

In comments about the market's most pressing challenges, Top 600 Specialty Contractors are widely optimistic that the worst of pandemic-induced delays are done—buttressed by another year of double-digit revenue growth for listed firms. But the market still suffers from major challenges as firms look to cultivate limited labor resources and manage rising project costs.

The table below shows the rankings for our Top 20 Firms in Painting.
