St Mary Parish School Board
St Mary Parish School Board
474 Hwy 317 Centerville, Louisiana 70522
Attention: Brad Wiese

Quotation: TL11584727P
RFP#: 96731967
License/Cert

Reference: RFP 96731967 Walk Through Metal Detectors

On behalf of Convergint's global network of colleagues, I would like to personally thank you for providing Convergint with the opportunity to present this proposal addressing your electronic security needs. We are confident that this proven solution is both comprehensive and customized to meet your needs today, and in the future.

Convergint's reputation for service excellence is backed by a foundational commitment to our core value of service, and we have been recognized as the #1 Systems Integrator by SDM Magazine. This recognition reflects the strong relationships Convergint has developed with the industry's top technology manufacturers, and our history of success with providing exceptional service to our customers.

Our guiding principle has always been to be our customers' best service provider. Our dedicated and certified team of professionals strives to uphold our customer-focused, service-based mission to make a daily difference for our customers. After achieving a successful on-time and on-budget project installation, Convergint will provide you with the industry's best ongoing service, including our 24/7 customer portal iCare, designed to track service work orders, project progress, and provide you with detailed metric reporting for continuous improvement.

The following security proposal is specifically designed to meet your needs. As your single point of contact, please feel free to contact me with any additional questions you may have. Thank you again for trusting Convergint as your partner.

**SPECIFICATIONS AND BID FORMS FOR WALK – THROUGH METAL
DETECTORS WITH CASTER BASE**

Sealed bids will be received until 10:00 a.m., [Monday, July 31, 2023](#), at The St. Mary Parish School Board Maintenance Office at 474 Hwy 317 Centerville La. 70522 for (13) Thirteen Walk – Through Metal Detectors with caster bases. All bids shall be submitted in a sealed envelope clearly marked “Sealed Bid for Walk – Through Metal Detectors.”

Contact person: Brad Wiese, Supervisor of Maintenance
337-836-9605

Type of contract: ONE TIME PURCHASE

Bid deposit required: NONE

Performance Security Requirement: NONE

Sample/ Proofs requirement: IF REQUESTED

Description literature/Technical Data Requirement: TO BE SUBMITTED WITH BID

The manufacture cited in this specification is used to establish minimum acceptable standards. Acceptable equivalents will be determined by the Supervisor of Maintenance, whose decision is final.

The St. Mary Parish School Board reserves the right to reject any and all bids if in the best interest of the School System.

Bid prices shall be FOB to the location listed in Bid Specifications. Bid prices will include installation and operation overview with school staff.

Bidder shall attach warranty information to this bid. The vehicle warranty will be a factor in the awarding of this bid. Optional extended warranty information may be submitted also.

Quantities listed on the bid form will be ordered immediately upon School Board approval.

Bids must specify manufacture and model number of equipment being proposed.

Estimated delivery date will be a determining factor.

Bids are being requested on the following:

(13) Thirteen Walk – Through Metal Detectors with caster base as specified below. The manufacture cited in this specification is to establish minimum acceptable standards. We will accept name brand and equivalent or better.

The Garrett PD 6500 *I* walk-through metal detector part number 1168414 with caster base part number 1169101

Specifications:

PD 6500i

| | |
|----------------------------|---|
| Detection Zones | 33 zones (left, right and center); visual and audible alarms with a built-in dry contact alarm relay |
| Multi-Unit Synchronization | Synchronization with wired AC power lines or with manual frequency selection for wireless operation |
| Visual Display | LED one indicator lights on both panels. Pace lights on entry side only, with intuitive images. |
| Access Control | Eight-button keypad with numerical codes. Keypad lock to control access and to enable/disable the keypad. |
| Passageway Interior Size | Width 30" (0.76 m) Height 80" (2.03 m) Depth 23" (0.58 m) |
| Overall Exterior Size | Width 35" (0.90 m) Height 87" (2.21 m) Depth 23" (0.58 m) |
| Shipping Size | Width 35.5" (0.90 m) Height 91.5" (2.32 m) Depth 6.25" (.16 m) |
| Shipping Weight | 165 lbs. (74 kg) |
| Operating Temperatures | -4° F (-20° C) to +149° F (65° C); Humidity to 95% non-condensing. |
| Power | Fully automatic 100 to 240 VAC, 50 or 60 Hertz, 45 watts; no rewiring, switching or adjustments needed. |

PD 6500i

| | |
|---------------------------|---|
| Regulatory Information | Meets international airport standards such as TSA, ECAC, STAC, AENA, CJIAC, DFT. Meets additional standards and requirements such as USMS, NIJ-0601.02, NILECJ. Meets Electrical Safety and Compatibility Requirements for CE, FCC, CSA, IEC, ICNIRP, IEEE. |
| Weatherproofing | Meets IP 55, IP 65, IEC 529 Standard for moisture, foreign matter protection |
| Construction | Attractive scratch and mar-resistant laminate. Detection Heads and Support: heavy duty aluminum. |
| Control Outputs | Solid state switches (low voltage AC or DC) for operating external alarms and control devices. |
| (optional) Remote Control | Desktop Remote Control with Zone Indication; personal computer with wired or wireless iC Module; or IR remote |
| (optional) Networking | Manage individual or groups of walkthroughs and perform statistical analysis of throughput with wired or wireless iC Module and client software. |
| Warranty | 36 months, limited parts and labor |

CASTER BASE

Garrett Part number 1169101 - Set includes: (2) Rigid Casters, (2) Swivel Locking Casters

BID FORMS FOR WALK – THROUGH METAL DETECTORS

Bid prices shall be FOB to the location listed below. Bid prices will include installation and operational training and overview with school staff. A total of (13) eighteen Walk – Through Metal Detectors with caster base will be placed at the various locations listed below. Estimated delivery date to be given.

Clarifications and Exclusion

1. All work proposed herein, shall be performed during normal business hours Monday through Friday 8:00 am - 5:00 pm.
2. Low voltage wiring shall be installed via open air code approved methods.
3. Provision or installation of conduit, wire, boxes, fittings or other electrical installation materials unless specifically listed under Inclusions or Bill of Materials.
4. Permits or associated fees are not included.
5. Customer to provide static IP addresses and network connections at panel locations.
6. Customer to provide a secured staging & storage area for project related materials.
7. Pricing assumes that electronic Auto CAD files are available from customer for our use in creating submittal drawings.
8. Fifty percent (50%) of the proposed sell price shall be payable to Convergent for project mobilization. Mobilization shall be invoiced and due upon customer acceptance of this proposal.
9. Proposal does not include sales tax unless otherwise noted.
10. Anything in the Contract Documents notwithstanding, in no event shall either Contractor or Subcontractor be liable for special, indirect, incidental or consequential damages, including commercial loss, loss of use, or lost profits, even if either party has been advised of the possibility of such damages.
11. Convergent reserves the right to negotiate mutually acceptable contract terms and conditions with customer by making mutually agreeable changes to the formal contract included in the Bid Documents.
12. Customer acknowledges that supply-chain and shipping difficulties may result in unavoidable delays in deliveries of materials despite timely placement of orders and efforts by Convergent and its suppliers to avoid such delays. Customer agrees to provide Convergent with reasonable extensions of time to the extent of any such delays and Convergent agrees to make reasonable efforts to avoid or minimize such delays. Customer further acknowledges that the above-referenced supply-chain and shipping difficulties may result in unanticipated increases to Convergent's proposal pricing on products covered by this quote or any resulting agreement and that such increases may occur between the time this quote is provided, or any resulting contract is executed and the time when Convergent actually purchases the products covered by this quote or a resulting agreement. Customer agrees that it will pay any such increase in Convergent's initial pricing of obtaining the products above the proposal pricing upon which the quote or agreement was based, by change order or otherwise, and Convergent agrees that it shall make commercially reasonable efforts to minimize any such increase.

REVIEW IMPORTANT PRODUCT SAFETY AND SERVICE INFORMATION PRIOR TO USING A CONVERGENT-INSTALLED SOLUTION: See the "IMPORTANT PRODUCT SAFETY AND SERVICE INFORMATION" documentation, available at convergent.com/terms.

Performance Items

| Items Included | |
|--|---|
| Items Excluded | |
| 120 VAC Power and Fused Disconnect Switch | 120 VAC Power Receptacles |
| Additional Lighting Requirements for Cameras | Applicable Taxes |
| Attend General Contractor Project Meetings | Attend Owner Project Meetings |
| Authority having Jurisdiction permit drawing (requires customer CAD) | Cable |
| Ceiling Tiles and Ceiling Grid Repairs | Connection to Building Fire Alarm Panel |
| Correction of Wiring Faults Caused by Others | Door wiring typical connections |
| Electrical Installation Permit | Electrified Door Locking Hardware |
| Engineering and Drawings | Equipment rack layout drawing |
| FA Permit and Plan Review Fees | Fire Stopping (Excludes Existing Penetrations) |
| Fire Watch | Floor Coverings for Lifts |
| Floor plan with device placement and numbering (requires customer CAD) | Freight (prepaid) |
| Horizontal Core Drilling | Installation of Bridle Rings |
| Installation of CCTV Cameras | Installation of Conduit, Boxes and Fittings |
| Installation of Control Equipment Enclosures | Installation of Control Panels |
| Installation of Intercom Systems | Installation of Intrusion Panels |
| Installation of Low Voltage Wire | Installation of Network Cabling to Card Readers |
| Installation of Network Cabling to IP Cameras | Installation of Network Cabling to IP Intercoms |
| Installation of Specialty Backboxes | Installation of Terminal Cabinets |
| Installation of Video Recorders (DVR/NVR) | Installation of Wire and Cable |
| Installation of Wire Hangars | Lifts |
| Loading Software on Customer Provided Computer | Low Voltage Permits |
| Material (listed in the BOM) | Mounting/Termination of Proposed Devices |
| One-Year Warranty on Labor | One-Year Warranty on Parts |
| On-Site Lockable Storage Facility | Operations & Maintenance Manuals |
| Owner to Provide DHCP Lease Reservations for Network Connected Devices | Owner to Provide Static IP Addresses |
| Owner Training | Panel Wall Elevation drawing (may require customer CAD) |
| Panel wiring with point to point connections | Patch and Paint |
| Payment & Performance Bonds | Project Management |
| Record Documentation (As-Built) | Riser drawing with home run wiring |
| Servers by Convergent | Servers by Others |
| Specialty Backboxes | Submittal Drawings |
| System Engineering | System is Design-Build |
| System Meets Plans/Drawings | System Programming |
| Terminal Cabinets | Termination of Control Equipment Enclosures |
| Testing of all Proposed Devices | Vertical Core Drilling |
| Wire | Workstations by Convergent |
| Workstations by Others | |

Total Project Investment:

\$ 116,459.26

Thank you for considering Convergent for your Security needs. If you have any questions or would like additional information, please don't hesitate to contact me immediately. If you would like to proceed with the scope of work as outlined in this proposal, please sign below and return to my attention.

Sincerely,

Convergent
Tejuan Leland

Throughout this Installation Proposal, the term, "Convergent" refers to the Convergent Technologies affiliate operating in the state/province in which the Work is being performed.

SECTION 1. THE WORK

This Installation Proposal takes precedence over and supersedes any and all prior proposals, correspondence, and oral agreements or representations relating to the work set forth in the attached scope of work, including without limitation, goods, services, equipment and software, ("Work"). This Installation Proposal commences on the Start Date as specified in the attached scope of work and, subject to any addendums, represents the entire agreement between Convergent and Customer (the "Agreement"). In the event any provision of this Agreement is held to be invalid or unenforceable, the remaining provisions of this Agreement shall remain in full force.

Convergent agrees in accordance with the mutually agreed project schedule:

- To submit shop drawings, product data, samples and similar submittals if required in performing the Work;
- To pay for all labor, materials, equipment, tools, supervision, programming, testing, startup and documentation required to perform the Work in accordance with the Agreement;
- Secure and pay for permits and governmental fees, licenses, and inspections necessary for proper execution and completion of the Work, unless local regulations provide otherwise; and
- Hire subcontractors and order material to perform part of the Work, if necessary, while remaining responsible for the completion of the Work.

Customer agrees in accordance with the mutually agreed project schedule, and at no cost to Convergent:

- To promptly approve submittals provided by Convergent;
- To provide access to all areas of the facility which are necessary to complete the Work;
- To supply suitable electrical service as required by Convergent; and
- That in the event of any emergency or systems failure, reasonable safety precautions will be taken by Customer to protect life and property during the period from when Convergent is first notified of the emergency or failure and until such time that Convergent notifies the Customer that the systems are operational or that the emergency has cleared.

No monitoring services or software capable of obtaining what may be characterized as biometric information are included in the Work. Any such services shall be governed by a separate agreement.

Title to the Work, including any materials comprising the Work, shall pass to Customer as the Work is completed and the materials are incorporated into the Work at Customer's site subject to any license agreements. If materials are earlier stored on Customer's site pursuant to agreement between Customer and Convergent, title with respect to such materials shall pass to Customer upon delivery to Customer site.

SECTION 2. PRICING

Pricing and amounts proposed shall remain valid for 30 days unless otherwise specified. Price includes only the material listed based on Convergent's interpretation of plans and specifications unless noted otherwise. Additional equipment, unless negotiated prior to order placement, will be billed accordingly. Sales taxes, (and in Canada GST/PST) and any other taxes assessed on Customer shall be added to the price upon invoice to Customer.

SECTION 3. INVOICE REMITTANCE AND PAYMENT

Customer agrees to pay Convergent fifty (50%) percent of the total price as a mobilization fee at the time of executing this Agreement.

If the Work is performed over more than one month, Convergent will invoice Customer each month for the Work performed during the previous month. Customer agrees to pay the amount due to Convergent as invoiced, within thirty (30) days of the date of such invoice. If the Work is completed in less than one month, Customer agrees to pay Convergent in full after the Work has been completed within thirty (30) days of the date of invoice. Invoices shall not be subject to a project retention percentage and payment to Convergent shall not be conditioned on payment by an upstream party. If Customer is overdue in any payment, Convergent shall be entitled to suspend the Work until paid, and charge Customer an interest rate 1 and 1/2% percent per month, (or the maximum rate permitted by law, whichever is less), and may avail itself of any other legal or equitable remedy. Customer shall reimburse Convergent costs incurred in collecting any amounts that become overdue, including attorney fees, court costs and any other reasonable expenditure.

SECTION 4. WARRANTY

For the period of one (1) year, commencing at the earlier of substantial completion of the Work or first beneficial use, ("Warranty Period"), the:

- Work performed under this Agreement will be of good quality;
- Equipment will be new unless otherwise required or permitted by this Agreement;
- Work will be free from defects not inherent in the quality required or permitted; and
- Work will conform to the requirements of this Agreement.

This warranty excludes remedy for damage or defect caused by abuse, theft, neglect, modifications not executed by Convergent, improper or insufficient maintenance, improper use or operation; fire, explosion, water exposure, corrosion, rust, adverse environmental conditions or resulting from accidents, or any other Acts of God; fluctuations in the building power supply, failure to provide a power supply, or operating an environment that does not conform to the manufacturer's specifications; repair, service, adjustment, tampering or modification of the equipment by anyone other than Convergent service personnel; negligence or acts or omissions of Customer or any third party (excluding a Convergent service personnel); or normal wear and tear under normal usage. The Customer's sole and exclusive remedy for any breach of this warranty is that Convergent shall remove, replace and/or repair at its own discretion and expense any defective or improper Work discovered within the Warranty Period, provided Convergent is notified in writing of any defect within the Warranty Period.

Any software, equipment or products included in the Work and installed by Convergent shall only carry such warranty as is provided by the manufacturer thereof, which Convergent hereby assigns to Customer without recourse to Convergent or which is exclusively granted to customer in the software documentation. Upon request of Customer, Convergent will use commercially reasonable efforts to assist Customer in enforcing any such third-party warranties. EXCEPT FOR THE EXPRESS WARRANTIES PROVIDED IN THIS SECTION 4, THE WORK IS PROVIDED BY CONVERGENT WITHOUT FURTHER WARRANTIES, REPRESENTATIONS OR GUARANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY, NONINFRINGEMENT, OR FITNESS FOR A PARTICULAR PURPOSE.

SECTION 5. CHANGES

Without invalidating this Agreement or any bond given hereunder, Customer or Convergent may request changes in the Work. Any changes to the Agreement shall be in writing signed by both Customer and Convergent. If Customer orders any additional Work or causes any material interference with Convergent's performance of the Work, Convergent shall be entitled to an equitable adjustment in the time for performance and in the Agreement Price, including a reasonable allowance for overhead and profit.

SECTION 6. FORCE MAJEURE

Neither Customer nor Convergent shall be responsible or liable for or be deemed in breach of this Agreement because of any delay or failure in the performance of their respective obligations pursuant to this Agreement due to circumstances beyond their reasonable control ("Force Majeure") and without the fault or negligence of the party experiencing such delay. A Force Majeure event shall include, but not be limited to: acts of God, pandemic or epidemic, diseases, quarantines, unavoidable casualties, concealed conditions, acts of any civil or military authority; riot, insurrections, and civil disturbances; war, invasion, act of foreign enemies, hostilities (regardless of whether or not war is declared), rebellion, revolution, terrorist activities; strikes, lockouts or other labor disputes; embargoes; shortage or unavailability of labor, supplies, materials, equipment or systems; accident, fire, storm, water, flooding, negligence of others, vandalism, power failure, installation of incompatible equipment, improper operating procedures, source current fluctuations or lighting, transportation contingencies; laws, statutes, regulations, and other legal requirements, orders or judgements; acts or order of any government or agency or official thereof, other catastrophes or any other similar occurrences. If performance by either party is delayed due to Force Majeure, the time for performance shall be extended for a period of time reasonably necessary to overcome the effect of the delay. Any services required by Convergent due to reasons set forth in this Force Majeure Section shall be charged to Customer in addition to any amounts due under this Agreement.

SECTION 7. INSURANCE

Convergent shall maintain the following insurance coverages during the term of this Agreement and upon request, shall provide certificates of insurance to the Customer:

| | |
|------------------------------|--------------------------------------|
| Worker's Compensation | Statutory Limits |
| Employer's Liability | \$1,000,000 per occurrence/aggregate |
| Commercial General Liability | \$1,000,000 per occurrence |
| | \$2,000,000 general aggregate |
| Automobile Liability | \$1,000,000 per occurrence/aggregate |
| Excess/Umbrella Liability | \$5,000,000 per occurrence/aggregate |

Convergent's insurance is limited to the coverages listed above and Convergent will not provide Builder's Risk Insurance. Commercial General Liability policy shall name the Customer as "additional insured" on a primary/noncontributory basis with respect to liability arising out of work performed by Convergent, as applicable, but only to the extent of liabilities falling within the indemnity obligations of Convergent pursuant to the terms of this Agreement. Convergent shall provide to the Customer no less than thirty (30) days' notice prior to the termination or cancellation of any such insurance policy.

SECTION 8. INDEMNIFICATION

To the fullest extent allowed by law, Convergent shall indemnify and hold Customer harmless from and against claims, damages, losses, and expenses (excluding loss of use) attributable to bodily injury, sickness, disease or death, or to destruction of tangible property, but only to the extent caused by the negligent acts or omissions of Convergent or Convergent's employees or subcontractors while on Customer's site.

It is understood and agreed by the parties that Convergent is or may be providing intrusion products which are designed to provide notification of certain events but are not intended to be guarantees or insurers against any acts for which they are supposed to monitor or inform. Convergent's indemnification obligation pursuant to Section 8 herein, does not apply to the extent the loss indemnified against is caused by any intrusion product or software provided by but not manufactured by Convergent. Convergent shall have no liability to Customer for any losses to the extent such losses are caused by the intrusion product or software. Customer shall indemnify, defend, and hold harmless Convergent, from and against all claims, lawsuits, damages, losses and expenses by persons not a party to this Agreement, but only to the extent caused by such intrusion product or software provided by but not manufactured by Convergent.

SECTION 9. LIMITATION OF LIABILITY

TO THE FULLEST EXTENT ALLOWED BY LAW: (A) IN NO EVENT SHALL EITHER CONVERGENT OR CUSTOMER BE LIABLE TO THE OTHER PARTY HERETO FOR SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE, LIQUIDATED OR CONSEQUENTIAL DAMAGES, INCLUDING COMMERCIAL LOSS, LOSS OF USE OR LOST PROFITS, EVEN IF THAT PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND (B) IN NO EVENT WILL CONVERGENT BE LIABLE TO CUSTOMER FOR ANY AMOUNTS IN EXCESS OF THE AMOUNTS PAID BY CUSTOMER TO CONVERGENT UNDER THIS AGREEMENT. THE LIMITATION SET FORTH IN THIS SECTION SHALL APPLY WHETHER THE CLAIM IS BASED ON CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE) OR OTHER LEGAL THEORY.

SECTION 10. COMPLIANCE WITH LAW, SAFETY, & HAZARDOUS MATERIALS

Convergent will comply with all laws and regulations applicable to its provision of the Work. Customer will comply with all applicable laws and agreements applicable to its use and operation of the Work. Convergent shall comply with all safety related laws and regulations and with the safety program of the Customer, provided such program is supplied to Convergent prior to beginning Work.

If Convergent discovers or suspects the presence of hazardous materials, or unsafe working conditions at Customer's facility where the Work is to be performed, Convergent is entitled to stop the Work at that facility if such hazardous materials, or unsafe working conditions were not provided by or caused by Convergent. Convergent in its sole discretion shall determine when it is "safe" to return to perform the Work at Customer's facility. Convergent shall have no responsibility for the discovery, presence, handling, removing or disposal of or exposure of persons to hazardous materials in any form at the Customer's facility. To the fullest extent allowed by law, Customer shall indemnify and hold harmless Convergent from and against claims, damages, losses and expenses, including but not limited to, reasonable attorney's fees, arising out of or resulting from undisclosed hazardous materials, or unsafe working conditions at Customer's facility.

SECTION 11. PERSONAL DATA

This Agreement does not authorize Convergent to access, collect, store or process any biometric information although the equipment or products included in the Work (including embedded software) installed by Convergent are capable of collecting biometric information. Customer agrees and will comply with any and all applicable local, state or federal laws, ordinances, rules or regulations (collectively, "Laws") with respect to collecting biometric information using the equipment or products provided under this Agreement. Notwithstanding the foregoing, to the extent Customer uses the Work to collect biometric information or provides Convergent with access to biometric information, Customer acknowledges that Laws may limit Customer's rights and impose obligations with respect to use of software capable of collecting biometric information, including any hardware or other software and services associated with the biometric information, and agrees that Customer is solely responsible to ensure its own compliance with such Laws. To the fullest extent allowed by law, Customer will defend, indemnify and hold Convergent harmless from and against any and all claims, suits, actions, legal proceedings, liabilities, damages, fines, fees, penalties, costs and expenses arising out of or relating to Customer's use or collection of biometric information.

SECTION 12. PRICE ADJUSTMENT

Convergent may automatically adjust the price, with five (5) days prior written notice, if based on: (a) changes by its vendors to the cost of equipment and/or products to be delivered and/or labor costs related to personnel responsible for performing the Work, (b) macroeconomic conditions, such as taxes, tariffs or duties, natural disasters, labor shortages/strikes, etc., (c) applicable market trends, or (d) other events not within Convergent's control that impact the cost of performing the Work. The variation in the cost of the equipment, products and/or labor shall be consistent with applicable market indexes, where available, third-party sources or other evidence. Convergent reserves the right to add periodic surcharges to this order, including without limitation, adjustments for the then current price of fuel, such surcharges to be specified and invoiced by Convergent.

SECTION 13. DISPUTES

In the event of any dispute between Convergent and Customer, Convergent and Customer shall first attempt to resolve the dispute in the field, but if that is not successful, then in a meeting between authorized officers of each company. If settlement attempts are not successful, unless the dispute requires injunctive relief, then the dispute shall be decided exclusively by arbitration. Such arbitration shall be conducted in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association currently in effect by a single arbitrator and shall be a final binding resolution of the issues presented between the parties. The prevailing party shall be entitled to recover its reasonable attorneys' fees and costs. Any award by the arbitrator may be entered as a judgment in any court having jurisdiction.

SECTION 14. MISCELLANEOUS

This Agreement shall be governed and construed in accordance with the laws of the state/province in which the Work is being performed. Neither party to this Agreement shall assign this Agreement without the prior written consent of the other party hereto. Notwithstanding the foregoing, Convergent may assign this Agreement without notice or consent (i) to any of its parents, subsidiaries or affiliated companies or any entity majority owned by Convergent, or (ii) in connection with a merger, acquisition, reorganization, sale of all of the equity interests of Convergent, or a sale of all or substantially all of the assets of Convergent to which this Agreement relates.

Notices shall be in writing and addressed to the other party, in accordance with the names and addresses of the parties as shown above. All notices shall be effective upon receipt by the party to whom the notice was sent. In no event will Convergent be obligated to comply with any project labor agreements or other collective bargaining agreements.

A waiver of the terms hereunder by one party to the other party shall not be effective unless in writing and signed by a person with authority to commit the Customer and Convergent. No waiver by Customer or Convergent shall operate as a continuous waiver, unless the written waiver specifically states that it is a continuous waiver of the terms stated in that waiver. The Sections regarding invoicing, warranty, indemnity, and disputes shall survive the termination of this Agreement.

By signing this Agreement, the Customer acknowledges that it reviewed the Important Product Safety and Service Information at <https://www.convergent.com/terms/>

Garrett PD 6500i[®]

Enhanced Pinpoint Walk-Through Metal Detector

Made in the USA 

Multi-brand compatibility
Can be added to existing checkpoints without having to replace other brand units. Includes multiple channels and 2,300 selectable operating frequencies.

Optimum Performance
More than 20 standard program settings scientifically engineered to address the needs of airports, courthouses, prisons, schools, facilities, special events, mass transit, loss prevention, and other applications.

Quick Startup
on in less than 5 seconds

Quick Program Change
Change programs on the fly without waiting for system to update

Pacing lights
Universal "wait" and "proceed" symbols at the detector entrance for traffic controls.

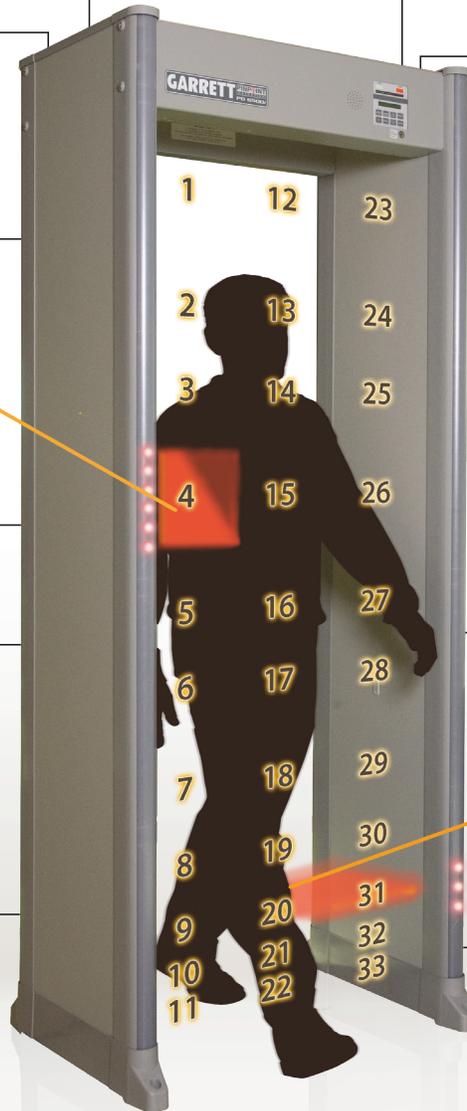

IoT Control Module (optional)
An Internet of Things Control Module that enables the transfer of data automatically from the walkthrough to a laptop or desktop computer through the network either wired or wirelessly. The iC Module™ provides access to controls, visual alarms, and statistics from a remote location.

Directional counter
Four settings for counting patrons: forward only, reverse only, subtract in reverse, and bidirectional.

PD 6500i[™]
Walk-Through Metal Detector

ADA Compliant walkthrough available

★ **Advanced broadband technology**
Analyzes targets across a broad range of frequencies for greater accuracy. Provides superior ferrous and non-ferrous detection. Improved discrimination means fewer false alarms and higher throughput.

★ **More accurate pinpointing**
With more than four times the detection coils of competitive models, the PD 6500i provides uniform detection and precise pinpointing. Independent zone indicator lights on both side panels identify not only height but also left, center and right locations for one or more objects passing through the archway.

★ **Dual-sided detection**
This unique bilateral technology has transmitters and receivers in each side panel to allow scanning from both sides, resulting in uniform detection throughout the archway. It also provides superior noise cancellation resulting in easier setup (i.e. no need to rotate the unit to avoid interference from nearby equipment such as other metal detectors or x-ray machines).

Superior versatility
Menu based settings for feature selection such as alarm indication, count method, and language without the use of a computer. Field programmable to allow system upgrades. Multiple units can be installed as close as 2 inches.

International security standards
PD 6500i meets the world's highest test certifications, including the following international airports:

OPTIONAL accessory items for the PD 6500i can be seen at www.garrett.com.

Tamper-proof

All settings are secured with a key lock and two levels of access codes. Further security is accomplished with a cabinet lock that prevents unauthorized access to physical cables, connectors and electronics.

Easy assembly

The PD 6500i's modular design allows for a quick and simple assembly of its four (4) sub assemblies using only eight (8) screws and three (3) internal cable connections.

Digital Signal Processor (DSP) based technology

DSP provides greater sensitivity, noise immunity, discrimination, detection uniformity, and overall product reliability.

Regulatory Information: The PD 6500i meets U.S. and international regulatory requirements for electromagnetic safety. Extensive research has found no information that would indicate Garrett products have adverse effects on pregnancy, medical devices (such as pacemakers) or magnetic recording media. However, directives by physicians and medical device manufacturers regarding metal detectors should be followed.

Garrett PD 6500i™

Enhanced Pinpoint Walk-Through Metal Detector

Meets the world's highest test certifications

Garrett's *PD 6500i* is an industry leader with superior pinpoint technology and unmatched discrimination features. This detector has proven its effectiveness at moving high volumes of patrons through such events such as the Olympic Games, World Cup 2010 South Africa, and the Pan-American Games in Mexico.

The *PD 6500i* has also been trusted to safeguard international airports, hotels, government buildings, and correctional facilities. With its advanced networking and ability to pinpoint targets in 33 detection zones, the *PD 6500i* is the walk-through of choice for security professionals worldwide.

| | |
|---|---|
| Standard Programs | Over 20 application programs included |
| Sensitivity | Up to 200 distinct sensitivity levels |
| Optics | 2 Infrared |
| Zone Indications | 33 independent zones |
| Overhead Control Unit | All electronics—LCD, alarm light, LED bar graph, control touch pads—integrated to eliminate wire exposure. |
| Tamper-Proof Settings | Three access levels of security clearance |
| Self Diagnostic Program | Complete and automatic |
| Calibration | Automatic and manual calibration |
| Initialization Time | 1 second |
| Zone Sensitivity Boost | Adjustable in six areas |
| Maximum Pass-Through Speed | 15m/sec |
| Battery Pack (optional) | 10-hour (additional backup available upon request) |
| Warranty | 24 months, Limited Parts/Labor |
| Passageway Interior Size | Width 30" (0.76 m) Height 80" (2.03 m) Depth 23" (0.58 m) |
| Overall Exterior Size | Width 35" (0.90 m) Height 87" (2.21 m) Depth 23" (0.58 m) |
| Shipping Size | Width 35.5" (0.90 m) Height 91.5" (2.32 m) Depth 6.25" (.16 m) |
| Shipping Weight | 165 lbs. (74 kg) |
| Temperatures | Operating: -4° F (-20° C) to +149° F (65° C) Humidity to 95% non-condensing Storage: -40° F (-40° C) to 158° F (70° C) |
| Power | Fully automatic 100 to 240 VAC, 50 or 60 Hertz, 45 watts; no rewiring, switching or adjustments needed. |
| Regulatory Information | Meets international airport standards such as TSA, ECAC, STAC, AENA, CJIAC, DFT. Meets additional standards and requirements such as USMS, NIJ-0601.02, NILECJ. Meets Electrical Safety and Compatibility Requirements for CE, FCC, CSA, IEC, ICNIRP, IEEE. |
| Weatherproofing | Meets IP 55, IP 65, IEC 529 Standard for moisture, foreign matter protection |
| Construction | Attractive scratch and mar-resistant laminate. Detection Heads and Support: heavy duty aluminum. Immunity to electrical interference, ambient noise and mechanical vibrations. |
| Control Outputs | Solid state switches (low voltage AC or DC) for operating external alarms and control devices. |
| Remote Control (optional) | Desktop Remote Control with Zone Indication and/or via network with CMA Interface Module. |
| Networking (optional) | Manage individual or groups of walkthroughs and perform statistical analysis of throughput. |
| Alarm Indicators/ Random Alarm Feature | 33 zones, volume-adjustable audible tone, bright LED visual and remote alarms. Random alarm feature: adjustable from 0 to 50 percent. Alarm proportional with the mass of the detected object. 90 db alarm at a 1m distance. |

PD 6500i™ Walk-Through Metal Detector

| U.S.A. / International | Description |
|------------------------|--------------------------------|
| 1168414 / 1168424* | <i>PD 6500i</i> 30" IP 55 |
| 1168418 / 1168425* | <i>PD 6500i</i> 30" IP 65 |
| 1168416 / 1168426* | <i>PD 6500i</i> EZL† IP 55 |
| 1168432 / 1168427* | <i>PD 6500i</i> 32.5"*** IP 55 |

Other options available.

* Supplied with Euro plug.

† EZL—Standard 30" clearance with zone lights on both the entry and exit sides, allowing the operator to view the alarmed object from any position.

** 32" ADA-compliant passageway
