

A white truck is shown from a side-rear perspective. The truck's cargo area is cut away to reveal a mobile CT scanner. The scanner is white with blue accents and has 'Canon' and 'Aquilion' branding. A patient table is extended from the scanner. To the right of the scanner, a control room is visible through a glass partition, featuring a desk with a computer monitor and keyboard, and overhead cabinets. The truck has multiple axles and large wheels.

Canon

Mobile CT Solution

Clinical Confidence Anywhere

Harness the power of the Aquilion Prime SP and Aquilion Lightning CT systems wherever and whenever you need them.

Advanced clinical capabilities

Each CT system features smart technologies that enable routine screening as well as detailed scans for oncology, musculoskeletal, cardiovascular, pulmonary, and neurological patients.

The first ever mobile AI-assisted CT

Obtain high-quality images without ever compromising on speed or dose with our new Advanced intelligent Clear-IQ Engine (AiCE)*.

*Available with Aquilion Prime SP

Ease and efficiency built in

A compact footprint, low power requirements, and easy installation make the Aquilion Prime SP (15.4 m²) and Aquilion Lightning (14.1 m²) systems ideal for the mobile environment.
